LIMITATION ON THE AMOUNT OF A BOND SALE IN ONE YEAR

Bill/Sponsor **HOUSE BILL 5265 As Introduced**, Rep. Clark E. Bisbee

House Committee Commerce

Analysis **Summary**

This bill would increase the amount of a bond sale that could occur in one year from 10% to 20% of the total authorized.

Fiscal Impact

The increase in issued bonds could result in an increase in the annual amount of debt service payable in subsequent years. The amount of debt service due in a given year would depend on the amount of the sale and the interest rate payable on sold bonds. There would be no fiscal impact on local governmental units.
