## COUNTY BOARDS OF COMMISSIONERS; DEFINE POWERS

---

**Bill/Sponsor**                      **HOUSE BILL 5333 As Introduced**, Rep. Dale Sheltrown

**House Committee**                Local Government and Urban Policy

**Analysis**                              **Summary**  
House Bill 5333 would amend the powers and duties currently bestowed on county boards of commissioners by stipulating that a member of a county board of commissioners may not be employed by any other board or committee unless otherwise permitted by law. If violated, both the person holding the appointment and the person responsible for providing the appointment shall be responsible for any enforcement costs, not to exceed \$100.

**Fiscal Impact**  
As written, HB5333 should have no significant state or local fiscal impact.

**Analyst(s)**  
Jim Stansell
