Complete to 5-13-03

A SUMMARY OF HOUSE BILL 4352 AS INTRODUCED 3-18-03

Part 821 of the Natural Resources and Environmental Protection Act (NREPA), which regulates the operation of snowmobiles, specifies that, with the exception of a model 25 years old or older, a snowmobile cannot be operated unless it has both a lighted headlight and a lighted taillight. House Bill 4352 would amend the act to add that the headlight could not be covered with a red or blue lens cap.
