- (a) Senate Bill No. 835.

Enacting section 1. The state of Michigan has engaged in activities on a regular basis and for a significant amount of time intended to promote the overall economic development of the state. The cost of funding these activities is recognized as a burden on this state that can be lessened through the establishment and registration of Michigan early stage venture investment corporations and Michigan early stage venture capital investment funds. By working cooperatively with this state, Michigan early stage venture investment corporations will benefit the general public, thus assisting this state in carrying out its essential functions, including the promotion of economic development in this state. If this legislation does not become law, the opportunity to help carry that burden will be lost to this state and a greater burden will remain on the government and the general public for future activities to promote economic development in this state.

This act is ordered to take immediate effect.
