ENROLLED HOUSE BILL No. 5087

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, intermediate school districts, and other public school entities; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, intermediate school districts, and other public school entities; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending section 1179 (MCL 380.1179), as added by 2000 PA 10.

The People of the State of Michigan enact:

Sec. 1179. (1) If the conditions prescribed in subsection (2) are met, notwithstanding any school or school district policy to the contrary, a pupil of a public school or nonpublic school may possess and use 1 or more of the following at school, on school-sponsored transportation, or at any activity, event, or program sponsored by or in which the pupil's school is participating:

(a) A metered dose inhaler or a dry powder inhaler to alleviate asthmatic symptoms or for use before exercise to prevent the onset of asthmatic symptoms.

(b) An epinephrine auto-injector or epinephrine inhaler to treat anaphylaxis.

(2) Subsection (1) applies to a pupil if all of the following conditions are met:

(a) The pupil has written approval to possess and use the inhaler or epinephrine auto-injector as described in subsection (1) from the pupil's physician or other health care provider authorized by law to prescribe an inhaler or epinephrine auto-injector and, if the pupil is a minor, from the pupil's parent or legal guardian.

(b) The principal or other chief administrator of the pupil's school has received a copy of each written approval required under subdivision (a) for the pupil.

(c) There is on file at the pupil's school a written emergency care plan that contains specific instructions for the pupil's needs, that is prepared by a physician licensed in this state in collaboration with the pupil and the pupil's parent or legal guardian, and that is updated as necessary for changing circumstances.

(3) A school district, nonpublic school, member of a school board, director or officer of a nonpublic school, or employee of a school district or nonpublic school is not liable for damages in a civil action for injury, death, or loss to person or property allegedly arising from a pupil being prohibited by an employee of the school or school district from using an inhaler or epinephrine auto-injector because of the employee's reasonable belief formed after a reasonable and ordinary inquiry that the conditions prescribed in subsection (2) had not been satisfied. A school district, nonpublic school, member of a school board, director or officer of a nonpublic school, or employee of a school district or nonpublic school is not liable for damages in a civil action for injury, death, or loss to person or property allegedly arising from a pupil being permitted by an employee of the school or school district to use or possess an inhaler or epinephrine auto-injector because of the employee's reasonable belief formed after a reasonable and ordinary inquiry that the conditions prescribed in subsection (2) had been satisfied. This subsection does not eliminate, limit, or reduce any other immunity or defense that a school district, nonpublic school, member of a school board, director or officer of a nonpublic school, or employee of a school district or nonpublic school may have under section 1178 or other state law.

(4) As part of its general powers, a school district may request a pupil's parent or legal guardian to provide an extra inhaler or epinephrine auto-injector to designated school personnel for use in case of emergency. A parent or legal guardian is not required to provide an extra inhaler or epinephrine auto-injector to school personnel.

(5) A principal or other chief administrator who is aware that a pupil is in possession of an inhaler or epinephrine auto-injector pursuant to this section shall notify each of the pupil's classroom teachers of that fact and of the provisions of this section.

(6) As used in this section:

(a) "School board" includes a school board, intermediate school board, or the board of directors of a public school academy.

(b) "School district" includes a school district, intermediate school district, or public school academy.

This act is ordered to take immediate effect.
