REGULAR SESSION OF 2004**

Introduced by Senator Johnson

# **ENROLLED SENATE BILL No. 1194**

AN ACT to amend 1979 PA 94, entitled "An act to make appropriations to aid in the support of the public schools and the intermediate school districts of the state; to make appropriations for certain other purposes relating to education; to provide for the disbursement of the appropriations; to supplement the school aid fund by the levy and collection of certain taxes; to authorize the issuance of certain bonds and provide for the security of those bonds; to prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to create certain funds and provide for their expenditure; to prescribe penalties; and to repeal acts and parts of acts," by amending section 11 (MCL 388.1611), as amended by 2003 PA 236.

*The People of the State of Michigan enact:*

Sec. 11. (1) For the fiscal year ending September 30, 2004, there is appropriated for the public schools of this state and certain other state purposes relating to education the sum of \$10,962,387,100.00 from the state school aid fund established by section 11 of article IX of the state constitution of 1963 and the sum of \$377,800,000.00 from the general fund. In addition, available federal funds are appropriated for each of those fiscal years.

(2) The appropriations under this section shall be allocated as provided in this act. Money appropriated under this section from the general fund shall be expended to fund the purposes of this act before the expenditure of money appropriated under this section from the state school aid fund. If the maximum amount appropriated under this section from the state school aid fund for a fiscal year exceeds the amount necessary to fully fund allocations under this act from the state school aid fund, that excess amount shall not be expended in that state fiscal year and shall not lapse to the general fund, but instead shall be deposited into the school aid stabilization fund created in section 11a.

(3) If the maximum amount appropriated under this section from the state school aid fund and the school aid stabilization fund for a fiscal year exceeds the amount available for expenditure from the state school aid fund for that fiscal year, payments under sections 11f, 11g, 22a, 31d, 51a(2), and 51c shall be made in full. In addition, for districts beginning operations after 1994-95 that qualify for payments under section 22b, payments under section 22b shall be made so that the qualifying districts receive the lesser of an amount equal to the 1994-95 foundation allowance of the district in which the district beginning operations after 1994-95 is located or \$5,500.00. The amount of the payment to be made under section 22b for these qualifying districts shall be as calculated under section 22a, with the balance of the payment under section 22b being subject to the proration otherwise provided under this subsection and subsection (4). For any proration necessary after 2002-2003, state payments under each of the other sections of this act from all state funding sources shall be prorated in the manner prescribed in subsection (4) as necessary to reflect the amount available for expenditure from the state school aid fund for the affected fiscal year. However, if the department of treasury determines that proration will be required under this subsection, the department of treasury shall notify the state budget director, and the state budget director shall notify the legislature at least 30 calendar days or 6 legislative

session days, whichever is more, before the department reduces any payments under this act because of the proration. During the 30 calendar day or 6 legislative session day period after that notification by the state budget director, the department shall not reduce any payments under this act because of proration under this subsection. The legislature may prevent proration from occurring by, within the 30 calendar day or 6 legislative session day period after that notification by the state budget director, enacting legislation appropriating additional funds from the general fund, countercyclical budget and economic stabilization fund, state school aid fund balance, or another source to fund the amount of the projected shortfall.

(4) For any proration necessary after 2002-2003, the department shall calculate the proration in district and intermediate district payments that is required under subsection (3) as follows:

(a) The department shall calculate the percentage of total state school aid allocated under this act for the affected fiscal year for each of the following:

- (i) Districts.
- (ii) Intermediate districts.
- (iii) Entities other than districts or intermediate districts.

(b) The department shall recover a percentage of the proration amount required under subsection (3) that is equal to the percentage calculated under subdivision (a)(i) for districts by reducing payments to districts. This reduction shall be made by calculating an equal dollar amount per pupil as necessary to recover this percentage of the proration amount and reducing each district's total state school aid from state sources, other than payments under sections 11f, 11g, 22a, 31d, 51a(2), 51a(12), 51c, 53a, and 56, by that amount.

(c) The department shall recover a percentage of the proration amount required under subsection (3) that is equal to the percentage calculated under subdivision (a)(ii) for intermediate districts by reducing payments to intermediate districts. This reduction shall be made by reducing the payments to each intermediate district, other than payments under sections 11f, 11g, 22a, 31d, 51a(2), 51a(12), 51c, 53a, and 56, on an equal percentage basis.

(d) The department shall recover a percentage of the proration amount required under subsection (3) that is equal to the percentage calculated under subdivision (a)(iii) for entities other than districts and intermediate districts by reducing payments to these entities. This reduction shall be made by reducing the payments to each of these entities on an equal percentage basis.

(5) Except for the allocation under section 26a, any general fund allocations under this act that are not expended by the end of the state fiscal year are transferred to the state school aid fund.

This act is ordered to take immediate effect.
