#### PART 2

#### PROVISIONS CONCERNING APPROPRIATIONS

#### **GENERAL SECTIONS**

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending under part 1 for fiscal year 2003-2004 is \$19,950,000.00. State payments to local units of government under part 1 are \$3,250,000.00. The itemized statement below identifies appropriations from which spending to local units of government will occur:

#### DEPARTMENT OF NATURAL RESOURCES

Purchased lands	\$ 3,250,000
TOTAL	\$ 3,250,000

Sec. 202. The appropriations made and the expenditures authorized under this part and the departments, agencies, commissions, boards, offices, and programs for which an appropriation is made under part 1 are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 203. For fiscal year 2004-2005 only, there is hereby transferred and appropriated from the Michigan merit award trust fund to the general fund an amount of \$5,250,000.00.

Sec. 204. For fiscal year 2004-2005 only, there is hereby transferred and appropriated from the Michigan tobacco settlement trust fund to the general fund an amount of \$1,750,000.00.

Sec. 205. Effective on October 1, 2004, a licensed hospital bed that is under contract with this state for ventilator dependent care shall be considered an acute care bed for purposes of the hospital quality assessment program and shall be assessed and reimbursed under the quality assessment program the same as an acute care bed regardless of payment methodology. This policy change shall be implemented after the department of community health secures the necessary state plan amendment from the federal government.

Sec. 206. (1) If a community mental health services program, currently established as a community mental health agency under MCL 330.1204, is required by statute to become a community mental health authority by a specified date in order to be eligible to continue to contract with the department of community health as a specialty prepaid health plan, or to continue to receive state financial support as a community mental health services program, the department of community health shall monitor the progress of the community mental health services program to ensure that it is

able to properly operate as a community mental health authority by the required specified date. In carrying out its monitoring activities, the department of community health may require such plans, reports, and other evidence from the community mental health services program that it deems necessary to properly monitor and evaluate the progress of the community mental health services program toward the establishment and operation of a community mental health authority. Such plans, reports, and evidence shall include, at the minimum, the following:

- (a) A copy of the enabling resolution adopted by the board of commissioners creating the authority, addressing the required provisions set forth in MCL 330.1205, and duly filed with the secretary of state and the county clerk of the county establishing the authority.
- (b) A detailed transition plan, describing how the community mental health services program proposes to carry out administrative, personnel, finance, accounting, management information, data reporting, regulatory compliance, quality assurance, recipient rights, clinical services, and any other managerial tasks or activities necessary for the successful operation of a community mental health authority.
- (2) If the department of community health determines that, in its judgment, the community mental health services program is not making sufficient progress to ensure a functioning community mental health authority by the date specified in statute, the department of community health may withhold such current year appropriated funds as it deems appropriate from the community mental health services program to assure that the department of community health has sufficient capacity to directly operate necessary programs and services within the county should the community mental health authority fail to become fully operational on the required specified date.

#### DEPARTMENT OF ATTORNEY GENERAL

Sec. 250. For fiscal year 2004-2005 any unobligated antitrust enforcement revenue, securities fraud revenue, consumer protection or class action enforcement revenues, or attorney fees recovered by the department of attorney general, not to exceed \$250,000.00, may be carried forward and is available for appropriation to the department of attorney general in the succeeding fiscal year.

#### **AGRICULTURE**

- Sec. 251. (1) Effective October 1, 2004, a hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.
- (2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause a loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining the vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the numbers of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.
