House Bill 5154 (as reported without amendment)  
Sponsor: Representative Brian Palmer  
House Committee: Tax Policy  
Senate Committee: Finance

**CONTENT**

The bill would amend the Airport Parking Tax Act to allow revenue distributed from the Airport Parking Fund to the State Aeronautics Fund to be used for safety and security projects at State airports that did not receive Federal funding.

The Act requires the State Treasurer to distribute \$6.0 million per fiscal year from the Airport Parking Fund to the State Aeronautics Fund. That revenue may be used only for safety and security projects at State airports, including reimbursement to the Comprehensive Transportation Fund for payment of bonds issued on or before December 31, 2007, by the State Transportation Commission under Section 18b of the Michigan Transportation Fund law (which allows the Commission to borrow money and issue notes or bonds for certain purposes), to provide State matching funds for Federal funds to be used for safety and security at State airports.

Under the bill, the funds could be used for both of the following:

- For safety and security projects at State airports, including reimbursement to the Comprehensive Transportation Fund for payment of principal and interest on bonds issued on or before December 31, 2007, by the State Transportation Commission under Section 18b of the Michigan Transportation Fund law (Public Act 51 of 1951).
- To provide State matching funds for Federal funds to be used for safety and security at State airports.

MCL 207.377a

Legislative Analyst: J.P. Finet

**FISCAL IMPACT**

The bill would result in greater expenditures from the State Aeronautics Fund. It is unlikely that the Michigan Department of Transportation (MDOT) would redirect funds that may be used to match Federal dollars. The bill would allow MDOT to spend the balance of the \$6.0 million not used as matching funds for other safety and security projects at Michigan airports. The amount of revenue collected and its distribution to the Fund would be unchanged.

Date Completed: 4-20-06
