22 in schedule 2 may be dispensed upon the oral prescription of a
23 practitioner if, the prescribing practitioner promptly fills out a
24 prescription form and forwards the prescription form to the
25 dispensing pharmacy within 7 days after the oral prescription is
26 issued. Except for a terminally ill patient whose terminal illness
27 the pharmacist documents pursuant to rules promulgated by the

1 administrator, a prescription for a controlled substance included
2 in schedule 2 shall not be filled more than 60 days after the date

22 administrator.

24 distributed or dispensed other than for a medical purpose, or in
25 any manner except in accordance with rules promulgated by the
26 administrator.

27 (6) If a prescription is required under this section, the

1 prescription shall contain the quantity of the controlled substance
2 prescribed in both written and numerical terms. A prescription is
3 in compliance with this subsection if, in addition to containing
4 the quantity of the controlled substance prescribed in written
5 terms, it contains preprinted numbers representative of the
6 quantity of the controlled substance prescribed next to which is a
7 box or line the prescriber may check.
