

Act No. 264
Public Acts of 2005
Approved by the Governor
December 14, 2005
Filed with the Secretary of State
December 16, 2005
EFFECTIVE DATE: March 30, 2006

**STATE OF MICHIGAN
93RD LEGISLATURE
REGULAR SESSION OF 2005**

Introduced by Reps. Mortimer, Gaffney and Hune

ENROLLED HOUSE BILL No. 4325

AN ACT to amend 1978 PA 368, entitled "An act to protect and promote the public health; to codify, revise, consolidate, classify, and add to the laws relating to public health; to provide for the prevention and control of diseases and disabilities; to provide for the classification, administration, regulation, financing, and maintenance of personal, environmental, and other health services and activities; to create or continue, and prescribe the powers and duties of, departments, boards, commissions, councils, committees, task forces, and other agencies; to prescribe the powers and duties of governmental entities and officials; to regulate occupations, facilities, and agencies affecting the public health; to regulate health maintenance organizations and certain third party administrators and insurers; to provide for the imposition of a regulatory fee; to provide for the levy of taxes against certain health facilities or agencies; to promote the efficient and economical delivery of health care services, to provide for the appropriate utilization of health care facilities and services, and to provide for the closure of hospitals or consolidation of hospitals or services; to provide for the collection and use of data and information; to provide for the transfer of property; to provide certain immunity from liability; to regulate and prohibit the sale and offering for sale of drug paraphernalia under certain circumstances; to provide for the implementation of federal law; to provide for penalties and remedies; to provide for sanctions for violations of this act and local ordinances; to provide for an appropriation and supplements; to repeal certain acts and parts of acts; to repeal certain parts of this act; and to repeal certain parts of this act on specific dates," by amending sections 17001 and 17501 (MCL 333.17001 and 333.17501), section 17001 as amended by 1990 PA 248 and section 17501 as amended by 1990 PA 247, and by adding sections 17018 and 17518.

The People of the State of Michigan enact:

Sec. 17001. (1) As used in this part:

(a) "Academic institution" means either of the following:

(i) A medical school approved by the board.

(ii) A hospital licensed under article 17 that meets all of the following requirements:

(A) Was the sole sponsor or a co-sponsor, if each other co-sponsor is either a medical school approved by the board or a hospital owned by the federal government and directly operated by the United States department of veterans' affairs, of not less than 4 postgraduate education residency programs approved by the board under section 17031(1) for not less than the 3 years immediately preceding the date of an application for a limited license under section 16182(2)(c) or an application for a full license under section 17031(2), provided that at least 1 of the residency programs is in the specialty area of medical practice, or in a specialty area that includes the subspecialty of medical practice, in which the applicant for a limited license proposes to practice or in which the applicant for a full license has practiced for the hospital.

(B) Has spent not less than \$2,000,000.00 for medical education during each of the 3 years immediately preceding the date of an application for a limited license under section 16182(2)(c) or an application for a full license under section 17031(2). As used in this subparagraph, "medical education" means the education of physicians and candidates

for degrees or licenses to become physicians, including, but not limited to, physician staff, residents, interns, and medical students.

(b) "Electrodiagnostic studies" means the testing of neuromuscular functions utilizing nerve conduction tests and needle electromyography. It does not include the use of surface electromyography.

(c) "Medical care services" means those services within the scope of practice of physicians licensed by the board, except those services that the board determines shall not be delegated by a physician without endangering the health and safety of patients as provided for in section 17048(3).

(d) "Physician" means an individual licensed under this article to engage in the practice of medicine.

(e) "Practice of medicine" means the diagnosis, treatment, prevention, cure, or relieving of a human disease, ailment, defect, complaint, or other physical or mental condition, by attendance, advice, device, diagnostic test, or other means, or offering, undertaking, attempting to do, or holding oneself out as able to do, any of these acts.

(f) "Practice as a physician's assistant" means the practice of medicine or osteopathic medicine and surgery performed under the supervision of a physician or physicians licensed under this part or part 175.

(g) "Supervision" means that term as defined in section 16109, except that it also includes the existence of a predetermined plan for emergency situations, including, but not limited to, the designation of a physician to supervise a physician's assistant in the absence of the primary supervising physician.

(h) "Task force" means the joint task force created in sections 17025 and 17525.

(2) In addition to the definitions in this part, article 1 contains definitions and principles of construction applicable to all articles in this code and part 161 contains definitions applicable to this part.

Sec. 17018. (1) Except as otherwise provided under this section, only an individual who is licensed as a physician shall perform needle electromyography or interpret nerve conduction tests. A physician shall not delegate the interpretation of nerve conduction tests to another individual unless that individual is licensed under this article to engage in the practice of medicine or osteopathic medicine and surgery. A physician shall not delegate the performance of needle electromyography to another individual unless that individual is licensed under this article to engage in the practice of medicine or osteopathic medicine and surgery or that individual is otherwise authorized under this section.

(2) In accordance with section 16215, a physician may delegate the performance of nerve conduction tests to a licensed or unlicensed individual who is otherwise qualified by education, training, or experience if those tests are conducted under the direct supervision of a physician.

(3) A physical therapist who is licensed under this article and certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist on the effective date of this section may perform electrodiagnostic studies that are to be interpreted by a physician if he or she has been performing electrodiagnostic studies in this state on a consistent basis within the 5 years immediately preceding the effective date of this section. A physical therapist who is licensed under this article but is not certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist on the effective date of this section and who has been performing electrodiagnostic studies in this state on a consistent basis since before May 1, 2001 may continue to perform electrodiagnostic studies that are to be interpreted by a physician as long as he or she becomes certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist by December 31, 2007. As used in this subsection, "consistent basis" means at a minimum an annual average of 10 electrodiagnostic studies each month.

(4) A podiatrist who is licensed under this article and has successfully completed additional training in the performance and interpretation of electrodiagnostic studies that is satisfactory to his or her respective board may conduct electrodiagnostic studies that are within his or her scope of practice.

(5) A chiropractor who is licensed under this article and has successfully completed additional training in the performance and interpretation of electrodiagnostic studies that is satisfactory to his or her respective board may conduct nerve conduction tests that are within his or her scope of practice.

(6) This section does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual authorized to conduct electrodiagnostic studies under this section.

Sec. 17501. (1) As used in this part:

(a) "Electrodiagnostic studies" means the testing of neuromuscular functions utilizing nerve conduction tests and needle electromyography. It does not include the use of surface electromyography.

(b) "Medical care services" means those services within the scope of practice of physicians licensed and approved by the board, except those services that the board determines shall not be delegated by a physician without endangering the health and safety of patients as provided for in section 17548(3).

(c) "Physician" means an individual licensed under this article to engage in the practice of osteopathic medicine and surgery.

(d) "Practice of osteopathic medicine and surgery" means a separate, complete, and independent school of medicine and surgery utilizing full methods of diagnosis and treatment in physical and mental health and disease, including the prescription and administration of drugs and biologicals, operative surgery, obstetrics, radiological and other

electromagnetic emissions, and placing special emphasis on the interrelationship of the musculoskeletal system to other body systems.

(e) "Practice as a physician's assistant" means the practice of osteopathic medicine performed under the supervision of a physician licensed under this part or part 170.

(f) "Supervision" has the meaning ascribed to it in section 16109 except that it includes the existence of a predetermined plan for emergency situations, including, but not limited to, the designation of a physician to supervise a physician's assistant in the absence of the primary supervising physician.

(g) "Task force" means the joint task force created in sections 17025 and 17525.

(2) In addition to the definitions in this part, article 1 contains general definitions and principles of construction applicable to all articles in the code and part 161 contains definitions applicable to this part.

Sec. 17518. (1) Except as otherwise provided in this section, only an individual who is licensed as a physician shall perform needle electromyography or interpret nerve conduction tests. A physician shall not delegate the interpretation of nerve conduction studies to another individual unless that individual is licensed under this article to engage in the practice of medicine or osteopathic medicine and surgery. A physician shall not delegate the performance of needle electromyography to another individual unless that individual is licensed under this article to engage in the practice of medicine or osteopathic medicine and surgery or that individual is otherwise authorized under this section.

(2) In accordance with section 16215, a physician may delegate the performance of nerve conduction tests to a licensed or unlicensed individual who is otherwise qualified by education, training, or experience if those tests are conducted under the direct supervision of a physician.

(3) A physical therapist who is licensed under this article and certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist on the effective date of this section may perform electrodiagnostic studies that are to be interpreted by a physician if he or she has been performing electrodiagnostic studies in this state on a consistent basis within the 5 years immediately preceding the effective date of this section. A physical therapist who is licensed under this article but is not certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist on the effective date of this section and who has been performing electrodiagnostic studies in this state on a consistent basis since before May 1, 2001 may continue to perform electrodiagnostic studies that are to be interpreted by a physician as long as he or she becomes certified by the American board of physical therapy specialties as an electrophysiologic clinical specialist by December 31, 2007. As used in this subsection, "consistent basis" means at a minimum an annual average of 10 electrodiagnostic studies each month.

(4) A podiatrist who is licensed under this article and has successfully completed additional training in the performance and interpretation of electrodiagnostic studies that is satisfactory to his or her respective board may conduct electrodiagnostic studies that are within his or her scope of practice.

(5) A chiropractor who is licensed under this article and has successfully completed additional training in the performance and interpretation of electrodiagnostic studies that is satisfactory to his or her respective board may conduct nerve conduction tests that are within his or her scope of practice.

(6) This section does not require new or additional third party reimbursement or mandated worker's compensation benefits for services rendered by an individual authorized to conduct electrodiagnostic studies under this section.
