The People of the State of Michigan enact:

Sec. 8. (1) Within 24 hours after receiving a report made under this act, the department shall refer the report to the prosecuting attorney if the report meets the requirements of section 3(6) or (9) or shall commence an investigation of the child suspected of being abused or neglected. Within 24 hours after receiving a report whether from the reporting person or from the department under section 3(6) or (9), the local law enforcement agency shall refer the report to the department if the report meets the requirements of section 3(7) or shall commence an investigation of the child suspected of being abused or neglected or exposed to or who has had contact with methamphetamine production. If the child suspected of being abused or exposed to or who has had contact with methamphetamine production is not in the physical custody of the parent or legal guardian and informing the parent or legal guardian would not endanger the child's health or welfare, the agency or the department shall inform the child's parent or legal guardian of the investigation as soon as the agency or the department discovers the identity of the child's parent or legal guardian.

(2) In the course of its investigation, the department shall determine if the child is abused or neglected. The department shall cooperate with law enforcement officials, courts of competent jurisdiction, and appropriate state agencies providing human services in relation to preventing, identifying, and treating child abuse and neglect; shall provide, enlist, and coordinate the necessary services, directly or through the purchase of services from other agencies and professions; and shall take necessary action to prevent further abuses, to safeguard and enhance the child's welfare, and to preserve family life where possible. In the course of an investigation, at the time that a department investigator contacts an individual about whom a report has been made under this act or contacts an individual responsible for the health or welfare of a child about whom a report has been made under this act, the department investigator shall advise that individual of the department investigator's name, whom the department investigator represents, and the specific complaints or allegations made against the individual. The department shall ensure that its policies, procedures, and administrative rules ensure compliance with the provisions of this act.

(3) In conducting its investigation, the department shall seek the assistance of and cooperate with law enforcement officials within 24 hours after becoming aware that 1 or more of the following conditions exist:

(a) Abuse or neglect is the suspected cause of a child's death.

(b) The child is the victim of suspected sexual abuse or sexual exploitation.

(c) Abuse or neglect resulting in severe physical injury to the child. For purposes of this subdivision and section 17, "severe physical injury" means an injury to the child that requires medical treatment or hospitalization and that seriously impairs the child's health or physical well-being.

(d) Law enforcement intervention is necessary for the protection of the child, a department employee, or another person involved in the investigation.

(e) The alleged perpetrator of the child's injury is not a person responsible for the child's health or welfare.

(f) The child has been exposed to or had contact with methamphetamine production.

(4) Law enforcement officials shall cooperate with the department in conducting investigations under subsections (1) and (3) and shall comply with sections 5 and 7. The department and law enforcement officials shall conduct investigations in compliance with the protocols adopted and implemented as required by subsection (6).

(5) Involvement of law enforcement officials under this section does not relieve or prevent the department from proceeding with its investigation or treatment if there is reasonable cause to suspect that the child abuse or neglect was committed by a person responsible for the child's health or welfare.

(6) In each county, the prosecuting attorney and the department shall develop and establish procedures for involving law enforcement officials as provided in this section. In each county, the prosecuting attorney and the department shall adopt and implement standard child abuse and neglect investigation and interview protocols using as a model the protocols developed by the governor's task force on children's justice as published in FIA Publication 794 (revised 8-98) and FIA Publication 779 (8-98), or an updated version of those publications.

(7) If there is reasonable cause to suspect that a child in the care of or under the control of a public or private agency, institution, or facility is an abused or neglected child, the agency, institution, or facility shall be investigated by an agency administratively independent of the agency, institution, or facility being investigated. If the investigation produces evidence of a violation of section 145c or sections 520b to 520g of the Michigan penal code, 1931 PA 328, MCL 750.145c and 750.520b to 750.520g, the investigating agency shall transmit a copy of the results of the investigation to the prosecuting attorney of the county in which the agency, institution, or facility is located.

(8) A school or other institution shall cooperate with the department during an investigation of a report of child abuse or neglect. Cooperation includes allowing access to the child without parental consent if access is determined by the department to be necessary to complete the investigation or to prevent abuse or neglect of the child. However, the department shall notify the person responsible for the child's health or welfare about the department's contact with the child at the time or as soon afterward as the person can be reached. The department may delay the notice if the notice would compromise the safety of the child or child's siblings or the integrity of the investigation, but only for the time 1 of those conditions exists.

(9) If the department has contact with a child in a school, all of the following apply:

(a) Before contact with the child, the department investigator shall review with the designated school staff person the department's responsibilities under this act and the investigation procedure.

(b) After contact with the child, the department investigator shall meet with the designated school staff person and the child about the response the department will take as a result of contact with the child. The department may also meet with the designated school staff person without the child present and share additional information the investigator determines may be shared subject to the confidentiality provisions of this act.

(c) Lack of cooperation by the school does not relieve or prevent the department from proceeding with its responsibilities under this act.

(10) A child shall not be subjected to a search at a school that requires the child to remove his or her clothing to expose his buttocks or genitalia or her breasts, buttocks, or genitalia unless the department has obtained an order from a court of competent jurisdiction permitting such a search. If the access occurs within a hospital, the investigation shall be conducted so as not to interfere with the medical treatment of the child or other patients.

(11) The department shall enter each report made under this act that is the subject of a field investigation into the CPSI system. The department shall maintain a report entered on the CPSI system as required by this subsection until the child about whom the investigation is made is 18 years old or until 10 years after the investigation is commenced, whichever is later, or, if the case is classified as a central registry case, until the department receives reliable information that the perpetrator of the abuse or neglect is dead. Unless made public as specified information released under section 7d, a report that is maintained on the CPSI system is confidential and is not subject to the disclosure requirements of the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(12) After completing a field investigation and based on its results, the department shall determine in which single category, prescribed by section 8d, to classify the allegation of child abuse or neglect.

(13) Except as provided in subsection (14), upon completion of the investigation by the local law enforcement agency or the department, the law enforcement agency or department may inform the person who made the report as to the disposition of the report.

(14) If the person who made the report is mandated to report under section 3, upon completion of the investigation by the department, the department shall inform the person in writing as to the disposition of the case and shall include in the information at least all of the following:

- (a) What determination the department made under subsection (12) and the rationale for that decision.
- (b) Whether legal action was commenced and, if so, the nature of that action.
- (c) Notification that the information being conveyed is confidential.

(15) Information sent under subsection (14) shall not include personally identifying information for a person named in a report or record made under this act.

(16) Unless section 5 of chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.5, requires a physician to report to the department, the surrender of a newborn in compliance with chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.1 to 712.20, is not reasonable cause to suspect child abuse or neglect and is not subject to the section 3 reporting requirement. This subsection does not apply to circumstances that arise on or after the date that chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.1 to 712.20, is repealed. This subsection applies to a newborn whose birth is described in the born alive infant protection act and who is considered to be a newborn surrendered under the safe delivery of newborns law as provided in section 3 of chapter XII of the probate code of 1939, 1939 PA 288, MCL 712.3.

(17) All department employees involved in investigating child abuse or child neglect cases shall be trained in the legal duties to protect the state and federal constitutional and statutory rights of children and families from the initial contact of an investigation through the time services are provided.

Sec. 17. (1) Except as provided in subsection (2), within 24 hours after the department determines that a child was severely physically injured as defined in section 8, sexually abused, or allowed to be exposed to or have contact with methamphetamine production, the department shall submit a petition for authorization by the court under section 2(b) of chapter XIIA of 1939 PA 288, MCL 712A.2.

(2) The department is not required to file a petition for authorization by the court as described in subsection (1) if the department determines that the parent or legal guardian is not a suspected perpetrator of the abuse and the department determines that all of the following apply:

- (a) The parent or legal guardian did not neglect or fail to protect the child.
- (b) The parent or legal guardian does not have a historical record that shows a documented pattern of neglect or failing to protect the child.
- (c) The child is safe in the parent's or legal guardian's care.

This act is ordered to take immediate effect.
