### House Bill 6093

Sponsor: Rep. Andy Coulouris

Committee: Judiciary

Complete to 5-13-08

## A SUMMARY OF HOUSE BILLS 6092-6093 AS INTRODUCED 5-8-08

House Bill 6092 would add a new section to the Michigan Penal Code (MCL 750.422a) to prohibit an individual from intentionally making a material false statement in a petition or supporting affidavit filed under Section 16 of Chapter X of the Code of Criminal Procedure (to retest DNA evidence and request a new trial). A violation would be a felony punishable by not more than five years of imprisonment and/or a fine of not more than \$10,000. The court could order the term of imprisonment imposed under this provision to be served consecutively to any other term of imprisonment currently being served by the individual.

The bill is tie-barred to House Bill 5089, which would extend the time period for a petition to retest DNA evidence in a felony conviction and request a new trial, expand the eligibility of convicted felons who could request the retest of DNA evidence and new trial, and revise the criteria used by a court to justify a new trial.

House Bill 6093 would amend the Code of Criminal Procedure (MCL 777.16v) to specify that making a material false statement in a petition seeking the review of DNA evidence would have a maximum term of imprisonment of five years. The bill is tie-barred to both House Bill 5089 and House Bill 6092.

### FISCAL IMPACT:

The bills' fiscal impact would depend on the number of convictions obtained, the severity of sentences imposed, and whether consecutive sentencing was ordered. There are no data at present to indicate the number of prisoners who might be affected by the bills. Assuming that violators were all already serving prison sentences, any costs would be those of increased lengths of stay for affected prisoners. Costs under the bills would begin to accrue after affected prisoners would otherwise have been released. Any increase in penal fine collections could benefit local libraries, which are the constitutionally-designated recipients of those revenues.
