FY 2007-08 Conference Report Year-to- Date Gross Appropriation.....	\$281,071,700
--	----------------------

Changes from FY 2007-08 Year to Date:Items Included by the Senate and House

1. **Lump-sum Appropriations.** This section consolidates lump-sum appropriation language contained in Capital Outlay Appropriation Bills prior to FY 2006-07. Changes made in the Governor's recommendation included: replacing DMB Director with Department Directors regarding the allocation of funds; increasing the duration of the appropriation period from two to three years following the appropriation year; eliminating the reporting requirement; and minor wording changes. The House and Senate concurred with the Governor. (Sec. 501)
2. **Reporting/Standard Sections.** The House and Senate restored reporting and standard sections that were contained in appropriation bills prior to FY 2006-07. (Sections: 409, 410, 601, 602, 603, 681, 682, 683, 803 and 902)

Conference Agreement on Items of Difference

3. **Re-appropriation of Funds.** The Governor recommended new language that provides that authorizations in 2002 PA 530 and 2005 PA 297 for the \$4.5 million Riverside Correctional Facility power plant automation project are re-appropriated to the following projects: Huron Valley Complex food service addition and facility renovations originally authorized in 12 2004 PA 309 (total authorized cost increased from \$3,675,100 to \$5,775,100), Michigan Reformatory 140-bed ward expansion (total authorized cost \$1,100,000), and Camp White Lake new waste water treatment plant (total authorized cost \$1,300,000). The House included this section, the Senate removed it. The Conference modified this section to reflect inclusion of these projects in Part 1. (Sec. 406)
4. **WCCC Project.** The Governor included language providing that funds appropriated in Part 1 for the Wayne County Community College Northwest Campus replacement shall only be released upon approval of the planning documents and construction authorization request by the JCOS. The project may not move into final design until approved by JCOS. The House concurred with the Governor. The Senate removed this section. The Conference concurred with the House. (Sec. 407)
5. **Alternative Energy Incentive.** The Governor included new language providing that planning projects authorized in Part 1 that meet certain energy standards would receive a 10% increase in State match for the project, if matched with an equal or greater amount by the institution. The House included this language reduced to a 1.0% State match increase. The Senate removed the entire section. The Conference removed this section.
6. **Bond Capacity.** The House included new language stating that planning project authorizations will not receive cost and construction authorizations in subsequent budget acts unless there is sufficient bonding capacity available pursuant to the State Building Authority Act. The Senate did not include this section. The Conference concurred with the House. (Sec. 604)
7. **Use and Finance Statements.** The House included language that prohibits universities, community colleges, State agencies, and the MEDC from letting a contract for new construction unless the project is authorized by JCOS through approval of a use and financing statement. This language was included in Capital Outlay Budgets prior to FY 2006-07. The House version includes language consistent with current JCOS policies including a new reporting section. The Senate removed this section. The Conference concurred with the House. (Sec. 651)
8. **Michigan Business Preference/Bid Documents Submitted to JCOS.** The House added new language stating that a university or community college receiving use and finance project approvals shall give preference to competitively priced goods or services that are manufactured or provided by Michigan businesses. Subsection 2 requires colleges and universities to submit bid documents to JCOS as requested. The Senate removed this section. The Conference included Subsection 1 and eliminated Subsection 2.
9. **Prison Watchtowers/ Correctional Facility Locations.** The House included a section that require maximum security prisons that are constructed or completed after October 1, 1986 to have operating staffed watchtowers; and language providing that appropriations for the construction of a new correctional facility, for which a specific site was not identified with the appropriation, shall not be expended until approved by JCOS. The Senate removed both sections. The Conference concurred with the House. (Sec. 671 and Sec. 672)
10. **Site Preparation Economic Development Fund.** Creates a Site Preparation Economic Development Fund in the Department of Management and Budget. Authorizes the Michigan Economic Development Corporation Board and the State Budget Director to determine whether or not a specific surplus State-owned site qualifies for inclusion in the Fund. Provides that proceeds from the sale of any State-owned sites designated as an economic development site shall be deposited in the Site Preparation Economic Development Fund. Expenditures from the Fund are authorized for site preparation activities that enhance the marketable sale value of the sites. The boilerplate also authorizes up to a \$25 million cash advance from the State General Fund to the Site Preparation Economic Development Fund. Requires annual report to the appropriation committees. The Conference concurred with the House. (Sec. 1002)
