Senate Bill 978 (as reported without amendment)  
Sponsor: Senator Tony Stamas  
Committee: Commerce and Tourism

### **CONTENT**

The bill would amend the Natural Resources and Environmental Protection Act to require the Natural Resources Trust Fund board to give particular consideration to acquiring land and rights for trails that intersect downtown areas.

Under the Act, the board must determine which land and rights in land within Michigan should be acquired and which public recreation facilities should be developed with money from the Natural Resources Trust Fund. Each January, the board must submit to the Legislature a list of the land and rights in land and the public recreation facilities that the board has determined should be acquired or developed with Trust Fund money, compiled in order of priority. Under the bill, in preparing that list, the board would have to give particular consideration to the acquisition of land and rights in land for recreational trails that intersect the downtown areas of cities and villages.

MCL 324.1907

Legislative Analyst: Patrick Affholter

### **FISCAL IMPACT**

The bill would have no fiscal impact on State or local government.
