

**HOUSE SUBSTITUTE FOR  
SENATE BILL NO. 239**

A bill to make appropriations for capital outlay and certain other purposes; to provide for a capital outlay program; to set forth the provisions for its implementation within the budgetary process; to make appropriations for planning and construction at state institutions and the acquisition of land; to provide for the elimination of fire hazards at the institutions; to provide for certain special maintenance, remodeling, alteration, renovation, or demolition of and additions to projects at state institutions; to provide for elimination of occupational safety and health hazards at state agencies and institutions; to provide for the award of contracts; to provide for expenditures under the supervision of the director of the department of management and budget and the state administrative board; to provide for certain advances from the

general fund; to prescribe powers and duties of certain state officers and agencies; to require certain reports, plans, and agreements; to provide for leases; to prescribe standards and conditions relating to the appropriations; to make appropriations for the fiscal year ending September 30, 2008; and to provide for the expenditure of the appropriations.

**THE PEOPLE OF THE STATE OF MICHIGAN ENACT:**

3	Northern Michigan University - biomass heat and power	
4	cogeneration plant construction - for program and	
5	planning to be paid for from university revenues	
6	(estimated total project cost \$55,000,000; state	
7	share \$40,000,000; university share \$15,000,000)....	100
8	Oakland University - human health building - for	
9	program and planning to be paid for from university	
10	revenues (estimated total project cost \$61,220,500;	
11	state share \$40,000,000; university share	
12	\$21,220,500) .....	100
13	Saginaw Valley State University - nursing and health	
14	sciences building - for program and planning to be	
15	paid for from university revenues (estimated total	
16	project cost \$28,000,000; state share \$21,000,000;	
17	university share \$7,000,000) .....	100
18	University of Michigan - Ann Arbor - new biology	
19	building - for program and planning to be paid for	
20	from university revenues (estimated total project	
21	cost \$175,000,000; state share \$40,000,000;	
22	university share \$135,000,000).....	100
23	University of Michigan - Dearborn - science and	
24	computer center renovations - for program and	
25	planning to be paid for from university revenues	
26	(estimated total project cost \$36,000,000; state	
27	share \$27,000,000; university share \$9,000,000).....	100

1	University of Michigan - Flint - Murchie science	
2	laboratory renovations - for program and planning to	
3	be paid for from university revenues (estimated	
4	total project cost \$20,800,000; state share	
5	\$15,600,000; university share \$5,200,000) .....	100
6	Wayne State University - multidisciplinary biomedical	
7	research building - for program and planning to be	
8	paid for from university revenues (estimated total	
9	project cost \$180,000,000; state share \$40,000,000;	
10	university share \$140,000,000) .....	100
11	Western Michigan University - Sangren hall renovations	
12	- for program and planning to be paid for from	
13	university revenues (estimated total project cost	
14	\$56,000,000; state share \$40,000,000; university	
15	share \$16,000,000) .....	100
16	Alpena Community College - transportation engineering	
17	center of excellence - for program and planning to	
18	be paid for from college revenues (estimated total	
19	project cost \$7,830,000; state share \$3,915,000;	
20	school share \$3,915,000) .....	100
21	Bay de Noc Community College - nursing laboratory and	
22	lecture hall renovations - for program and planning	
23	to be paid for from college revenues (estimated	
24	total project cost \$1,000,000; state share \$500,000;	
25	school share \$500,000) .....	100
26	Delta College - health and wellness programs, F-wing	
27	renovations - for program and planning to be paid	

1	for from college revenues (estimated total project	
2	cost \$12,800,000; state share \$6,400,000; school	
3	share \$6,400,000) .....	100
4	Grand Rapids Community College - lifelong learning	
5	center - for program and planning to be paid for	
6	from college revenues (estimated total project cost	
7	\$33,500,000; state share \$16,750,000; school share	
8	\$16,750,000) .....	100
9	Henry Ford Community College - science building	
10	renovations - for program and planning to be paid	
11	for from college revenues (estimated total project	
12	cost \$15,000,000; state share \$7,500,000; school	
13	share \$7,500,000) .....	100
14	Jackson Community College - Whiting hall renovations -	
15	for program and planning to be paid for from college	
16	revenues (estimated total project cost \$21,900,000;	
17	state share \$10,950,000; school share \$10,950,000) ..	100
18	Kalamazoo Valley Community College - Texas Township	
19	campus expansion - for program and planning to be	
20	paid for from college revenues (estimated total	
21	project cost \$12,000,000; state share \$6,000,000;	
22	school share \$6,000,000) .....	100
23	Kellogg Community College - classroom C building	
24	renovations - for program and planning to be paid	
25	for from college revenues (estimated total project	
26	cost \$5,000,000; state share \$2,500,000; school	
27	share \$2,500,000) .....	100

1	Lake Michigan College - emerging technologies	
2	initiative - for program and planning to be paid for	
3	from college revenues (estimated total project cost	
4	\$21,735,000; state share \$10,867,500; school share	
5	\$10,867,500) .....	100
6	Lansing Community College - science classroom and	
7	laboratory expansion - for program and planning to	
8	be paid for from college revenues (estimated total	
9	project cost \$47,300,000; state share \$23,650,000;	
10	school share \$23,650,000) .....	100
11	Macomb County Community College - health science and	
12	technology building, phase II - for program and	
13	planning to be paid for from college revenues	
14	(estimated total project cost \$14,500,000; state	
15	share \$7,250,000; school share \$7,250,000) .....	100
16	Mid Michigan Community College - Mt. Pleasant campus	
17	unification - for program and planning to be paid for	
18	from college revenues (estimated total project	
19	cost \$27,121,000; state share \$13,560,500; school	
20	share \$13,560,500) .....	100
21	Monroe Community College - career technology	
22	center - for program and planning to be paid for	
23	from college revenues (estimated total project cost	
24	\$17,000,000; state share \$8,500,000; school share	
25	\$8,500,000) .....	100
26	Montcalm Community College - MTEC expansion - for	
27	program and planning to be paid for from college	

1	revenues (estimated total project cost \$6,000,000;	
2	state share \$3,000,000; school share \$3,000,000) ....	100
3	Mott Community College - library consolidation and	
4	renovations - for program and planning to be paid	
5	for from college revenues (estimated total project	
6	cost \$8,156,000; state share \$4,078,000; school	
7	share \$4,078,000) .....	100
8	Muskegon Community College - student services center -	
9	for program and planning to be paid for from college	
10	revenues (estimated total project cost \$5,000,000;	
11	state share \$2,500,000; school share \$2,500,000) ....	100
12	North Central Michigan College - science and chemistry	
13	buildings renovations - for program and planning to	
14	be paid for from college revenues (estimated total	
15	project cost \$16,323,800; state share \$8,161,900;	
16	school share \$8,161,900) .....	100
17	Northwestern Michigan College - student learning	
18	center - for program and planning to be paid for	
19	from college revenues (estimated total project cost	
20	\$13,500,000; state share \$6,750,000; school share	
21	\$6,750,000) .....	100
22	Oakland Community College - building A additions and	
23	renovations, Auburn Hills campus - for program and	
24	planning to be paid for from college revenues	
25	(estimated total project cost \$32,065,000; state	
26	share \$16,032,500; school share \$16,032,500) .....	100
27	St. Clair County Community College - center for health	

1	and human services - for program and planning to be		
2	paid for from college revenues (estimated total		
3	project cost \$7,000,000; state share \$3,500,000;		
4	school share \$3,500,000) .....		100
5	Schoolcraft College - public safety training complex -		
6	for program and planning to be paid for from college		
7	revenues (estimated total project cost \$15,000,000;		
8	state share \$7,500,000; school share \$7,500,000) ....		100
9	Southwestern Michigan College - technology building		
10	renovation and expansion - for program and planning		
11	to be paid for from college revenues (estimated		
12	total project cost \$3,200,000; state share		
13	\$1,600,000; school share \$1,600,000) .....		100
14	Washtenaw Community College - skilled trades training		
15	complex - for program and planning to be paid for		
16	from college revenues (estimated total project cost		
17	\$16,000,000; state share \$8,000,000; school share		
18	\$8,000,000) .....		100
19	West Shore Community College - arts and sciences		
20	building renovation and expansion - for program and		
21	planning to be paid for from college revenues		
22	(estimated total project cost \$6,900,000; state		
23	share \$3,450,000; school share \$3,450,000) .....		<u>100</u>
24	GROSS APPROPRIATION .....	\$	3,900
25	Appropriated from:		
26	State general fund/general purpose .....	\$	3,900

**Sec. 108. STATE BUILDING AUTHORITY FINANCED**

**CONSTRUCTION PROJECTS**

Department of natural resources - state park	
improvement projects, for design and construction	
(total authorized cost \$17,900,000; state building	
authority share \$17,899,900; state general fund	
share \$100) .....	\$ 100
Department of natural resources - forest fire	
experiment station replacement, for design and	
construction (total authorized cost \$2,100,000;	
state building authority share \$2,099,900; state	
general fund share \$100) .....	100
Department of management and budget - state facility	
preservation projects, phase III, for design and	
construction (total authorized cost \$70,310,000;	
state building authority share \$70,309,900; state	
general fund share \$100) .....	100
Department of history, arts, and libraries - warehouse	
facility acquisition (total authorized cost	
\$9,690,000; state building authority share	
\$9,689,900; state general fund share \$100) .....	100
Kirtland Community College - campus wide water well	
system, for design and construction (total	
authorized project cost \$1,005,000; state building	
authority share \$502,400; college share \$502,500;	
state general fund share \$100) .....	100
Wayne County Community College - northwest campus	

1	replacement, for design and construction (total		
2	authorized cost \$42,000,000; state building		
3	authority share \$20,999,900; college share		
4	\$21,000,000; state general fund share \$100) .....		100
5	GROSS APPROPRIATION .....	\$	600
6	Appropriated from:		
7	State general fund/general purpose .....	\$	600

8 PART 2

9 PROVISIONS CONCERNING APPROPRIATIONS

10 GENERAL SECTIONS

11 Sec. 201. Pursuant to section 30 of article IX of the state

12 constitution of 1963, total state spending from state resources

13 under part 1 for fiscal year 2007-2008 is \$68,769,100.00 and state

14 spending from state resources to be paid to local units of

15 government for fiscal year 2007-2008 is \$31,234,700.00. The

16 itemized statement below identifies appropriations from which

17 spending to units of local government will occur:

18 CAPITAL OUTLAY

19	Department of natural resources - waterways boating		
20	program .....	\$	4,135,000
21	Department of natural resources - Michigan natural		
22	resources trust fund - acquisition projects .....		12,296,700
23	Department of natural resources - Michigan natural		
24	resources trust fund - development projects .....		7,688,700
25	Department of transportation - buildings and		

1	facilities .....	\$	2,000,000
2	Department of transportation - airport safety,		
3	protection and improvement program.....	\$	<u>5,114,300</u>
4	TOTAL.....	\$	31,234,700

5       Sec. 202. The appropriations authorized under this act are  
6 subject to the management and budget act, 1984 PA 431, MCL 18.1101  
7 to 18.1594.

8       Sec. 203. As used in this act:

9       (a) "Board" means the state administrative board.

10       (b) "Community college" does not include a state agency or  
11 university.

12       (c) "Department" means the department of management and  
13 budget.

14       (d) "Director" means the director of the department of  
15 management and budget.

16       (e) "DAG" means the United States department of agriculture.

17       (f) "DHS" means the United States department of homeland  
18 security.

19       (g) "DOD" means the United States department of defense.

20       (h) "DOI" means the United States department of interior.

21       (i) "DOT" means the United States department of  
22 transportation.

23       (j) "Fiscal agencies" means the senate fiscal agency and the  
24 house fiscal agency.

25       (k) "IDG" means interdepartmental grant.

26       (l) "JCOS" means the joint capital outlay subcommittee of the  
27 appropriations committees.

1 (m) "LEED" means the United States green building council's  
2 leadership in energy and environmental design green building rating  
3 system.

4 (n) "State agency" means an agency of state government. State  
5 agency does not include a community college or university.

6 (o) "State building authority" means the authority created  
7 under 1964 PA 183, MCL 830.411 to 830.425.

8 (p) "University" means a 4-year university supported by the  
9 state. University does not include a community college or a state  
10 agency.

11 Sec. 204. Funds appropriated in part 1 shall not be used for  
12 the purchase of foreign goods or services, or both, if  
13 competitively priced and of comparable quality American goods or  
14 services, or both, are available. Preference should be given to  
15 goods or services, or both, manufactured or provided by Michigan  
16 businesses if they are competitively priced and of comparable  
17 quality.

18 Sec. 205. Unless otherwise specified, departments and agencies  
19 receiving appropriations in part 1 shall use the Internet to  
20 fulfill the reporting requirements of this act. This requirement  
21 may include transmission of reports via electronic mail to the  
22 recipients identified for each reporting requirement, or it may  
23 include placement of reports on an Internet or Intranet site.

#### 24 **DEPARTMENT OF AGRICULTURE**

25 Sec. 301. Of the amounts appropriated in part 1 for farmland  
26 and open space development acquisition, the funds shall be used for

1 the purchase of development rights and the awarding of grants by  
2 the agriculture preservation fund board under the natural resources  
3 and environmental protection act, 1994 PA 451, MCL 324.101 to  
4 324.90106.

5 **CAPITAL OUTLAY PROCESSES, PROCEDURES & REPORTS**

6 Sec. 401. Each capital outlay project authorized in this act  
7 or any previous capital outlay act shall comply with the procedures  
8 required by the management and budget act, 1984 PA 431, MCL 18.1101  
9 to 18.1594.

10 Sec. 402. A statement of a proposed facility's operating cost  
11 shall be included with the facility's program statement and  
12 planning documents when the plans are presented to JCOS for  
13 approval.

14 Sec. 403. (1) Before proceeding with final planning and  
15 construction for projects at community colleges and universities  
16 included in an appropriations act, the community college or  
17 university shall sign an agreement with the department that  
18 includes the following provisions:

19 (a) The university or community college agrees to construct  
20 the project within the total authorized cost established by the  
21 legislature pursuant to the management and budget act, 1984 PA 431,  
22 MCL 18.1101 to 18.1594, and an appropriations act.

23 (b) The design and program scope of the project shall not  
24 deviate from the design and program scope represented in the  
25 program statement and preliminary planning documents approved by  
26 the department.

1 (c) Any other items as identified by the department that are  
2 necessary to complete the project.

3 (2) The department retains the authority and responsibility  
4 normally associated with the prudent maintenance of the public's  
5 financial and policy interests relative to the state-financed  
6 construction projects managed by a community college or university.

7 Sec. 404. (1) The department shall provide the JCOS, the state  
8 budget director, and the fiscal agencies with reports as considered  
9 necessary relative to the status of each planning or construction  
10 project financed by the state building authority, by this act, or  
11 by previous acts.

12 (2) Before the end of each fiscal year, the department shall  
13 report to the JCOS, the state budget director, and the fiscal  
14 agencies for each capital outlay project other than lump sums all  
15 of the following:

16 (a) The account number and name of each construction project.

17 (b) The balance remaining in each account.

18 (c) The date of the last expenditure from the account.

19 (d) The anticipated date of occupancy if the project is under  
20 construction.

21 (e) The appropriations history for the project.

22 (f) The professional service contractor.

23 (g) The amount of a project financed with federal funds.

24 (h) The amount of a project financed through the state  
25 building authority.

26 (i) The total authorized cost for the project and the state  
27 authorized share if different than the total.

1 (3) Before the end of each fiscal year, the department shall  
2 report the following for each project by a state agency,  
3 university, or community college that is authorized for planning  
4 but is not yet authorized for construction:

5 (a) The name of the project and account number.

6 (b) Whether a program statement is approved.

7 (c) Whether schematics are approved by the department.

8 (d) Whether preliminary plans are approved by the department.

9 (e) The name of the professional service contractor.

10 (4) As used in this section, "project" includes appropriation  
11 line items made for purchase of real estate.

12 Sec. 405. A state agency, college, or university shall take  
13 steps necessary to make available federal and other money indicated  
14 in this act, to make available federal or other money that may  
15 become available for the purposes for which appropriations are made  
16 in this act, and to use any part or all of the appropriations to  
17 meet matching requirements that are considered to be in the best  
18 interest of this state. However, the purpose, scope, and total  
19 estimated cost of a project shall not be altered to meet the  
20 matching requirements.

21 Sec. 406. The authorizations in 2003 PA 193 and 2005 PA 297  
22 for the Riverside correctional facility - power plant automation  
23 project (total authorized cost \$4,500,000; state building authority  
24 share \$4,499,800; state general fund share \$200) are hereby  
25 reappropriated to the following projects:

26 (a) Huron Valley complex - food service addition and facility  
27 renovations, for design and construction, originally authorized in

1 2004 PA 309 (total authorized cost increased from \$3,675,100 to  
2 \$5,775,100; state building authority share from \$3,675,000 to  
3 \$5,774,800; state general fund share \$300).

4 (b) Michigan reformatory - A ward 140-bed expansion, for  
5 design and construction (total authorized cost \$1,100,000; state  
6 building authority share \$1,100,000).

7 (c) Camp White Lake - new waste water treatment plant, for  
8 design and construction (total authorized cost \$1,300,000; state  
9 building authority share \$1,300,000).

10 Sec. 407. The funds appropriated in part 1 for the Wayne  
11 Community College northwest campus replacement shall only be  
12 released upon approval of the planning documents and construction  
13 authorization request by the JCOS. The project may not move into  
14 final design until JCOS approval.

15 Sec. 408. (1) State institutions of higher education and  
16 community colleges represent centers of activity for both energy  
17 consumption and innovation in energy conservation. The resources  
18 and knowledge base of these educational institutions can play a  
19 significant role in promoting renewable energy, energy efficiency,  
20 and environmental sustainability. To further promote these efforts  
21 and support Michigan businesses providing alternative energy  
22 services and products, projects authorized for planning in this act  
23 that meet the criteria set forth shall receive a 1% increase in  
24 state match for the project at the time of initial authorization,  
25 if matched with an equal or greater amount of institutional funds.  
26 This incentive is intended to encourage alternative energy and  
27 energy efficiency design solutions that exceed the minimum United

1 States green building council's leadership in energy and  
2 environmental design (LEED) scoring presently required in the  
3 department's major project design manual.

4 (2) In order to be eligible for this incentive, new  
5 construction, retrofits, and renovation projects at universities  
6 and community colleges shall include 1 of the following:

7 (a) Obtain a score equivalent to a "gold" level, in accordance  
8 with the United States green building council's leadership in  
9 energy and environmental design (LEED) green building rating  
10 system, and include an on-site renewable energy component in direct  
11 connection with the funded project. Renewable energy projects must  
12 comply with the requirements set forth in LEED (version 2.2) EA  
13 credit 2: on-site renewable energy. Eligible renewable energy  
14 technologies include, but are not limited to, solar, wind,  
15 geothermal, low-impact hydro, biomass, and biogas. Consistent with  
16 the general conditions of capital outlay appropriations, preference  
17 should be given to Michigan manufactured components and systems if  
18 they are competitively priced and of comparable quality. When  
19 applying these technologies for on-site generation, net-metering  
20 with a local utility, if applicable, is encouraged, but not  
21 required.

22 (b) Obtain a score equivalent to "platinum" level, in  
23 accordance with the United States green building council's  
24 leadership in energy and environmental design (LEED) green building  
25 rating system.

26 (3) After engaging a design professional, institutions  
27 desiring to be eligible for the incentive shall submit the

1 requisite program statement and schematic planning documents,  
2 including all LEED scoring worksheets, to the department for  
3 review. The department shall recommend to JCOS whether a project is  
4 eligible for the incentive at the time program statements and  
5 planning documents are transmitted to JCOS for approval.

6 Implementation of LEED point scored components and systems in the  
7 project are subject to audit verification by the department during  
8 the period of construction and up to 23 months after a project is  
9 substantially complete.

10 (4) Institutions receiving the alternative energy incentive  
11 shall integrate, to the extent possible, the learning opportunities  
12 from this renewable energy project into the educational curriculum  
13 of the institution.

14 (5) Institutions receiving the alternative energy incentive  
15 shall also work in partnership with the department of environmental  
16 quality to promote and showcase the use of renewable energy systems  
17 in the state. Active involvement may include, but is not limited  
18 to, inclusion of project on state Internet sites, workshops,  
19 demonstration activities, and on-site observations.

20 (6) One year after tenant occupancy of the completed project,  
21 the institutions receiving the alternative energy incentive shall  
22 submit a report to the JCOS, the department, the state budget  
23 director, and the department of environmental quality detailing the  
24 following:

25 (a) Estimated energy savings from the use of alternative and  
26 renewable energy resources in the first year of the project, and  
27 projected over the next 5 years.

1 (b) Whether the project includes net-metering with a local  
2 utility, and, if applicable, how much energy has been purchased or  
3 sold to the utility grid in the first year, and projected over the  
4 next 5 years.

5 (c) The Michigan companies that supplied components and  
6 systems to the designated project.

7 (d) The integration of information on the use of energy  
8 efficiency and renewable energy sources as exemplified in the  
9 project into the educational curriculum of the institution.

10 (e) Participation and engagement in public outreach efforts  
11 that promote and showcase the use of renewable energy systems  
12 associated with the project.

13 (7) University and community college projects authorized for  
14 construction in this act may also be eligible for the incentives  
15 provided in subsection (1), provided they meet the eligibility  
16 criteria in subsection (2). The total authorized cost of the  
17 project is increased by 2% (1% state share and 1% institutional  
18 share), respectively, if program statements and schematic design  
19 documents meeting the requirements of subsection (2) are approved  
20 by JCOS prior to the start of construction.

21 Sec. 409. (1) Before money is released for the construction or  
22 lease of a capital outlay project costing over \$1,000,000.00, at  
23 the request of JCOS the department shall submit to JCOS, with  
24 preliminary planning documents, a detailed comparative cost  
25 analysis. The cost analysis shall include a comparison of the  
26 financial and other benefits of construction, financing, operation,  
27 and maintenance of the proposed facility between all of the

1 following:

2 (a) The state.

3 (b) The private sector.

4 (c) A combination of the state and the private sector.

5 (d) A lease agreement.

6 (2) If the department's recommendation for financing is  
7 inconsistent with the findings of the comparative cost analysis,  
8 the department shall present written documentation to JCOS  
9 outlining the rationale for the recommendation.

10 (3) For purposes of this section, "capital outlay project"  
11 means a construction project or lease requiring JCOS approval  
12 including, but not limited to, a general office facility, special  
13 use facility, warehouse, institutional facility, or utility system  
14 designed for use by a state agency or university. Capital outlay  
15 project does not include a special maintenance and remodeling  
16 project, grant-in-aid project, prison facility, legislative  
17 facility, judicial facility, community college facility, or self-  
18 liquidating project constructed by a university.

19 Sec. 410. Pursuant to section 242(2) of the management and  
20 budget act, 1984 PA 431, MCL 18.1242, the department shall submit  
21 5-year capital outlay plans and capital outlay priority requests  
22 developed by state agencies (and as approved by the department of  
23 management and budget), universities, and community colleges to the  
24 chairperson and ranking vice-chairperson of JCOS and the fiscal  
25 agencies upon the release of the executive budget recommendation.

26 **STATE AGENCY LUMP SUMS**

1       Sec. 501. (1) The directors of respective departments shall  
2 allocate lump-sum appropriations made in this act consistent with  
3 statutory provisions and the purposes for which funds were  
4 appropriated. Lump-sum allocations shall address priority program  
5 or facility needs and may include, but are not limited to, design,  
6 construction, remodeling and addition, special maintenance, major  
7 special maintenance, energy conservation, and demolition.

8       (2) The state budget director may authorize that funds  
9 appropriated for lump-sum appropriations shall be available for no  
10 more than 3 fiscal years following the fiscal year in which the  
11 original appropriation was made. Any remaining balance from  
12 allocations made in this section shall lapse to the fund from which  
13 it was appropriated pursuant to the lapsing of funds as provided in  
14 the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

#### 15 **COLLEGES AND UNIVERSITIES**

16       Sec. 601. (1) This section applies only to projects for  
17 community colleges.

18       (2) State support is directed towards the remodeling and  
19 additions, special maintenance, or construction of certain  
20 community college buildings. The community college shall obtain or  
21 provide for site acquisition and initial main utility installation  
22 to operate the facility. Funding shall be comprised of local and  
23 state shares, and the state share shall include 50% of any federal  
24 money awarded for projects appropriated in this act. Not more than  
25 50% of a capital outlay project, not including a lump-sum special  
26 maintenance project or remodeling and addition project, for a

1 community college shall be appropriated from state and federal  
2 funds, unless otherwise appropriated by the legislature.

3 (3) An expenditure under this act is authorized when the  
4 release of the appropriation is approved by the board upon the  
5 recommendation of the director. The director may recommend to the  
6 board the release of any appropriation in part 1 only after the  
7 director is assured that the legal entity operating the community  
8 college to which the appropriation is made has complied with this  
9 act and has matched the amounts appropriated as required by this  
10 act. A release of funds in part 1 shall not exceed 50% of the total  
11 cost of planning and construction of any project, not including  
12 lump-sum remodeling and additions and special maintenance, unless  
13 otherwise appropriated by the legislature. Further planning and  
14 construction of a project authorized by this act or applicable  
15 sections of the management and budget act, 1984 PA 431, MCL 18.1101  
16 to 18.1594, shall be in accordance with the purpose and scope as  
17 defined and delineated in the approved program statements and  
18 planning documents. This act is applicable to all projects for  
19 which planning appropriations were made in previous acts.

20 (4) The community college shall take the steps necessary to  
21 secure available federal construction and equipment money for  
22 projects funded for construction in this act if an application was  
23 not previously made. If there is a reasonable expectation that a  
24 prior year unfunded application may receive federal money in a  
25 subsequent year, the college shall take whatever action necessary  
26 to keep the application active. If federal money is received, the  
27 state share shall be adjusted accordingly as provided by this act.

1       Sec. 602. If matching revenues are received in an amount less  
2       than the appropriations contained in this act, the state funds of  
3       the appropriation shall be reduced in proportion to the amount of  
4       matching revenue received.

5       Sec. 603. (1) The director may require that community colleges  
6       and universities that have an authorized project listed in part 1  
7       submit documentation regarding the project match and governing  
8       board approval of the authorized project not more than 60 days  
9       after the beginning of the fiscal year.

10       (2) If the documentation required by the director under  
11       subsection (1) is not submitted, or does not adequately  
12       authenticate the availability of the project match or board  
13       approval of the authorized project, the authorization may  
14       terminate. The authorization terminates 30 days after the director  
15       notifies the JCOS of the intent to terminate the project unless the  
16       JCOS convenes to extend the authorization.

17       Sec. 604. The appropriation included in section 107 for  
18       university and community college planning project authorizations  
19       allows for the completion of program statements and schematic  
20       planning documents. These projects will not receive cost and  
21       construction authorizations in subsequent budget acts unless there  
22       is sufficient bonding capacity available under the state building  
23       authority's statutory bond capacity limit.

#### 24       USE AND FINANCE STATEMENTS

25       Sec. 651. (1) Except as otherwise provided in subsection (3)  
26       or (4), a university shall not enter into a contract for new

1 construction of a self-funded project estimated to cost more than  
2 \$3,000,000.00 unless the project is authorized by JCOS through  
3 approval of a use and finance statement defined by a policy adopted  
4 by JCOS. The request for authorization shall be initially submitted  
5 for review to JCOS, the senate and house fiscal agencies, and the  
6 department. The use and finance statement for a non-state-funded  
7 project shall contain the estimated total construction cost and all  
8 associated estimated operating costs, including a statement of  
9 anticipated project revenues. As used in this subsection, "new  
10 construction" includes land or property acquisition, remodeling and  
11 additions, maintenance projects, roads, landscaping, equipment,  
12 telecommunications, utilities, and parking lots and structures.  
13 Certificate of need forms may be submitted in lieu of a use and  
14 finance form where applicable.

15 (2) Except as otherwise provided in subsection (4), a  
16 community college shall not enter into a contract for new  
17 construction of a self-funded project estimated to cost more than  
18 \$2,000,000.00 unless the project is authorized by JCOS through  
19 approval of a use and finance statement defined by a policy adopted  
20 by JCOS. The request for legislative authorization shall be  
21 initially submitted for review to JCOS, the senate and house fiscal  
22 agencies, and the department. The use and finance statement for a  
23 non-state-funded project shall contain the estimated total  
24 construction cost and all associated estimated operating costs,  
25 including a statement of anticipated project revenues. As used in  
26 this subsection, "new construction" includes land or property  
27 acquisition, remodeling and additions, maintenance projects, roads,

1 landscaping, equipment, telecommunications, utilities, and parking  
2 lots and structures. Certificate of need forms may be submitted in  
3 lieu of a use and finance form where applicable.

4 (3) The University of Michigan Hospital and Health Center is  
5 not required to obtain JCOS authorization through approval of a use  
6 and finance statement defined by a policy adopted by JCOS.

7 (4) If health or safety concerns warrant, a project may be  
8 completed without prior approval of a use and finance statement  
9 defined by a policy adopted by JCOS. However, a university or  
10 community college shall submit a use and finance statement as soon  
11 as possible after the project is completed and the health or safety  
12 concerns have abated.

13 (5) A project that is constructed in violation of this section  
14 shall not receive state appropriations for purposes of operating  
15 the project or for support for future infrastructure enhancements  
16 that are necessitated, in whole or in part, by construction of the  
17 project. In addition, a project constructed in violation of this  
18 section shall result in the loss of any state capital outlay  
19 funding for the institution for 2 years and a prohibition of doing  
20 self-funded projects of any kind, except for emergencies where  
21 health or safety concerns warrant, for 1 year.

22 (6) A state agency, including the department of military  
23 affairs, shall not enter into a contract, including those for a  
24 direct federally funded capital outlay construction or major  
25 maintenance or remodeling project if the total project is estimated  
26 to cost more than \$1,000,000.00 and is to be constructed on state-  
27 owned lands unless the project is approved by the department and

1 JCOS through approval of a use and finance statement defined by a  
2 policy adopted by JCOS, unless the project is otherwise  
3 appropriated in a capital outlay appropriations act. For projects  
4 not appropriated in a capital outlay appropriations act that are  
5 over \$1,000,000.00, the state agency shall submit a use and finance  
6 statement defined by a policy adopted by JCOS. As used in this  
7 subsection, "direct federally funded" refers to a project for which  
8 federal payments are made directly to the construction vendor and  
9 not to the state of Michigan.

10 (7) A public body corporate created under section 28 of  
11 article VII of the state constitution of 1963 and the urban  
12 cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to  
13 124.512, by a contractual interlocal agreement between local  
14 participating economic development corporations formed under the  
15 economic development corporations act, 1974 PA 338, MCL 125.1601 to  
16 125.1636, and the Michigan strategic fund shall not enter into a  
17 contract for new construction estimated to cost more than  
18 \$1,000,000.00 unless the project is authorized by JCOS through the  
19 approval of a use and finance statement defined by a policy adopted  
20 by JCOS. For purposes of this subsection, the use and finance  
21 statement for a project shall contain the estimated total  
22 construction cost and all associated estimated operating costs. As  
23 used in this subsection, "new construction" means land or property  
24 acquisition, remodeling or additions, lease or lease purchase, and  
25 maintenance projects for the corporate office of the public body  
26 corporate described in this subsection.

27 (8) By not later than April 1 and October 1, each university

1 shall report to the JCOS chairpersons, the fiscal agencies, and the  
2 department all self-funded capital projects commenced for the  
3 immediately preceding 6-month period that cost less than  
4 \$3,000,000.00 but at least \$1,000,000.00. Community colleges shall  
5 also submit these reports for self-funded capital projects that  
6 cost less than \$2,000,000.00 but at least \$1,000,000.00.

7       Sec. 652. (1) A university or community college receiving a  
8 project approval pursuant to section 651 shall give preference to  
9 goods or services, or both, that are manufactured or provided by  
10 Michigan businesses if they are competitively priced and of  
11 comparable quality.

12       (2) A university or community college shall be required to  
13 submit bid documents to the JCOS as requested.

#### 14   DEPARTMENT OF CORRECTIONS

15       Sec. 671. A maximum security prison that is constructed or  
16 completed after October 1, 1986 shall have operating staffed  
17 watchtowers equipped with the weaponry, lighting, sighting, and  
18 communications devices necessary for effective execution of its  
19 function. The watchtowers shall be constructed pursuant to the  
20 American correctional association standards for watchtowers.

21       Sec. 672. (1) An appropriation and authorization contained in  
22 this act or a previous appropriations act for the construction of a  
23 new correctional facility, including a correctional camp, for which  
24 a specific site was not identified with the appropriation shall not  
25 be expended until approved by JCOS.

26       (2) For the purposes of this section, "site" means a city,

1 village, township, or county in which a correctional facility may  
2 be located.

3 **DEPARTMENT OF MANAGEMENT AND BUDGET**

4 Sec. 681. (1) The department shall provide JCOS and the fiscal  
5 agencies a report, not more than 15 days after the reporting date,  
6 of privately owned leased space by state agencies, by September 30  
7 of each year, consisting of the following:

- 8 (a) Department.
- 9 (b) Agency division and leased number.
- 10 (c) Building location (address and city).
- 11 (d) Type of building.
- 12 (e) County.
- 13 (f) Name and address of lessor.
- 14 (g) Square footage and net square footage rate.
- 15 (h) Monthly and annual cost.
- 16 (i) Date lease started and expires.
- 17 (j) Options and services.
- 18 (k) Total monthly and annual cost for all leases.
- 19 (2) The lease report shall be summarized for office space,  
20 group homes, and other space for the Lansing area and statewide,  
21 excepting the Lansing area.

22 Sec. 682. (1) A state agency shall provide notification to  
23 JCOS prior to commencing a demolition project not authorized by  
24 law. The demolition project may be disapproved by JCOS within 30  
25 days after the date of notification, and if disapproved within that  
26 time, the demolition project shall not be authorized. The

1 notification to JCOS shall identify the building or facility to be  
2 demolished and its location, the estimated cost of the demolition  
3 project, estimated project schedule, and the source of financing.

4 (2) The 30-day disapproval period does not apply to any  
5 notifications submitted during a period when the legislature will  
6 not be in session for 15 days or more. In these situations, the 30-  
7 day disapproval period begins on the first scheduled session day.

8 Sec. 683. Pursuant to department policy, state agencies may  
9 expend not more than \$1,000,000.00 from their operating budget for  
10 special maintenance, remodeling, additions, or other capital outlay  
11 purposes, unless specifically authorized by the legislature, for  
12 those purposes.

#### 13 **DEPARTMENT OF MILITARY AND VETERANS AFFAIRS**

14 Sec. 701. The appropriations in part 1 for the department of  
15 military and veterans affairs design and construction projects are  
16 contingent upon the availability of federal and state restricted  
17 funds for financing.

#### 18 **DEPARTMENT OF NATURAL RESOURCES**

19 Sec. 801. The appropriation made in this act for the harbors  
20 and docks program is for the purpose of participating with the  
21 federal government and assisting political entities and  
22 subdivisions of this state in the construction and improvement of  
23 recreational boating facilities within this state. Subject to the  
24 approval of the board, this money shall be allocated by the  
25 department of natural resources to the federal government or to the

1 political entities or local units of government involved in the  
2 particular projects. An allocation shall not exceed the state  
3 portion as listed with each project description. The department of  
4 natural resources shall take the steps necessary to match federal  
5 money available for the construction and improvement of  
6 recreational boating facilities within this state and to meet  
7 requirements of the federal government.

8       Sec. 802. The department of natural resources shall require  
9 local units of government to enter into agreements with the  
10 department for the purpose of administering the natural resources  
11 trust fund grants appropriated in part 1. Among other provisions,  
12 the agreements shall require that grant recipients agree to  
13 dedicate to public outdoor recreation uses in perpetuity the land  
14 acquired or developed; to replace lands converted or lost to other  
15 than public outdoor recreation use; and, for parcels acquired that  
16 are over 5 or more acres in size, to provide the state with a  
17 nonparticipating 1/6 minimum royalty interest in any acquired  
18 minerals that are retained by the grant recipient. The agreements  
19 shall also provide that the full payments of grants can be made  
20 only after proof of acquisition, or completion of the development  
21 project, is submitted by the grant recipient and all costs are  
22 verified by the department of natural resources.

23       Sec. 803. Before the end of each fiscal year, the department  
24 of natural resources shall report each year to JCOS the status of  
25 each project that received an appropriation in any capital outlay  
26 act, if the project is either not completed or has a balance  
27 remaining in its account. The report shall be in the same form and

1 contain the information as required under section 504. The report  
2 shall be separated into the following areas, by fund sources:

- 3 (a) Waterways projects.
- 4 (b) Urban recreation projects.
- 5 (c) State park projects.
- 6 (d) Wildlife and fisheries projects.
- 7 (e) Other projects.

8 **STATE TRANSPORTATION DEPARTMENT**

9 Sec. 901. (1) From federal-state-local project appropriations  
10 contained in part 1 for the purpose of assisting political entities  
11 and subdivisions of this state in the construction and improvement  
12 of publicly used airports and landing fields within this state, the  
13 state transportation department may permit the award of contracts  
14 on behalf of units of local government for the authorized locations  
15 not to exceed the indicated amounts, of which the state allocated  
16 portion shall not exceed the amount appropriated in part 1.

17 (2) Political entities and subdivisions shall provide not less  
18 than 2.5% of the cost of any project under this section, unless a  
19 total nonfederal share greater than 5% is otherwise specified in  
20 federal law. State money shall not be allocated until local money  
21 is allocated. State money for any 1 project shall not exceed 1/3 of  
22 the total appropriation in part 1 from state funds for airport  
23 improvement programs.

24 (3) The Michigan aeronautics commission may take those steps  
25 necessary to match federal money available for airport construction  
26 and improvement within this state and to meet the matching

1 requirements of the federal government. Whether acting alone or  
2 jointly with another political subdivision or public agency or with  
3 this state, a political subdivision or public agency of this state  
4 shall not submit to any agency of the federal government a project  
5 application for airport planning or development unless it is  
6 authorized in this act and the project application is approved by  
7 the governing body of each political subdivision or public agency  
8 making the application and by the Michigan aeronautics commission.

9       Sec. 902. Before the end of each fiscal year, the state  
10 transportation department shall report to JCOS the status of  
11 projects funded in part 1 with the estimated dollars allocated for  
12 each project. If there has to be a delay in reporting, the state  
13 transportation department shall notify JCOS in writing of the date  
14 the report will be received.

15       Sec. 903. (1) A planning project or construction project  
16 appropriated for the airport program shall be made available for no  
17 more than 2 fiscal years following the fiscal year in which the  
18 original appropriation was made.

19       (2) Any remaining balance from allocations made in this  
20 section shall lapse to the fund from which it was appropriated  
21 pursuant to the lapsing of funds as provided in the management and  
22 budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

### 23 MISCELLANEOUS

24       Sec. 1001. (1) Revenue collected from licenses issued under  
25 the antenna site management project shall be deposited into the  
26 antenna site management revolving fund created for this purpose in

1 the department of information technology. The department may  
2 receive and expend funds from the fund for costs associated with  
3 the antenna site management project, including the cost of a third-  
4 party site manager. Any excess revenue remaining in the fund at the  
5 close of the fiscal year shall be proportionately transferred to  
6 the appropriate state restricted funds as designated in statute or  
7 by constitution.

8 (2) An antenna shall not be sited pursuant to this section  
9 without prior compliance with the respective local zoning codes and  
10 local unit of government processes.

11 Sec. 1002. (1) A site preparation economic development fund is  
12 hereby created in the department of management and budget. As used  
13 in this section, "economic development sites" means those state-  
14 owned sites declared as surplus property pursuant to section 251 of  
15 the management and budget act, 1984 PA 431, MCL 18.1251, that would  
16 provide economic benefit to the area or to the state. The Michigan  
17 economic development corporation board and the state budget  
18 director shall determine whether or not a specific state-owned site  
19 qualifies for inclusion in the fund created under this subsection.

20 (2) Proceeds from the sale of any sites designated in  
21 subsection (1) shall be deposited into the fund created in  
22 subsection (1) and shall be available for site preparation  
23 expenditures, unless otherwise provided by law. The economic  
24 development sites authorized in subsection (1) are hereby  
25 authorized for sale consistent with state law. Expenditures from  
26 the fund are hereby authorized for site preparation activities that  
27 enhance the marketable sale value of the sites. Site preparation

1 activities include, but are not limited to, demolition,  
2 environmental studies and abatement, utility enhancement, and site  
3 excavation.

4 (3) A cash advance in an amount of not more than  
5 \$25,000,000.00 is hereby authorized from the general fund to the  
6 site preparation economic development fund.

7 (4) An annual report shall be transmitted to the senate and  
8 house of representatives appropriations committees not later than  
9 December 31 of each year. This report shall detail both of the  
10 following:

11 (a) The revenue and expenditure activity in the fund for the  
12 preceding fiscal year.

13 (b) The sites identified as economic development sites under  
14 subsection (1).
