A SUMMARY OF SENATE BILL 483 AS PASSED BY THE SENATE 6-18-09

Last year, in Public Act 347 of 2008, the Legislature revised provisions relating to participation licenses (or "no kill tag" licenses) for bear and bobcat hunting found in Part 435 (Hunting and Fishing Licensing) of the Natural resources and Environmental Protection Act. As amended, Part 435 currently allows an unlicensed hunter to accompany a licensed hunter on a bear or bobcat hunt so long as he or she does not carry certain weapons (a firearm, bow, or crossbow) *or own or possess dogs* used to chase or locate the bear or bobcat.

Senate Bill 483 would delete the current restriction on possessing a dog used during such a hunt if the person wants to participate in it without purchasing a license. In other words, the bill would allow an unlicensed hunter to accompany a licensed hunter on such a hunt so long as the unlicensed hunter does not carry a proscribed weapon or *own* the dogs being used. Mere *possession* of a dog during the hunt would not trigger the need for a participation license. So long as the person did not carry a proscribed weapon or own the dogs, he or she could handle and possess dogs used in the hunt without purchasing a participation license.

FISCAL IMPACT:

The bill would not have a fiscal impact on the state or on local units of government.
