\*Reflects State Budget Office letters of 10/21/09, 12/3/09, and 12/11/09. Does not reflect pending requests for appropriations from revenue received under federal American Recovery and Reinvestment Act (ARRA), which were included in the enacted version of House Bill 5404.

**OVERVIEW**

As passed by the House on September 30, 2009, House Bill 5403 contained appropriations restoring \$261.2 million in budget reductions adopted under various FY 2009-10 budget acts, funded from new state revenue that would be received through two new restricted funds under proposed statutory changes. Note that this document does not include information on the items included in the House-passed version of the bill. A separate HFA summary of the House-passed is available.

As passed by the Senate on January 14, 2010, House Bill 5403 contains various FY 2009-10 supplemental appropriations consistent with requests received from the State Budget Office (SBO), as well as two additional items in the Human Services budget not requested by the SBO. The appropriations in the bill total \$8.9 million, funded from federal (\$3.4 million), private (\$25,000), and state restricted (\$5.5 million) revenues. The bill has no impact on General Fund/General Purpose (GF/GP) appropriations.

The House concurred with the Senate-passed version of the bill, and the bill was signed into law as Public Act 2 of 2010.

**FY 2009-10 Appropriation Items:**

**ENERGY, LABOR, AND ECONOMIC GROWTH**

**1. Workforce Innovation and Regional Economic Development**

Appropriates \$1.2 million in federal funds available from the U.S. Department of Labor WIRED Initiative. The program was established in 2006, with the apparent aim of improve the capacity of regional partners to expand the ability of regional assets (people, infrastructure, institutions) to generate economic activity. In three rounds of grant awards three regional partnerships in the state have received funding from the U.S. DOL (West Michigan, Mid-Michigan, and Southeastern Michigan.) The supplemental provides funding for the SE Michigan WIRED initiative. The SE Michigan WIRED Initiative - through the Detroit Regional Chamber, Detroit Renaissance, and other regional partners - aims to create a talent base for emerging (life sciences, advanced manufacturing, homeland security, and alternative energy) and existing industries and realign regional assets and programs to foster entrepreneurship and a diversified regional economy.
