Senate Bill 608 (as enacted)
Sponsor: Senator Ron Jelinek
Senate Committee: Appropriations
House Committee: Appropriations

PUBLIC ACT 145 OF 2009

Date Completed: 11-18-09

CONTENT

Senate Bill 608 would provide for supplemental appropriations for fiscal year (FY) 2009-10. Specifically, the bill would appropriate \$38.0 million of Federal funds to the Department of Energy, Labor, and Economic Growth. The Federal funds are available under provisions of the American Recovery and Reinvestment Act of 2009 (ARRA). The funding, which would be used for workforce training programs, was recommended to the Legislature by the Office of the State Budget on October 7, 2009.

The \$38.0 million of Federal ARRA funding would be used in support of employment and training services for dislocated workers throughout Michigan. The Federal government requires states to spend these Federal funds over a 12-month period. The funding would be distributed by the Department of Energy, Labor, and Economic Growth to three regions across the State. The southeastern Michigan region would receive \$18.6 million, the mid-Michigan region would receive \$9.0 million, and the western Michigan region would receive \$10.4 million. A significant portion of this Federal funding would be used to support the enrollment of dislocated workers in training programs run by community colleges during the 2010 winter semester.
