## Changes from FY 2008-09 Year to Date:

## Conference Agreement on Items of Difference

- 1. **Updated Prescription Drug Website.** Language included in the proposed budget requires the Department to maintain and regularly update a more comprehensive prescription drug website beginning April 1, 2010. The website will be used to provide consumers with information regarding customary prescription drug prices and dosages. (Sec. 285)
- 2. **Substance Abuse Funding.** The budget dictated that counties where there exists a single coordinating agency and a single pre-paid inpatient health plan (PIHP) may explore consolidation of services if they meet certain criteria. (Sec. 407)
- 3. **Community Mental Health (CMH) non-Medicaid Funding Equity.** The budget included language requiring the implementation of a funding equity formula for CMH non-Medicaid programming. (Sec. 462)
- 4. **Privatization of Food and Custodial Services at State Hospitals and Centers.** The budget included language requiring the Department to evaluate the privatization of food and custodial services at State hospitals and centers. Such privatization could only occur if certain criteria were met. (Sec. 608)
- 5. **Outsourcing of Medical Marihuana Administration.** Conference included language directing the Department to investigate the feasibility of instituting a competitive bid process to identify a vendor to administer the medical Marihuana application and registration process. (Sec. 727)
- 6. **Enrollment of new CSHCS beneficiaries into HMOs.** The budget included new language permitting the voluntary enrollment of Children's Special Health Care Services beneficiaries into managed care if they are eligible for Medicaid. (Sec. 1204)
- 7. **Expansion of Beneficiary Monitoring.** The budget directed the Department to develop a plan to expand the existing Medicaid beneficiary monitoring program. This program has previously been used to manage the care of Medicaid beneficiaries who do not comply with treatment protocols. (Sec. 1826)
- 8. **Contingency Language on Rate Cuts.** The budget included language which explicitly states the Medicaid rate cuts to be applied to the various provider groups for fiscal year 2009-2010. This language also included specifications for a physician quality assurance assessment program (QAAP), should one be enacted, to mitigate the rate cuts to provider groups and other entities which face cuts in the fiscal year 2009-2010 budget. (Sec. 1828)
