23 absent voter counting boards. The board of election commissioners
24 shall determine the number of absent voter counting boards to be
25 established and shall appoint the election inspectors to those
26 absent voter counting boards 10 days or more before the election at
27 which they are to be used. Sections 673a and 674 apply to the

1 appointment of election inspectors to absent voter counting boards
2 under this section. The board of election commissioners shall
3 determine the number of ballots that may be expeditiously counted
4 by an absent voter counting board in a reasonable period of time,
5 taking into consideration the size and complexity of the ballot to
6 be counted pursuant to the guidelines of the secretary of state.
7 Combined ballots shall be regarded as the number of ballots as
8 there are sections to the ballot.

9 (3) If more than 1 absent voter counting board is to be used,
10 the city, township, or village clerk shall determine the number of
11 voting machines or the number of ballot boxes and the number of
12 election inspectors to be used in each of the absent voter counting
13 boards and to which absent voter counting board the absent voter
14 ballots for each precinct shall be assigned for counting. The clerk
15 shall make the determination under this subsection 2 days or more
16 before the election and shall not assign an absent voter counting
17 board more ballots than the maximum number authorized by the board
18 of election commissioners under subsection (2). The clerk is not
19 required to use all of the absent voter counting boards authorized
20 by the board of election commissioners under subsection (2).

21 (4) In a city, township, or village that uses absent voter
22 counting boards under this section, absent voter ballots shall be
23 counted in the manner provided in this section and absent voter
24 ballots shall not be delivered to the polling places. The board of
25 election commissioners shall provide a place for each absent voter
26 counting board to count the absent voter ballots. Section 662
27 applies to the designation and prescribing of the absent voter

1 counting place or places in which the absent voter counting board
2 performs its duties under this section. The places shall be
3 designated as absent voter counting places. Except as otherwise
4 provided in this section, laws relating to paper ballot precincts,
5 including laws relating to the appointment of election inspectors,
6 apply to absent voter counting places. If a counting place uses
7 voting machines, the provisions of this section relating to placing
8 of absent voter ballots on voting machines apply. More than 1
9 absent voter counting board may be located in 1 building.

10 (5) The clerk of a city, township, or village that uses absent
11 voter counting boards shall supply each absent voter counting board
12 with supplies necessary to carry out their duties under this act.
13 The supplies shall be furnished to the city, township, or village
14 clerk in the same manner and by the same persons or agencies as for
15 other precincts.

16 (6) Absent voter ballots received by the clerk before election
17 day shall be delivered to the absent voter counting board by the
18 clerk at the time the election inspectors of the absent voter
19 counting boards report for duty, which time shall be established by
20 the board of election commissioners. Absent voter ballots received
21 by the clerk on election day shall be delivered to the absent voter
22 counting boards before the time set for the closing of the polls.
23 Absent voter ballots shall be delivered to the absent voter
24 counting boards in the sealed absent voter ballot return envelopes
25 in which they were returned to the clerk. Written or stamped on
26 each of the return envelopes shall be the time and the date that
27 the envelope was received by the clerk and a statement by the clerk

1 that the signatures of the absent voters on the envelopes have been
2 checked and found to agree with the signatures of the voters on the
3 registration cards or the digitized signatures of voters contained
4 in the qualified voter file as provided under section 766. If a
5 signature on the registration card or a digitized signature
6 contained in the qualified voter file and on the absent voter
7 ballot return envelope does not agree as provided under section
8 766, if the absent voter failed to sign the envelope, or if the
9 statement of the absent voter is not properly executed, the clerk
10 shall mark the envelope "rejected" and the reason for the rejection
11 and shall place his or her name under the notation. An envelope
12 marked "rejected" shall not be delivered to the absent voter
13 counting board but shall be preserved by the clerk until other
14 ballots are destroyed in the manner provided in this act. The clerk
15 shall also comply with section 765(5).

16 (7) At the time of issuing or mailing absent voter ballots to
17 qualified applicants, the clerk of a city, township, or village
18 that uses absent voter counting boards shall mark the letters
19 "A.V." and the date of election on the registration card of the
20 applicant in the precinct registration file.

21 (8) This chapter does not prohibit an absent voter from voting
22 in person within the voter's precinct at an election,
23 notwithstanding that the voter may have applied for an absent voter
24 ballot and the ballot may have been mailed or otherwise delivered
25 to the voter. The voter, the election inspectors, and other
26 election officials shall proceed in the manner prescribed in
27 section 769. The clerk shall preserve the canceled ballots for 2

1 years.

2 (9) The absent voter counting boards shall process the ballots
3 and returns in as nearly as possible the same manner as ballots are
4 processed in paper ballot precincts. The poll book may be combined
5 with the absent voter list or record required by section 760, and
6 the applications for absent voter ballots may be used as the poll
7 list. The processing and tallying of absent voter ballots may
8 commence at 7 a.m. on the day of the election.

9 (10) An election inspector, challenger, or any other person in
10 attendance at an absent voter counting place at any time after the
11 processing of ballots has begun shall take and sign the following
12 oath that may be administered by the chairperson or a member of the
13 absent voter counting board:

14 "I (name of person taking oath) do solemnly swear (or affirm)
15 that I shall not communicate in any way any information relative to
16 the processing or tallying of votes that may come to me while in
17 this counting place until after the polls are closed.".

18 (11) The oaths administered under subsection (10) shall be
19 placed in an envelope provided for the purpose and sealed with the
20 red state seal. Following the election the oaths shall be delivered
21 to the city, township, or village clerk. Except as otherwise
22 provided in subsection (16), a person in attendance at the absent
23 voter counting place shall not leave the counting place after the
24 tallying has begun until the polls close. A person who causes the
25 polls to be closed or who discloses an election result or in any
26 manner characterizes how any ballot being counted has been voted in
27 a voting precinct before the time the polls can be legally closed

1 on election day is guilty of a felony.

2 (12) At the time the board of election commissioners provide
3 for the use of absent voter counting boards, the board of election
4 commissioners may provide that the absent voter counting boards
5 shall record the votes contained on absent voter ballots on voting
6 machines. In that case, the recording of ballots shall be done by
7 the chairperson of the absent voter counting board or another
8 member designated by the chairperson. The act of casting the votes
9 shall be performed in the presence of and under the careful
10 observation and full view of all members of the absent voter
11 counting board, party challengers, and any other persons lawfully
12 present at the absent voter counting place. The vote as indicated
13 by the voting pointers shall not be recorded until each member of
14 the absent voter counting board is satisfied that the arrangement
15 of the voting pointers fully carries out the intent of the absent
16 voter as shown by the cross marks or check marks on the absent
17 voter ballot. A certificate that the requirements of this
18 subsection were met shall be made on the election inspectors'
19 statement of returns.

20 (13) As soon as absent voter ballots have been cast on a
21 voting machine pursuant to subsection (12), but not before 8 p.m.,
22 the election inspectors shall seal the operating lever of the
23 machine against voting and shall then proceed to determine and
24 record the votes cast in the manner provided in this act.

25 (14) Voted absent voter ballots shall be placed in a ballot
26 box and the ballot bag and ballot box shall be sealed in the manner
27 provided by this act for paper ballot precincts. The seal numbers

1 shall be recorded on the statement sheet and in the poll book.

2 (15) In a city, township, or village where challenged voters
3 are required to vote on absent voter ballots, each challenged voter
4 ballot and application for ballot, after having been voted and
5 properly identified, shall be placed by the voter in an absent
6 voter ballot return envelope. The applicable information required
7 on the back of the envelope shall be completed by the board of
8 election inspectors. The envelope shall be signed by the challenged
9 voter and by the chairperson of the precinct board of election
10 inspectors. The word "challenged" shall be written across the front
11 of the envelope. The envelope and application for ballot shall be
12 sealed and delivered to the absent voter counting place by the
13 clerk of the city, township, or village. Immediately after the
14 closing of the polls, the chairperson of the precinct board of
15 election inspectors shall notify the clerk of the city, township,
16 or village of remaining challenged voter ballots to be delivered to
17 the absent voter counting place. In a city, township, or village
18 that uses voting machines where absent voter counting boards are
19 not used, challenged ballots shall be counted and tallied in the
20 precincts, in the same manner that absent voter ballots are tallied
21 and counted as provided in section 791.

22 (16) Subject to this subsection, a local election official who
23 has established an absent voter counting board, the deputy or
24 employee of that local election official, or an employee of the
25 state bureau of elections may enter and leave an absent voter
26 counting board after the tally has begun but before the polls
27 close. A person described in this subsection may enter an absent

1 voter counting board only for the purpose of responding to an
2 inquiry from an election inspector or a challenger or to provide
3 instructions on the operation of the counting board. Before
4 entering an absent voter counting board, a person described in this
5 subsection shall take and sign the oath prescribed in subsection
6 (10). The chairperson of the absent voter counting board shall
7 record in the poll book the name of a person described in this
8 subsection who enters the absent voter counting board. A person
9 described in this subsection who enters an absent voter counting
10 board and who discloses an election result or in any manner
11 characterizes how any ballot being counted has been voted in a
12 precinct before the time the polls can be legally closed on
13 election day is guilty of a felony. As used in this subsection,
14 "local election official" means a county, city, township, or
15 village clerk. ~~, the secretary of a school board, or an employee of~~
16 ~~a school district designated to conduct a school election.~~

17 (17) The secretary of state shall develop instructions
18 consistent with this act for the conduct of absent voter counting
19 boards. The secretary of state shall distribute the instructions
20 developed under this subsection to city and township clerks 40 days
21 or more before a general election in which absent voter counting
22 boards will be used. A city or township clerk shall make the
23 instructions developed under this subsection available to the
24 public and shall distribute the instructions to each challenger in
25 attendance at an absent voter counting board. The instructions
26 developed under this subsection are binding upon the operation of
27 an absent voter counting board used in an election conducted by a

1 county, city, township, **OR** village. ~~, school district, or any other~~
2 ~~jurisdiction empowered to conduct an election under this act.~~
