11 appraiser.

12 (5) Subject to subsection (6), the director of the department
13 of technology, management, and budget shall take the necessary

3 based on any positive economic impact to the state likely to be
4 generated by the proposed use of the property, especially economic
5 impact resulting in the creation of jobs or increased capital

15 consideration the director considers proper, fair, and valuable,
16 including a transfer or conveyance for no monetary consideration.

17 (6) Before offering the property described in section 1 for
18 public sale, the director of the department of technology,
19 management, and budget shall first offer the property described in
20 subsection (1), or any portion of that property, to Lurvey White

1 Lurvey White Ventures 1, LLC entering into lease number 11530 with
2 the state for possession of a portion of the property of
3 approximately 120,000 usable square feet of space, with an initial
4 annual base rent not to exceed \$2,060,000.00 for the department of

25 property, terminating the grantee's or successor's estate in the
26 property.

27 (g) If the grantee or successor disputes the state's exercise

1 of its right of reentry and fails to promptly deliver possession of
2 the property to the state, the attorney general, on behalf of the
3 state, may bring an action to quiet title to, and regain possession
4 of, the property.

5 (h) If the state reenters and repossesses the property, the

8 (8) If the property is conveyed to Lurvey White Ventures 1,

18 of the notice. If the state waives its first refusal right, Lurvey
19 White Ventures 1, LLC shall pay to the state 40% of the difference
20 between the sale price of the conveyance from the state and the
21 sale price of the subsequent sale or sales to a third party.

22 (9) Any conveyance for less than fair market value authorized
23 by subsection (5)(f) shall provide for all of the following:

24 (a) The property shall be used exclusively for public purposes
25 and if any fee, term, or condition for the use of the property is
26 imposed on members of the public, or if any of those fees, terms,
27 or conditions are waived for use of this property, all members of

1 the public shall be subject to the same fees, terms, conditions,
2 and waivers.

3 (b) In the event of an activity inconsistent with subdivision
4 (a), the state may reenter and repossess the property, terminating
5 the grantee's or successor's estate in the property.

6 (c) If the grantee or successor disputes the state's exercise
7 of its right of reentry and fails to promptly deliver possession of
8 the property to the state, the attorney general, on behalf of the
9 state, may bring an action to quiet title to, and regain possession
10 of, the property.

11 (d) If the state reenters and repossesses the property, the
12 state shall not be liable to reimburse any party for any
13 improvements made on the property.

14 (e) The grantee shall reimburse the state for requested costs
15 necessary to prepare the property for conveyance.

16 (f) If the local unit of government grantee intends to convey
17 the property, or any portion of the property, within 7 years after
18 the conveyance from the state, the grantee shall provide notice to
19 the department of technology, management, and budget of its intent
20 to offer the property for sale. The department of technology,
21 management, and budget shall retain a right to first purchase the
22 property at the original sale price, or if a partition of the
23 property is being offered, the prorated sale price, within 90 days
24 after the notice. In the event that the state waives its first
25 refusal right, the local unit of government shall pay to the state
26 40% of the difference between the sale price of the conveyance from
27 the state and the sale price of the local unit's subsequent sale or

1 sales to a third party.

2 (10) The department of attorney general shall approve as to
3 legal form the quitclaim deed authorized by this section.

4 (11) The state shall not reserve oil, gas, or mineral rights
5 to the property conveyed under this section. However, the
6 conveyance authorized under this section shall provide that, if the
7 purchaser or any grantee develops any oil, gas, or minerals found
8 on, within, or under the conveyed property, the purchaser or any
9 grantee shall pay the state 50% of the gross revenue generated from
10 the development of the oil, gas, or minerals. This payment shall be
11 deposited in the general fund.

12 (12) The state reserves all aboriginal antiquities including
13 mounds, earthworks, forts, burial and village sites, mines, or
14 other relics lying on, within, or under the property with power to
15 the state and all others acting under its authority to enter the
16 property for any purpose related to exploring, excavating, and
17 taking away the aboriginal antiquities.

18 (13) The net revenue received from the sale of property under
19 this section shall be used first to retire outstanding debt
20 financed by the state building authority for the residential
21 facility on the property. Any funds remaining will then be used to
22 reimburse any money that has been financed by the state building
23 authority for special maintenance projects on the property. Any
24 funds remaining shall be deposited in the state treasury and
25 credited to the general fund. As used in this section, "net
26 revenue" means the proceeds from the sale of the property less
27 reimbursement for any costs to the state associated with the sale

1 of property, including, but not limited to, administrative costs,
2 including employee wages, salaries, and benefits; costs of reports
3 and studies and other materials necessary to the preparation of
4 sale; environmental remediation; legal fees; and any litigation
5 related to the conveyance of the property.

6 (14) Contingent upon the conveyance of the property as
7 authorized in subsection (6) and with the approval of the state
8 administrative board, the department of technology, management, and
9 budget is authorized to enter into a lease for possession of a
10 portion of the property of approximately 120,000 usable square feet
11 of space, with an initial annual base rent not to exceed
12 \$2,060,000.00, for the department of education for the purpose of
13 providing school facilities for educating the deaf. All documents
14 regarding the lease shall be approved as to legal form by the
15 attorney general. The initial lease entered into under this
16 subsection is exempt from the requirement of joint capital outlay
17 subcommittee approval under section 221(3) of the management and
18 budget act, 1984 PA 431, MCL 18.1221.
