

HOUSE BILL No. 4523

March 10, 2009, Introduced by Reps. Clemente and Scripps and referred to the Committee on New Economy and Quality of Life.

A bill to amend 2007 PA 36, entitled
"Michigan business tax act,"
by amending section 430 (MCL 208.1430), as added by 2008 PA 270.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 430. (1) ~~Except as otherwise provided under subsection~~
2 ~~(6) and subject~~ **SUBJECT** to the limitations under subsection (2),
3 for tax years that begin on or after January 1, 2009, a qualified
4 taxpayer that has entered into an agreement with the Michigan
5 economic growth authority that provides that the taxpayer will
6 construct and operate in this state a new facility for development
7 and manufacturing of photovoltaic energy, photovoltaic systems, or
8 other photovoltaic technology may claim a credit against the tax
9 imposed by this act equal to 50% of the capital investments made by
10 the taxpayer in that new facility during the tax year.

1 (2) The Michigan economic growth authority shall not enter
2 into an agreement under this section after ~~November 1, 2008~~
3 **DECEMBER 31, 2010**. The total amount of credits allowed under this
4 section for all tax years shall not exceed \$25,000,000.00. An
5 agreement shall specify all of the following:

6 (a) The amount of capital investment that will be made in a
7 new facility engaged in the development and manufacturing of
8 photovoltaic energy, photovoltaic systems, and other photovoltaic
9 technology.

10 (b) The number of qualified new jobs at the facility at which
11 the investment will be made.

12 (c) The total credit that may be claimed under this section.

13 (3) The credit allowed under this section shall be taken by a
14 qualified taxpayer in equal installments over 2 years beginning
15 with the tax year in which the certification was issued. If in any
16 of those years the credit allowed under this section for the tax
17 year exceeds the taxpayer's or assignee's tax liability for the tax
18 year, that portion that exceeds the tax liability for the tax year
19 shall be refunded.

20 (4) A taxpayer shall not claim a credit under this section
21 unless the Michigan economic growth authority has issued a
22 certificate to the taxpayer. The taxpayer shall attach the
23 certificate to the annual return filed under this act on which a
24 credit under this section is claimed. The certificate required
25 under this subsection shall state all of the following:

26 (a) The taxpayer is located in this state and engaged in the
27 development and manufacturing of photovoltaic energy, photovoltaic

1 systems, or other photovoltaic technology and qualifies for the
2 credit under this section.

3 (b) The taxpayer's federal employer identification number or
4 the Michigan department of treasury number assigned to the taxpayer
5 and, for a taxpayer that is a unitary business group, the federal
6 employer identification number or Michigan department of treasury
7 number assigned to the member of the group engaged in this state in
8 the development and manufacturing of photovoltaic energy,
9 photovoltaic systems, or other photovoltaic technology.

10 (c) The total amount of capital investments made during the
11 tax year and the amount of the credit under this section for which
12 the taxpayer is allowed to claim for the designated tax year.

13 (5) A taxpayer or assignee that claims a credit under this
14 section and subsequently fails to meet the requirements of this
15 section or any other conditions established by the Michigan
16 economic growth authority in the agreement provided for in this
17 section in order to obtain a certificate for which the credit was
18 claimed under this section may, as to be determined by the Michigan
19 economic growth authority, have its credit reduced or terminated or
20 have a percentage of the credit amount previously claimed under
21 this section added back to the tax liability of the taxpayer in the
22 tax year that the taxpayer or assignee fails to comply with this
23 section.

24 (6) A qualified taxpayer may assign all or a portion of a
25 credit allowed under this section. A credit assignment under this
26 subsection is irrevocable and shall be made in the tax year in
27 which a certificate is issued. However, a qualified taxpayer may

1 also convey the right to obtain an assignment of the credit under
2 this section after an agreement has been approved by the Michigan
3 economic growth authority and before a certificate has been issued.
4 A qualified taxpayer may claim a portion of a credit and assign the
5 remaining credit amount. The credit assignment under this
6 subsection shall be made on a form prescribed by the Michigan
7 economic growth authority. The Michigan economic growth authority
8 or its designee shall review and issue a completed assignment
9 certificate to the assignee. An assignee shall attach a copy of the
10 completed assignment certificate to its annual return required
11 under this act, for the tax year in which the assignment is made
12 and the assignee first claims a credit, which shall be the same tax
13 year. In addition to all other procedures and requirements under
14 this section, the following apply:

15 (a) The credit shall be assigned based on the schedule
16 contained in the certificate.

17 (b) If the qualified taxpayer assigns all or a portion of the
18 credit amount, the qualified taxpayer shall assign the annual
19 credit amount for each tax year separately.

20 (c) More than 1 annual credit amount may be assigned to any 1
21 assignee, and the qualified taxpayer may assign all or a portion of
22 each annual credit amount to any assignee.

23 (7) A taxpayer that has entered into an agreement with the
24 Michigan economic growth authority for a credit under sections 432
25 through 432d is not eligible for the credit under this section.

26 (8) As used in this section:

27 (a) "Capital investment" means the cost, including fabrication

1 and installation, paid or accrued in the tax year of property of a
2 type that is, or under the internal revenue code will become,
3 eligible for depreciation, amortization, or accelerated capital
4 cost recovery for federal income tax purposes, provided that the
5 property is physically located in this state for use in a business
6 activity in this state.

7 (b) "Full-time job" means a job performed by an individual for
8 35 hours or more each week and whose income and social security
9 taxes are withheld by 1 or more of the following:

10 (i) A qualified taxpayer.

11 (ii) An employee leasing company on behalf of a qualified
12 taxpayer.

13 (iii) A professional employer organization on behalf of a
14 qualified taxpayer.

15 (c) "Michigan economic growth authority" means the Michigan
16 economic growth authority created in the Michigan economic growth
17 authority act, 1995 PA 24, MCL 207.801 to 207.810.

18 (d) "Qualified new job" means a full-time job created by a
19 qualified taxpayer at a facility or facilities that is in excess of
20 the number of full-time jobs a qualified taxpayer maintained in
21 this state or at a facility prior to the expansion or location, as
22 determined by the authority.

23 (e) "Qualified taxpayer" means a taxpayer that has entered an
24 agreement to create at least 700 qualified new jobs and to make at
25 least \$50,000,000.00 in a qualified capital investment of which
26 \$25,000,000.00 shall be made prior to the issuance of a certificate
27 under this section.

1 (f) "Photovoltaic cells" means an integrated device consisting
2 of layers of semiconductor materials and electric constructs
3 capable of converting incident light directly into electricity.

4 (g) "Photovoltaic energy" means solar energy.

5 (h) "Photovoltaic modules" means an assembly of interconnected
6 photovoltaic cells.

7 (i) "Photovoltaic systems" means solar energy devices composed
8 of 1 or more photovoltaic cells or photovoltaic modules, and
9 inverter or other power conditioning unit or photovoltaic
10 technology designed to deliver power of a selected current and
11 voltage, wires, and other electrical connectors in order to
12 generate electricity, heat or cool a residential structure, provide
13 hot water for use in a residential structure, or provide solar
14 process heat. Batteries for power storage may also be included in
15 photovoltaic systems.

16 (j) "Photovoltaic technology" means solar power technology
17 that uses photovoltaic cells and modules to convert light from the
18 sun directly into electricity. Photovoltaic technology includes
19 equipment, component parts, materials, electronic devices, testing
20 equipment, and other related systems that are specifically designed
21 or fabricated and used primarily for 1 or more of the following:

22 (i) The storage, generation, reformation, or distribution of
23 clean fuels integrated within a photovoltaic system.

24 (ii) The process of utilizing photovoltaic energy to generate
25 electricity for use by consumers.

26 (k) "Property" means section 1245 property and section 1250
27 property as those terms are defined in sections 1245 and 1250 of

1 the internal revenue code.
