26 decrease in spending authorization.

27 Sec. 822. (1) Revenue collected from licenses issued under the

1 antenna site management project shall be deposited into the antenna
2 site management revolving fund created for this purpose in the
3 department of technology, management, and budget. The department
4 may receive and expend money from the fund for costs associated
5 with the antenna site management project, including the cost of a
6 third-party site manager. Any excess revenue remaining in the fund
7 at the close of the fiscal year shall be proportionately
8 transferred to the appropriate state restricted funds as designated
9 in statute or by constitution.

10 (2) An antenna shall not be placed on any site pursuant to
11 this section without complying with the respective local zoning
12 codes and local unit of government processes.

13 Sec. 823. In addition to the funds appropriated in part 1, the
14 funds collected by the department for supplying census-related
15 information and technical services, publications, statistical
16 studies, population projections and estimates, and other
17 demographic products area appropriated for all expenses necessary
18 to provide the required services. These funds are available for
19 expenditure when they are received and may be carried forward into
20 the next succeeding fiscal year.

21 **STATE BUILDING AUTHORITY**

22 Sec. 840. (1) Subject to section 242 of the management and
23 budget act, 1984 PA 431, MCL 18.1242, and upon the approval of the
24 state building authority, the department may expend from the
25 general fund of the state during the fiscal year ending September
26 30, 2011 an amount to meet the cash flow requirements of those
27 state building authority projects solely for lease to a state

1 agency identified in both part 1 and this section, and for which
2 state building authority bonds or notes have not been issued, and
3 for the sole acquisition by the state building authority of
4 equipment and furnishings for lease to a state agency as permitted
5 by 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of
6 bonds or notes is authorized by a legislative concurrent resolution
7 that is effective for the fiscal year ending September 30, 2011.

8 Any general fund advances for which state building authority bonds
9 have not been issued shall bear an interest cost to the state
10 building authority at a rate not to exceed that earned by the state
11 treasurer's common cash fund during the period in which the
12 advances are outstanding and are repaid to the general fund of the
13 state.

14 (2) Upon sale of bonds or notes for the projects identified in
15 part 1 or for equipment as authorized by legislative concurrent
16 resolution and in this section, the state building authority shall
17 credit the general fund of the state an amount equal to that
18 expended from the general fund plus interest, if any, as defined in
19 this section.

20 (3) For state building authority projects for which bonds or
21 notes have been issued and upon the request of the state building
22 authority, the state treasurer shall make advances without interest
23 from the general fund as necessary to meet cash flow requirements
24 for the projects, which advances shall be reimbursed by the state
25 building authority when the investments earmarked for the financing
26 of the projects mature.

27 (4) In the event that a project identified in part 1 is

1 terminated after final design is complete, advances made on behalf
2 of the state building authority for the costs of final design shall
3 be repaid to the general fund in a manner recommended by the
4 director.

5 Sec. 841. (1) State building authority funding to finance
6 construction or renovation of a facility that collects revenue in
7 excess of money required for the operation of that facility shall
8 not be released to a university or community college unless the
9 institution agrees to reimburse that excess revenue to the state
10 building authority. The excess revenue shall be credited to the
11 general fund to offset rent obligations associated with the
12 retirement of bonds issued for that facility. The auditor general
13 shall annually identify and present an audit of those facilities
14 that are subject to this section. Costs associated with the
15 administration of the audit shall be charged against money
16 recovered pursuant to this section.

17 (2) As used in this section, "revenue" includes state
18 appropriations, facility opening money, other state aid, indirect
19 cost reimbursement, and other revenue generated by the activities
20 of the facility.

21 Sec. 842. (1) The state building authority rent appropriations
22 in part 1 may also be expended for the payment of required premiums
23 for insurance on facilities owned by the state building authority
24 or payment of costs that may be incurred as the result of any
25 deductible provisions in such insurance policies.

26 (2) If the amount appropriated in part 1 for state building
27 authority rent is not sufficient to pay the rent obligations and

1 insurance premiums and deductibles identified in subsection (1) for
2 state building authority projects, there is appropriated from the
3 general fund of the state the amount necessary to pay such
4 obligations.

5 Sec. 843. The state building authority shall provide to the
6 JCOS, state budget director, and senate and house fiscal agencies a
7 report relative to the status of construction projects associated
8 with state building authority bonds as of September 30 of each
9 year, on or before October 15, or not more than 30 days after a
10 refinancing or restructuring bond issue is sold. The report shall
11 include, but is not limited to, the following:

12 (a) A list of all completed construction projects for which
13 state building authority bonds have been sold, and which bonds are
14 currently active.

15 (b) A list of all projects under construction for which sale
16 of state building authority bonds is pending.

17 (c) A list of all projects authorized for construction or
18 identified in an appropriations bill for which approval of
19 schematic/preliminary plans or total authorized cost is pending
20 that have state building authority bonds identified as a source of
21 financing.

22 **CIVIL SERVICE**

23 Sec. 851. (1) In accordance with section 5 of article XI of
24 the state constitution of 1963, all restricted funds shall be
25 assessed a sum not less than 1% of the total aggregate payroll paid
26 from those funds to finance the civil service commission on the
27 basis of actual restricted sources of total aggregated payroll of

1 the classified service for fiscal year 2010. This includes, but is
2 not limited to, restricted funds appropriated in part 1 of any
3 appropriations bill. Unexpended appropriated funds shall be
4 returned to each fund source at the end of the fiscal year.

5 (2) The appropriations in part 1 are estimates of actual
6 charges based on payroll appropriations. With the approval of the
7 state budget director, the commission is authorized to adjust
8 financing sources for civil service charges based on actual payroll
9 expenditures, provided that such adjustments do not increase the
10 total appropriation for the civil service commission.

11 (3) The financing from restricted sources shall be credited to
12 the civil service commission by the end of the second fiscal
13 quarter.

14 Sec. 852. Except where specifically appropriated for this
15 purpose, financing from restricted sources shall be credited to the
16 civil service commission. For restricted sources of funding within
17 the general fund that have the legislative authority for carryover,
18 if current spending authorization or revenues are insufficient to
19 accept the charge, the shortage shall be taken from carryforward
20 balances of that funding source. Restricted revenue sources that do
21 not have carryforward authority shall be utilized to satisfy
22 commission operating deducts first and civil service obligations
23 second. General fund dollars are appropriated for any shortfall,
24 pursuant to approval by the state budget director.

25 Sec. 853. The appropriation in part 1 to the civil service
26 commission, for state-sponsored group insurance, flexible spending
27 accounts, and COBRA, represents amounts, in part, included within

1 the various appropriations throughout state government for the
2 current fiscal year to fund the flexible spending account program
3 included within the civil service commission. Deposits against
4 state-sponsored group insurance, flexible spending accounts, and
5 COBRA for the flexible spending account program shall be made from
6 assessments levied during the current fiscal year in a manner
7 prescribed by the civil service commission. Unspent employee
8 contributions to the flexible spending accounts may be used to
9 offset administrative costs for the flexible spending account
10 program, with any remaining balance of unspent employee
11 contributions to be lapsed to the general fund.

17 construction, remodeling and addition, special maintenance, major
18 special maintenance, energy conservation, and demolition.

19 (2) The state budget director may authorize that funds
20 appropriated for lump-sum appropriations shall be available for no
21 more than 3 fiscal years following the fiscal year in which the
22 original appropriation was made. Any remaining balance from
23 allocations made in this section shall lapse to the fund from which

6 state-owned sites declared as surplus property pursuant to section
7 251 of the management and budget act, 1984 PA 431, MCL 18.1251,
8 that would provide economic benefit to the area or to the state.
9 The Michigan economic development corporation board and the state
10 budget director shall determine whether or not a specific state-
11 owned site qualifies for inclusion in the fund created under this
12 subsection.

13 (2) Proceeds from the sale of any sites designated in
14 subsection (1) shall be deposited into the fund created in
15 subsection (1) and shall be available for site preparation

20 marketable sale value of the sites. Site preparation activities
21 include, but are not limited to, demolition, environmental studies
22 and abatement, utility enhancement, and site excavation.

7 **CAPITAL OUTLAY - UNIVERSITIES AND COMMUNITY COLLEGES**

8 Sec. 870. A statement of a proposed facility's operating cost
9 shall be included with the facility's program statement and
10 planning documents when the plans are presented to JCOS for
11 approval.

12 Sec. 871. (1) Before proceeding with final planning and
13 construction for projects at community colleges and universities
14 included in an appropriations act, the community college or
15 university shall sign an agreement with the department that
16 includes the following provisions:

17 (a) The university or community college agrees to construct
18 the project within the total authorized cost established by the
19 legislature pursuant to the management and budget act, 1984 PA 431,
20 MCL 18.1101 to 18.1594, and an appropriations act.

21 (b) The design and program scope of the project shall not
22 deviate from the design and program scope represented in the
23 program statement and preliminary planning documents approved by
24 the department.

25 (c) Any other items as identified by the department that are
26 necessary to complete the project.

27 (2) The department retains the authority and responsibility

1 normally associated with the prudent maintenance of the public's
2 financial and policy interests relative to the state-financed
3 construction projects managed by a community college or university.

4 Sec. 872. A community college or university shall take steps
5 necessary to make available federal and other money indicated in
6 this bill, to make available federal or other money that may become
7 available for the purposes for which appropriations are made in
8 this bill, and to use any part or all of the appropriations to meet
9 matching requirements that are considered to be in the best
10 interest of this state. However, the purpose, scope, and total
11 estimated cost of a project shall not be altered to meet the
12 matching requirements. Any federal matching revenues received to
13 support the construction of the project shall be applied to the
14 total authorized project cost, with the state and community college
15 or university financing shares proportionately adjusted.

16 Sec. 873. (1) This section applies only to projects for
17 community colleges.

18 (2) State support is directed towards the remodeling and
19 additions, special maintenance, or construction of certain
20 community college buildings. The community college shall obtain or
21 provide for site acquisition and initial main utility installation
22 to operate the facility. Funding shall be comprised of local and
23 state shares and not more than 50% of a capital outlay project, not
24 including a lump sum special maintenance project or remodeling and
25 addition project, for a community college shall be appropriated
26 from state and federal funds, unless otherwise appropriated by the
27 legislature.

1 (3) An expenditure under this bill is authorized when the
2 release of the appropriation is approved by the board upon the
3 recommendation of the director. The director may recommend to the
4 board the release of any appropriation in part 1 only after the
5 director is assured that the legal entity operating the community
6 college to which the appropriation is made has complied with this
7 bill and has matched the amounts appropriated as required by this
8 bill. A release of funds in part 1 shall not exceed 50% of the
9 total cost of planning and construction of any project, not
10 including lump-sum remodeling and additions and special
11 maintenance, unless otherwise appropriated by the legislature.
12 Further planning and construction of a project authorized by this
13 bill or applicable sections of the management and budget act, 1984
14 PA 431, MCL 18.1101 to 18.1594, shall be in accordance with the
15 purpose and scope as defined and delineated in the approved program
16 statements and planning documents. This bill is applicable to all
17 projects for which planning appropriations were made in previous
18 acts.

19 (4) The community college shall take the steps necessary to
20 secure available federal construction and equipment money for
21 projects funded for construction in this bill if an application was
22 not previously made. If there is a reasonable expectation that a
23 prior year unfunded application may receive federal money in a
24 subsequent year, the college shall take whatever action necessary
25 to keep the application active.

26 Sec. 874. If university and community college matching
27 revenues are received in an amount less than the appropriations for

1 capital projects contained in this bill, the state funds shall be
2 reduced in proportion to the amount of matching revenue received.

3 Sec. 875. (1) The director may require that community colleges
4 and universities that have an authorized project listed in part 1
5 submit documentation regarding the project match and governing
6 board approval of the authorized project not more than 60 days
7 after the beginning of the fiscal year.

8 (2) If the documentation required by the director under
9 subsection (1) is not submitted, or does not adequately
10 authenticate the availability of the project match or board
11 approval of the authorized project, the authorization may
12 terminate. The authorization terminates 30 days after the director
13 notifies the JCOS of the intent to terminate the project unless the
14 JCOS convenes to extend the authorization.

15 Sec. 876. (1) Except as otherwise provided in subsection (3)
16 or (4), a university shall not enter into a contract for new
17 construction of a self-funded project estimated to cost at least
18 \$3,000,000.00 unless the project is authorized by JCOS through
19 approval of a use and finance statement defined by a policy adopted
20 by JCOS. The request for authorization shall be initially submitted
21 for review to JCOS, the senate and house fiscal agencies, and the
22 department. The use and finance statement for a non-state-funded
23 project shall contain the estimated total construction cost and all
24 associated estimated operating costs, including a statement of
25 anticipated project revenues. As used in this subsection, "new
26 construction" includes land or property acquisition, remodeling and
27 additions, maintenance projects, roads, landscaping, equipment,

1 telecommunications, utilities, and parking lots and structures.
2 Certificate of need forms may be submitted in lieu of a use and
3 finance form where applicable.

4 (2) Except as otherwise provided in subsection (4), a
5 community college shall not enter into a contract for new
6 construction of a self-funded project estimated to cost at least
7 \$2,000,000.00 unless the project is authorized by JCOS through
8 approval of a use and finance statement defined by a policy adopted
9 by JCOS. The request for legislative authorization shall be
10 initially submitted for review to JCOS, the senate and house fiscal
11 agencies, and the department. The use and finance statement for a
12 non-state-funded project shall contain the estimated total
13 construction cost and all associated estimated operating costs,
14 including a statement of anticipated project revenues. As used in
15 this subsection, "new construction" includes land or property
16 acquisition, remodeling and additions, maintenance projects, roads,
17 landscaping, equipment, telecommunications, utilities, and parking
18 lots and structures. Certificate of need forms may be submitted in
19 lieu of a use and finance form where applicable.

20 (3) The University of Michigan hospital and health center is
21 not required to obtain JCOS authorization through approval of a use
22 and finance statement defined by a policy adopted by JCOS.

23 (4) If health or safety concerns warrant, a project may be
24 completed without prior approval of a use and finance statement
25 defined by a policy adopted by JCOS. However, a university or
26 community college shall submit a use and finance statement as soon
27 as possible after the project is completed and the health or safety

1 concerns have abated.

2 (5) A project that is constructed in violation of this section
3 shall not receive state appropriations for purposes of operating
4 the project or for support for future infrastructure enhancements
5 that are necessitated, in whole or in part, by construction of the
6 project. In addition, a project constructed in violation of this
7 section shall result in the loss of any state capital outlay
8 funding for the institution for 2 years and a prohibition of doing
9 self-funded projects of any kind, except for emergencies where
10 health or safety concerns warrant, for 1 year.

11 6) A state agency, including the department of military
12 affairs, shall not enter into a contract, including those for a
13 direct federally funded capital outlay construction or major
14 maintenance or remodeling project if the total project is estimated
15 to cost more than \$1,000,000.00 and is to be constructed on state-
16 owned lands unless the project is approved by the department and
17 JCOS through approval of a use and finance statement defined by a
18 policy adopted by JCOS, unless the project is otherwise
19 appropriated in a capital outlay appropriations act. For projects
20 not appropriated in a capital outlay appropriations act that are
21 over \$1,000,000.00, the state agency shall submit a use and finance
22 statement defined by a policy adopted by JCOS. As used in this
23 subsection, "direct federally funded" refers to a project for which
24 federal payments are made directly to the construction vendor and
25 not to the state of Michigan.

26 (7) A public body corporate created under section 28 of
27 article VII of the state constitution of 1963 and the urban

1 cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to
2 124.512, by a contractual interlocal agreement between local
3 participating economic development corporations formed under the
4 economic development corporations act, 1974 PA 338, MCL 125.1601 to
5 125.1636, and the Michigan strategic fund shall not enter into a
6 contract for new construction estimated to cost more than
7 \$1,000,000.00 unless the project is authorized by JCOS through the
8 approval of a use and finance statement defined by a policy adopted
9 by JCOS. For purposes of this subsection, the use and finance
10 statement for a project shall contain the estimated total
11 construction cost and all associated estimated operating costs. As
12 used in this subsection, "new construction" means land or property
13 acquisition, remodeling or additions, lease or lease purchase, and
14 maintenance projects for the corporate office of the public body
15 corporate described in this subsection.

16 (8) By not later than April 1 and October 1, each university
17 shall report to the JCOS chairpersons, the senate and house fiscal
18 agencies, and the department all self-funded capital projects
19 commenced for the immediately preceding 6-month period that cost
20 less than \$3,000,000.00 but at least \$1,000,000.00. Community
21 colleges shall also submit these reports for self-funded capital
22 projects that cost less than \$2,000,000.00 but at least
23 \$1,000,000.00.
