Senate Concurrent Resolution No. 41.

A concurrent resolution to memorialize the President, the Congress, and the Federal Communications Commission of the United States to refrain from regulating Internet broadband services as common carrier services under Title II of the Communications Act of 1934.

Whereas, Due in large part to the unregulated efforts of private enterprise over the past 25 years, the development of the Internet has dramatically transformed the way Michigan citizens work, live, and learn. The deployment of efficient, fast, and reliable broadband networks throughout Michigan has created thousands of jobs and economic benefits for local economies; and

Whereas, In order to encourage the growth and development of the Internet, the Federal Communications Commission (FCC) has historically followed a policy to refrain from regulating broadband Internet services as common carrier services under Title II of the Communications Act of 1934. As a result, the United States has been at the forefront of technological, business, and social innovation on the Internet; and

Whereas, On May 6, 2010, the chairman of the FCC announced a proposal to reclassify broadband Internet services as common carrier services so that they can be more tightly regulated, together with a proposal to forbear from imposing certain common carrier obligations on broadband Internet providers; and

Whereas, It is the judgment of the Michigan Senate that using monopoly-era provisions of Title II of the Communications Act of 1934 to regulate the Internet will slow investment in Michigan's Internet broadband infrastructure and jeopardize future job growth; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we memorialize the President, the Congress, and the Federal Communications Commission of the United States to refrain from regulating Internet broadband services as common carrier services under Title II of the Communications Act of 1934; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, the members of the Michigan congressional delegation, and the commissioners of the Federal Communications Commission.
