A bill to amend 1893 PA 206, entitled
"The general property tax act,"
by amending section 9 (MCL 211.9), as amended by 2008 PA 337.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 9. (1) The following personal property, and real property
2 described in subdivision (j)(i), is exempt from taxation:

3 (a) The personal property of charitable, educational, and
4 scientific institutions incorporated under the laws of this state.
5 This exemption does not apply to secret or fraternal societies, but
6 the personal property of all charitable homes of secret or
7 fraternal societies and nonprofit corporations that own and operate
8 facilities for the aged and chronically ill in which the net income
9 from the operation of the nonprofit corporations or secret or
10 fraternal societies does not inure to the benefit of a person other

1 than the residents is exempt.

2 (b) The property of all library associations, circulating
3 libraries, libraries of reference, and reading rooms owned or
4 supported by the public and not used for gain.

5 (c) The property of posts of the grand army of the republic,
6 sons of veterans' unions, and of the women's relief corps connected
7 with them, of young men's Christian associations, women's Christian
8 temperance union associations, young people's Christian unions, a
9 boy or girl scout or camp fire girls organization, 4-H clubs, and
10 other similar associations.

11 (d) Pensions receivable from the United States.

12 (e) The property of Indians who are not citizens.

13 (f) The personal property owned and used by a householder such
14 as customary furniture, fixtures, provisions, fuel, and other
15 similar equipment, wearing apparel including personal jewelry,
16 family pictures, school books, library books of reference, and
17 allied items. Personal property is not exempt under this
18 subdivision if it is used to produce income, if it is held for
19 speculative investment, or if it constitutes an inventory of goods
20 for sale in the regular course of trade.

21 (g) Household furnishings, provisions, and fuel of not more
22 than \$5,000.00 in taxable value, of each social or professional
23 fraternity, sorority, and student cooperative house recognized by
24 the educational institution at which it is located.

25 (h) The working tools of a mechanic of not more than \$500.00
26 in taxable value. "Mechanic", as used in this subdivision, means a
27 person skilled in a trade pertaining to a craft or in the

1 construction or repair of machinery if the person's employment by
2 others is dependent on his or her furnishing the tools.

3 (i) Fire engines and other implements used in extinguishing
4 fires owned or used by an organized or independent fire company.

5 (j) Property actually used in agricultural operations and farm
6 implements held for sale or resale by retail servicing dealers for
7 use in agricultural production. As used in this subdivision,
8 "agricultural operations" means farming in all its branches,
9 including cultivation of the soil, growing and harvesting of an
10 agricultural, horticultural, or floricultural commodity, dairying,
11 raising of livestock, bees, fur-bearing animals, or poultry, turf
12 and tree farming, raising and harvesting of fish, collecting,
13 evaporating, and preparing maple syrup if the owner of the property
14 has \$25,000.00 or less in annual gross wholesale sales, and any
15 practices performed by a farmer or on a farm as an incident to, or
16 in conjunction with, farming operations, but excluding retail sales
17 and food processing operations. Property used in agricultural
18 operations includes all of the following:

19 (i) A methane digester and a methane digester electric
20 generating system if the person claiming the exemption complies
21 with all of the following:

22 (A) After the construction of the methane digester or the
23 methane digester electric generating system is completed, the
24 person claiming the exemption submits to the local tax collecting
25 unit an application for the exemption and a copy of certification
26 from the department of agriculture that it has verified that the
27 farm operation on which the methane digester or methane digester

1 electric generating system is located is in compliance with the
2 appropriate system of the Michigan agriculture environmental
3 assurance program in the year immediately preceding the year in
4 which the affidavit is submitted. Three years after an application
5 for exemption is approved and every 3 years thereafter, the person
6 claiming the exemption shall submit to the local tax collecting
7 unit an affidavit attesting that the department of agriculture has
8 verified that the farm operation on which the methane digester or
9 methane digester electric generating system is located is in
10 compliance with the appropriate system of the Michigan agriculture
11 environmental assurance program. The application for the exemption
12 under this subparagraph shall be in a form prescribed by the
13 department of treasury and shall be provided to the person claiming
14 the exemption by the local tax collecting unit.

15 (B) When the application is submitted to the local tax
16 collecting unit, the person claiming the exemption also submits
17 certification provided by the department of ~~environmental quality~~
18 **NATURAL RESOURCES AND ENVIRONMENT** that he or she is not currently
19 being investigated for a violation of part 31 of the natural
20 resources and environmental protection act, 1994 PA 451, MCL
21 324.3101 to 324.3133, that within a 3-year period immediately
22 preceding the date the application is submitted to the local tax
23 collecting unit, he or she has not been found guilty of a criminal
24 violation under part 31 of the natural resources and environmental
25 protection act, 1994 PA 451, MCL 324.3101 to 324.3133, and that
26 within a 1-year period immediately preceding the date the
27 application is submitted to the local tax collecting unit, he or

1 she has not been found responsible for a civil violation that
2 resulted in a civil fine of \$10,000.00 or more under part 31 of the
3 natural resources and environmental protection act, 1994 PA 451,
4 MCL 324.3101 to 324.3133.

5 (C) The person claiming an exemption cooperates by allowing
6 access for not more than 2 universities to collect information
7 regarding the effectiveness of the methane digester and the methane
8 digester electric generating system in generating electricity and
9 processing animal waste and production area waste. Information
10 collected under this sub-subparagraph shall not be provided to the
11 public in a manner that would identify the owner of the methane
12 digester or the methane digester electric generating system or the
13 farm operation on which the methane digester or the methane
14 digester electric generating system is located. The identity of the
15 owner of the methane digester or the methane digester electric
16 generating system and the identity of the owner and location of the
17 farm operation on which the methane digester or the methane
18 digester electric generating system is located are exempt from
19 disclosure under the freedom of information act, 1976 PA 442, MCL
20 15.231 to 15.246. As used in this sub-subparagraph, "university"
21 means a public 4-year institution of higher education created under
22 article VIII of the state constitution of 1963.

23 (D) The person claiming the exemption ensures that the methane
24 digester and methane digester electric generating system are
25 operated under the specific supervision and control of persons
26 certified by the department of agriculture as properly qualified to
27 operate the methane digester, methane digester electric generating

1 system, and related waste treatment and control facilities. The
2 department of agriculture shall consult with the department of
3 ~~environmental quality~~ **NATURAL RESOURCES AND ENVIRONMENT** and the
4 Michigan state university cooperative extension service in
5 developing the operator certification program.

6 (ii) A biomass gasification system. As used in this
7 subparagraph, "biomass gasification system" means apparatus and
8 equipment that thermally decomposes agricultural, food, or animal
9 waste at high temperatures and in an oxygen-free or a controlled
10 oxygen-restricted environment into a gaseous fuel and the equipment
11 used to generate electricity or heat from the gaseous fuel or store
12 the gaseous fuel for future generation of electricity or heat.

13 (iii) A thermal depolymerization system. As used in this
14 subparagraph, "thermal depolymerization system" means apparatus and
15 equipment that use heat to break down natural and synthetic
16 polymers and that can accept only organic waste.

17 (iv) Machinery that is capable of simultaneously harvesting
18 grain or other crops and biomass and machinery used for the purpose
19 of harvesting biomass. As used in this subparagraph, "biomass"
20 means crop residue used to produce energy or agricultural crops
21 grown specifically for the production of energy.

22 (v) Machinery used to prepare the crop for market operated
23 incidental to a farming operation that does not substantially alter
24 the form, shape, or substance of the crop and is limited to
25 cleaning, cooling, washing, pitting, grading, sizing, sorting,
26 drying, bagging, boxing, crating, and handling if not less than 33%
27 of the volume of the crops processed in the year ending on the

1 applicable tax day or in at least 3 of the immediately preceding 5
2 years were grown by the farmer in Michigan who is the owner or user
3 of the crop processing machinery.

4 (vi) MACHINERY USED TO INSTALL LAND TILE ON PROPERTY EXEMPT
5 UNDER SECTION 7EE AS QUALIFIED AGRICULTURAL PROPERTY. IF MACHINERY
6 IS USED TO INSTALL LAND TILE ON PROPERTY OTHER THAN QUALIFIED
7 AGRICULTURAL PROPERTY, THAT MACHINERY IS EXEMPT ONLY TO THE EXTENT
8 THAT IT IS USED TO INSTALL LAND TILE ON QUALIFIED AGRICULTURAL
9 PROPERTY. A PERSON CLAIMING AN EXEMPTION UNDER THIS SECTION SHALL
10 INDICATE THE MACHINERY'S PERCENTAGE OF EXEMPT USE IN THE STATEMENT
11 SUBMITTED UNDER SECTION 19. AS USED IN THIS SUBPARAGRAPH, "LAND
12 TILE" MEANS FIRED CLAY OR PERFORATED PLASTIC TUBING USED AS PART OF
13 A SUBSURFACE DRAINAGE SYSTEM FOR LAND.

14 (k) Personal property of not more than \$500.00 in taxable
15 value used by a householder in the operation of a business in the
16 householder's dwelling or at 1 other location in the city,
17 township, or village in which the householder resides.

18 (l) The products, materials, or goods processed or otherwise
19 and in whatever form, but expressly excepting alcoholic beverages,
20 located in a public warehouse, United States customs port of entry
21 bonded warehouse, dock, or port facility on December 31 of each
22 year, if those products, materials, or goods are designated as in
23 transit to destinations outside this state pursuant to the
24 published tariffs of a railroad or common carrier by filing the
25 freight bill covering the products, materials, or goods with the
26 agency designated by the tariffs, entitling the shipper to
27 transportation rate privileges. Products in a United States customs

1 port of entry bonded warehouse that arrived from another state or a
2 foreign country, whether awaiting shipment to another state or to a
3 final destination within this state, are considered to be in
4 transit and temporarily at rest, and not subject to the collection
5 of taxes under this act. To obtain an exemption for products,
6 materials, or goods under this subdivision, the owner shall file a
7 sworn statement with, and in the form required by, the assessing
8 officer of the tax district in which the warehouse, dock, or port
9 facility is located, at a time between the tax day, December 31,
10 and before the assessing officer closes the assessment rolls
11 describing the products, materials, or goods, and reporting their
12 cost and value as of December 31 of each year. The status of
13 persons and products, materials, or goods for which an exemption is
14 requested is determined as of December 31, which is the tax day.
15 Any property located in a public warehouse, dock, or port facility
16 on December 31 of each year that is exempt from taxation under this
17 subdivision but that is not shipped outside this state pursuant to
18 the particular tariff under which the transportation rate privilege
19 was established shall be assessed upon the immediately succeeding
20 or a subsequent assessment roll by the assessing officer and taxed
21 at the same rate of taxation as other taxable property for the year
22 or years for which the property was exempted to the owner at the
23 time of the omission unless the owner or person entitled to
24 possession of the products, materials, or goods is a resident of,
25 or authorized to do business in, this state and files with the
26 assessing officer, with whom statements of taxable property are
27 required to be filed, a statement under oath that the products,

1 materials, or goods are not for sale or use in this state and will
2 be shipped to a point or points outside this state. If a person,
3 firm, or corporation claims exemption by filing a sworn statement,
4 the person, firm, or corporation shall append to the statement of
5 taxable property required to be filed in the immediately succeeding
6 year or, if a statement of taxable property is not filed for the
7 immediately succeeding year, to a sworn statement filed on a form
8 required by the assessing officer, a complete list of the property
9 for which the exemption was claimed with a statement of the manner
10 of shipment and of the point or points to which the products,
11 materials, or goods were shipped from the public warehouse, dock,
12 or port facility. The assessing officer shall assess the products,
13 materials, or goods not shipped to a point or points outside this
14 state upon the immediately succeeding assessment roll or on a
15 subsequent assessment roll and the products, materials, or goods
16 shall be taxed at the same rate of taxation as other taxable
17 property for the year or years for which the property was exempted
18 to the owner at the time of the omission. The records, accounts,
19 and books of warehouses, docks, or port facilities, individuals,
20 partnerships, corporations, owners, or those in possession of
21 tangible personal property shall be open to and available for
22 inspection, examination, or auditing by assessing officers. A
23 warehouse, dock, port facility, individual, partnership,
24 corporation, owner, or person in possession of tangible personal
25 property shall report within 90 days after shipment of products,
26 materials, or goods in transit, for which an exemption under this
27 section was claimed or granted, the destination of shipments or

1 parts of shipments and the cost value of those shipments or parts
2 of shipments to the assessing officer. A warehouse, dock, port
3 facility, individual, partnership, corporation, or owner is subject
4 to a fine of \$100.00 for each failure to report the destination and
5 cost value of shipments or parts of shipments as required in this
6 subdivision. A person, firm, individual, partnership, corporation,
7 or owner failing to report products, materials, or goods located in
8 a warehouse, dock, or port facility to the assessing officer is
9 subject to a fine of \$100.00 and a penalty of 50% of the final
10 amount of taxes found to be assessable for the year on property not
11 reported, the assessable taxes and penalty to be spread on a
12 subsequent assessment roll in the same manner as general taxes on
13 personal property. For the purpose of this subdivision, a public
14 warehouse, dock, or port facility means a warehouse, dock, or port
15 facility owned or operated by a person, firm, or corporation
16 engaged in the business of storing products, materials, or goods
17 for hire for profit who issues a schedule of rates for storage of
18 the products, materials, or goods and who issues warehouse receipts
19 pursuant to 1909 PA 303, MCL 443.50 to 443.55. A United States
20 customs port of entry bonded warehouse means a customs warehouse
21 within a classification designated by 19 CFR 19.1 and that is
22 located in a port of entry, as defined by 19 CFR 101.1. A portion
23 of a public warehouse, United States customs port of entry bonded
24 warehouse, dock, or port facility leased to a tenant or a portion
25 of any premises owned or leased or operated by a consignor or
26 consignee or an affiliate or subsidiary of the consignor or
27 consignee is not a public warehouse, dock, or port facility.

1 (m) Personal property owned by a bank or trust company
2 organized under the laws of this state, a national banking
3 association, or an incorporated bank holding company as defined in
4 section 1841 of the bank holding company act of 1956, 12 USC 1841,
5 that controls a bank, national banking association, trust company,
6 or industrial bank subsidiary located in this state. Buildings
7 owned by a state or national bank, trust company, or incorporated
8 bank holding company and situated upon real property that the state
9 or national bank, trust company, or incorporated bank holding
10 company is not the owner of the fee are considered real property
11 and are not exempt under this section. Personal property owned by a
12 state or national bank, trust company, or incorporated bank holding
13 company that is leased, loaned, or otherwise made available to and
14 used by a private individual, association, or corporation in
15 connection with a business conducted for profit is not exempt under
16 this section.

17 (n) Farm products, processed or otherwise, the ultimate use of
18 which is for human or animal consumption as food, except wine,
19 beer, and other alcoholic beverages regularly placed in storage in
20 a public warehouse, dock, or port facility while in storage are
21 considered in transit and only temporarily at rest and are not
22 subject to the collection of taxes under this act. The assessing
23 officer is the determining authority as to what constitutes, is
24 defined as, or classified as, farm products as used in this
25 subdivision. The records, accounts, and books of warehouses, docks,
26 or port facilities, individuals, partnerships, corporations,
27 owners, or those in possession of farm products shall be open to

1 and available for inspection, examination, or auditing by assessing
2 officers.

3 (o) Sugar, in solid or liquid form, produced from sugar beets,
4 dried beet pulp, and beet molasses if owned or held by processors.

5 (p) The personal property of a parent cooperative preschool.

6 As used in this subdivision and section 7z, "parent cooperative
7 preschool" means a nonprofit, nondiscriminatory educational
8 institution maintained as a community service and administered by
9 parents of children currently enrolled in the preschool, that
10 provides an educational and developmental program for children
11 younger than compulsory school age, that provides an educational
12 program for parents, including active participation with children
13 in preschool activities, that is directed by qualified preschool
14 personnel, and that is licensed under 1973 PA 116, MCL 722.111 to
15 722.128.

16 (q) All equipment used exclusively in wood harvesting, but not
17 including portable or stationary sawmills or other equipment used
18 in secondary processing operations. As used in this subdivision,
19 "wood harvesting" means clearing land for forest management
20 purposes, planting trees, all forms of cutting or chipping trees,
21 and loading trees on trucks for removal from the harvest area.

22 (r) Liquefied petroleum gas tanks located on residential or
23 agricultural property used to store liquefied petroleum gas for
24 residential or agricultural property use.

25 (s) Water conditioning systems used for a residential
26 dwelling.

27 (t) For taxes levied after December 31, 2000, aircraft

1 excepted from the registration provisions of the aeronautics code
2 of the state of Michigan, 1945 PA 327, MCL 259.1 to 259.208, and
3 all other aircraft operating under the provisions of a certificate
4 issued under 14 CFR part 121, and all spare parts for such
5 aircraft.

6 (2) As used in this section:

7 (a) "Biogas" means a mixture of gases composed primarily of
8 methane and carbon dioxide.

9 (b) "Methane digester" means a system designed to facilitate
10 the production, recovery, and storage of biogas from the anaerobic
11 microbial digestion of animal or food waste.

12 (c) "Methane digester electric generating system" means a
13 methane digester and the apparatus and equipment used to generate
14 electricity or heat from biogas or to store biogas for the future
15 generation of electricity or heat.
