ENROLLED SENATE BILL No. 623

AN ACT to amend 2000 PA 258, entitled “An act to establish career and technical preparation enrollment options for certain students enrolled in Michigan schools; to prescribe certain duties of public schools and certain postsecondary institutions; to prescribe certain powers and duties of certain state departments, officials, and agencies; and to repeal acts and parts of acts,” by amending section 3 (MCL 388.1903), as amended by 2005 PA 181.

The People of the State of Michigan enact:

Sec. 3. (1) As used in this act:

(a) “Career and technical preparation program” means a program that teaches a trade, occupation, or vocation and that is operated by an eligible postsecondary educational institution located in this state.

(b) “Community college” means a community college established under the community college act of 1966, 1966 PA 331, MCL 389.1 to 389.195, or under part 25 of the revised school code, 1976 PA 451, MCL 380.1601 to 380.1607, or a federal tribally controlled community college located in this state that is recognized under the tribally controlled colleges and universities assistance act of 1978, 25 USC 1801 to 1852, and is determined by the department to meet the requirements for accreditation by a recognized regional accrediting body.

(c) “Department” means the department of education.

(d) “Eligible charges” means tuition and mandatory course fees, material fees, and registration fees required by a career and technical preparation program for enrollment in an eligible course. Eligible charges also include any late fees charged by a career and technical preparation program due to the school district’s or department of treasury’s failure to make a required payment according to the timetable prescribed under this act. Eligible charges do not include transportation or parking costs or activity fees.

(e) “Eligible course” means a course offered by a career and technical preparation program that is offered for postsecondary credit or is part of a noncredit occupational training program leading to an industry-recognized credential; that is not offered through the school district, intermediate school district, area vocational-technical education program, or state approved nonpublic school in which the eligible student is enrolled, or that is offered through the school district, intermediate school district, area vocational-technical education program, or state approved nonpublic school but is determined by its governing board to not be available to the eligible student because of a scheduling conflict beyond the eligible student’s control; that is a career and technical preparation course not ordinarily taken as an activity course; that is a course that the career and technical preparation program normally applies toward satisfaction of certificate, degree, or program completion requirements; and that is not a hobby craft or recreational course. For each individual eligible student, unless there is a written agreement between the eligible student’s school district and the career and technical preparation program to waive these limits, a course described in this subdivision is not an eligible course if the eligible student’s enrollment in, and the payment of eligible charges under this act for, the course would exceed the following limits:

(i) Not more than 10 courses overall. This limit and the limits under subparagraphs (ii) to (iv) do not apply to a course if the eligible student does not receive tuition and fee support under this act for that course.

(ii) If the eligible student first enrolls in a course under this act when the eligible student is in grade 9, not more than 2 courses during each academic year in the eligible student's first, second, or third academic year of enrollment under this act in a career and technical preparation program and not more than 4 courses during the academic year in the eligible student's fourth academic year of enrollment under this act in a career and technical preparation program.

(iv) Subject to the overall course limit under subparagraph (i), if the eligible student first enrolls in a course under this act when the eligible student is in grade 11 or 12, not more than 6 courses during either of those academic years of enrollment in a career and technical preparation program.

(f) "Eligible postsecondary educational institution" means a state university, community college, or independent nonprofit degree-granting college or university that is located in this state and that chooses to comply with this act.

To be an eligible student, a student who has not taken the Michigan merit examination must have achieved a qualifying score in all subject areas on a readiness assessment and a student who has taken the Michigan merit examination must have achieved a qualifying score in all subject areas on the Michigan merit examination, and, subject to subsection (2), the student shall not have been enrolled in high school for more than 4 school years including the school year in which the student seeks to enroll in an eligible course under this act. However, if the student has not achieved a qualifying score in all subject areas on a readiness assessment or the Michigan merit examination, as applicable for the student, the student is an eligible student if the student achieves a qualifying score in mathematics and a qualifying score on a nationally or industry recognized job skills assessment test as determined by the superintendent of public instruction. For the purposes of determining the number of years a pupil has been enrolled in high school, a pupil who is enrolled in high school for less than 90 days of a school year due to illness or other circumstances beyond the control of the pupil or the pupil's parent or guardian is not considered to be enrolled in high school for that school year.

(n) "State university" means a state institution of higher education described in section 4, 5, or 6 of article VIII of the state constitution of 1963.

(2) The department, in consultation with the superintendent of public instruction, shall promulgate rules establishing criteria and procedures under which a student who has been enrolled in high school for more than 4 years but not more than 5 years may be considered to be an eligible student. The rules shall address special circumstances under which a student may qualify to be considered an eligible student under this subsection and may limit the number of courses in which a student who qualifies under this subsection may enroll. For the purposes of determining the number of years a pupil has been enrolled in high school, a pupil who is enrolled in high school for less than 90 days of a school year due to illness or other circumstances beyond the control of the pupil or the pupil's parent or guardian is not considered to be enrolled for that school year.

Enacting section 1. This amendatory act takes effect July 1, 2012.
