AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, assessments, and donations; to provide certain appropriations; to prescribe penalties and provide remedies; and to repeal acts and parts of acts," by amending section 3131 (MCL 324.3131), as added by 1997 PA 29.

The People of the State of Michigan enact:

Sec. 3131. The rules shall be consistent with the minimum requirements of 40 CFR part 503 but may impose requirements in addition to or more stringent than 40 CFR part 503 to protect public health or the environment from any adverse effect from a pollutant in sewage sludge or in a sewage sludge derivative. However, the rules shall require that if monitoring of sewage sludge or a sewage sludge derivative indicates a pollutant concentration in excess of that provided in table 3 of 40 CFR 503.13, monitoring frequency shall be increased to not less than twice that provided in table 1 of 40 CFR 503.16, until pollutant concentrations are at or below those provided in table 3 of 40 CFR 503.13. The rules shall require a sewage sludge generator or sewage sludge distributor to deliver to a county, city, village, or township a copy of any record required to be created under the rules pertaining to sewage sludge or a sewage sludge derivative applied to land in that local unit. The copy shall be delivered free of charge promptly after the record is created.

(4) A person who generates bulk biosolids or a bulk derivative of exceptional quality for landscaping uses shall keep a record of quantities in excess of 20 cubic yards sold or given away in a single transaction and make the record available to the department for inspection and copying.
