FY 2012-13 Year-to-Date Gross Appropriation	\$294,130,500
Changes from FY 2012-13 Year-to-Date:	
Items Included by the Senate and House	
1. Performance Funding. Governor included a \$5.8 million GF/GP (2.0%) increase for community college operations distributed through a modified version of the Performance Indicators Task Force Formula. Governor removed \$1,277,500 allocated to community colleges in FY 2012-13 based on local strategic value and reallocated those funds based on his proposed FY 2013-14 formula distribution. Governor replaced the local strategic value component of the formula with a new allocation based on the number of skilled trades program students placed in a relevant job or apprenticeship, with extra weighting for placing a student-veteran. Senate and House maintained FY 2012-13 base appropriations and distributed the FY 2013-14 \$5.8 million increase through the current Performance Indicators Task Force Formula. Table 1 and Table 2 provide details by college.	5,847,100
2. Michigan Public School Employees Retirement System (MPSERS) Rate Cap. Governor, Senate, and House included \$31.4 million GF/GP to fund the difference between the employer's capped contribution rate for unfunded accrued liabilities (20.96%) and the actual unfunded actuarial accrued liability contribution rate pursuant to MPSERS reform legislation. Conference also included an FY 2012-13 supplemental appropriation of \$12.5 million GF/GP to fund FY 2012-13 rate cap costs (See Sec. 201b).	31,400,000
3. MPSERS Retiree Health Care. In FY 2012-13 the Governor recommended a \$1,733,600 appropriation from the School Aid Fund for the purpose of offsetting a portion of MPSERS retirement contributions attributable to retiree health care costs. Distributions were to be based on the FY 2011-12 MPSERS payroll. The FY 2012-13 enacted budget included the funding, but allocated funds to community colleges on an across-the-board basis. Governor, Senate, and House continue funding, but distribute the funds based on college MPSERS payroll. Table 3 delineates the estimated allocation differences.	0
4. Renaissance Zone Reimbursements. Governor, Senate, and House included \$3.5 million GF/GP for Renaissance Zone tax reimbursements. This appropriation was included in the Department of Treasury budget in FY 2012-13 at the same level of funding.	3,500,000
Conference Agreement on Items of Difference	
5. FY 2013-14 One-Time Appropriations - Virtual Learning Collaborative. Governor and the Senate included \$1.1 million GF/GP for the Virtual Learning Collaborative. The Collaborative provides access to courses offered by all Michigan public community colleges. In 2009 the Michigan Community College Association Board of Directors approved an affiliate membership for four-year institutions. To date, Lawrence Tech and Grand Valley State University have become members. The new State funding will be used for the development of course aggregator software, development of a "pathway to credential" tool that will identify courses toward a career path, develop analytics software that informs colleges of course demand for decision making of future offerings, and development of a repository of online courses and resources for use by faculty at member institutions. The House eliminated the appropriation. Conference concurred with Senate.	1,100,000
Total Changes	\$41,847,100
FY 2013-14 Enacted Ongoing/One-Time Gross Appropriation	\$335,977,600

FY 2012-13 Year-to-Date Gross Appropriation	\$1,399,220,400							
Changes from FY 2012-13 Year-to-Date:								
Items Included by the Senate and House								
1. Tuition Incentive Program (TIP). Governor, Senate, and House increased this program 3,200,000 by \$3.2 million GF/GP (7.3%), from \$43.8 million to \$47.0 million. The program pays tuition and fees for associate degree or certificate programs, as well as up to a maximum amount of \$2,000 for junior and senior years combined at a four-year institution.								
 Children of Veterans/Officers Survivors Tuition Grants. Governor, Senate, and House increased funding from \$1.2 million to \$1.4 million. 	200,000							
 College Access Program. Governor's recommendation transferred this program from the Department of Education to the Higher Education Budget. There is no adjustment to the FY 2012-13 level of funding. House and Senate concurred. 	2,000,000							
Conference Agreement on Items of Difference								
4. Performance Funding. House included \$4.0 million more than the Senate for performance funding. The formula used by the House scored Carnegie classification distributions as follows: 3 for improving, 2 for top 20%, and 1 for above the national median. House modified the distribution formula for Carnegie classifications by weighting the distribution by the number of resident undergraduate fiscal year equated students (FYES). Senate changed the scoring to: 3 for top 20%, 2 for above the national median, and 2 for improving. Conference included Senate scoring and weighted by all undergraduate students (resident and non-resident) for Carnegie distributions. See <u>Table 1</u> and <u>Table 2</u> for details.	21,869,000							
5. MPSERS reimbursements. The FY 2012-13 budget included \$446,200 for the purpose of offsetting a portion of the MPSERS contributions. Senate increased this appropriation by \$2.0 million GF/GP. House did not include this increase. Conference concurred with the Senate.	2,000,000							
6. American Indian Tuition Waiver. Public Act 174 of 1976 provides for free tuition for Michigan resident North American Indians who attend Michigan public community colleges, universities, and certain Federal tribally controlled community colleges. State appropriations have not kept pace with actual costs. In FY 2012-13, universities absorbed \$4.5 million of waiver costs. Senate added \$2.0 million to offset part of the shortfall. House and Conference did not include this adjustment.	0							
7. MSU AgBioResearch and MSU Extension. Governor included a \$1,084,100 (2.0%) increase. House separated the appropriation into two line items, MSU AgBioResearch \$29,706,600, and MSU Extension \$25,582,100. Conference concurred with two line items and increased funding by \$1.0 million over the Governor, Senate, and House.	2,084,100							
Total Changes	\$31,353,100							
FY 2013-14 Enacted Ongoing/One-Time Gross Appropriation	\$1,430,573,500							

Changes from FY 2012-13 Year-to-Date:
