ENROLLED HOUSE BILL No. 5318

AN ACT to amend 1972 PA 230, entitled "An act to create a construction code commission and prescribe its functions; to authorize the director to promulgate rules with recommendations from each affected board relating to the construction, alteration, demolition, occupancy, and use of buildings and structures; to prescribe energy conservation standards for the construction of certain buildings; to provide for statewide approval of premanufactured units; to provide for the testing of new devices, materials, and techniques for the construction of buildings and structures; to define the classes of buildings and structures affected by the act; to provide for administration and enforcement of the act; to create a state construction code fund; to prohibit certain conduct; to establish penalties, remedies, and sanctions for violations of the act; to repeal acts and parts of acts; and to provide an appropriation," (MCL 125.1501 to 125.1531) by adding section 13g.

The People of the State of Michigan enact:

Sec. 13g. If a water utility has an approved comprehensive control program for the elimination and prevention of all cross-connections as provided for under R 325.11404 of the Michigan administrative code, a testable backflow preventer on a lawn sprinkler system must be tested only when required by the program, subject to section 5(4) of the safe drinking water act, 1976 PA 399, MCL 325.1005.

Enacting section 1. This amendatory act does not take effect unless House Bill No. 5317 of the 97th Legislature is enacted into law.

This act is ordered to take immediate effect.
