18 to meet this requirement, the pupil shall meet either of the
19 following, as determined by the school district or public school
20 academy:

21 (i) Has successfully completed at least 1 course or learning
22 experience that is presented online, as defined by the department.

23 (ii) The pupil's school district or public school academy has
24 integrated an online experience throughout the high school
25 curriculum by ensuring that each teacher of each course that
26 provides the required credits of the Michigan merit curriculum has
27 integrated an online experience into the course.

1 (2) ~~In~~**SUBJECT TO SUBSECTION (7), IN** addition to the
2 requirements under subsection (1), beginning with pupils entering
3 grade 3 in 2006, the board of a school district or board of

5 diploma to a pupil unless the pupil has successfully completed
6 during grades 9 to 12 at least 2 credits, as determined by the
7 department, in a language other than English, or the pupil has
8 successfully completed at any time during grades K to 12 course
9 work or other learning experiences that are substantially
10 equivalent to 2 credits in a language other than English, based on
11 guidelines developed by the department. For the purposes of this
12 subsection, all of the following apply:

13 (a) American sign language is considered to be a language
14 other than English.

15 (b) The pupil may meet all or part of this requirement with
16 online course work.

17 (3) The requirements under this section and section 1278b for
18 a high school diploma are in addition to any local requirements
19 imposed by the board of a school district or board of directors of
20 a public school academy. The board of a school district or board of
21 directors of a public school academy, as a local requirement for a
22 high school diploma, may require a pupil to complete the Michigan
23 merit examination under section 1279g or may require a pupil to
24 participate in the MIAccess assessments if appropriate for the
25 pupil.

26 (4) For the purposes of this section and section 1278b, all of
27 the following apply:

1 (a) A pupil is considered to have completed a credit if the
2 pupil successfully completes the subject area content expectations
3 or guidelines developed by the department that apply to the credit.

4 (b) A school district or public school academy shall base its
5 determination of whether a pupil has successfully completed the
6 subject area content expectations or guidelines developed by the
7 department that apply to a credit at least in part on the pupil's
8 performance on the assessments developed or selected by the
9 department under section 1278b or on 1 or more assessments
10 developed or selected by the school district or public school
11 academy that measure a pupil's understanding of the subject area
12 content expectations or guidelines that apply to the credit.

13 (c) A school district or public school academy shall also
14 grant a pupil a credit if the pupil earns a qualifying score, as
15 determined by the department, on the assessments developed or
16 selected for the subject area by the department under section 1278b
17 or the pupil earns a qualifying score, as determined by the school
18 district or public school academy, on 1 or more assessments
19 developed or selected by the school district or public school
20 academy that measure a pupil's understanding of the subject area
21 content expectations or guidelines that apply to the credit.

22 (5) If a high school is designated by the superintendent of
23 public instruction as a specialty school and the high school meets
24 the requirements of subsection (6), then the pupils of the high
25 school are not required to successfully complete the 4 credits in
26 English language arts required under section 1278b(1)(a) or the 3
27 credits in social science required under subsection (1)(a)(ii) and

1 the school district or public school academy is not required to
2 ensure that each pupil is offered the curriculum necessary for
3 meeting those English language arts or social science credit
4 requirements. The superintendent of public instruction may
5 designate up to 15 high schools that meet the requirements of this
6 subsection as specialty schools. Subject to this maximum number,
7 the superintendent of public instruction shall designate a high
8 school as a specialty school if the superintendent of public
9 instruction finds that the high school meets all of the following
10 criteria:

11 (a) The high school incorporates a significant reading and
12 writing component throughout its curriculum.

13 (b) The high school uses a specialized, innovative, and
14 rigorous curriculum in such areas as performing arts, foreign
15 language, extensive use of internships, or other learning
16 innovations that conform to pioneering innovations among other
17 leading national or international high schools.

18 (6) A high school that is designated by the superintendent of
19 public instruction as a specialty school under subsection (5) is
20 only exempt from requirements as described under subsection (5) as
21 long as the superintendent of public instruction finds that the
22 high school continues to meet all of the following requirements:

23 (a) The high school clearly states to prospective pupils and
24 their parents that it does not meet the requirements of the
25 Michigan merit standard under this section and section 1278b but is
26 a designated specialty school that is exempt from some of those
27 requirements and that a pupil who enrolls in the high school and

1 subsequently transfers to a high school that is not a specialty
2 school meeting the requirements of this subsection will be required
3 to comply with the requirements of the Michigan merit standard
4 under this section and section 1278b.

5 (b) For the most recent year for which the data are available,
6 the mean scores on both the mathematics and science portions of the
7 ACT examination for the pupils of the high school exceed by at
8 least 10% the mean scores on the mathematics and science portions
9 of the ACT examination for the pupils of the school district in
10 which the greatest number of the pupils of the high school reside.

11 (c) For the most recent year for which the data are available,
12 the high school had a graduation rate of at least 85%, as
13 determined by the department.

14 (d) For the most recent year for which the data are available,
15 at least 75% of the pupils who graduated from the high school the
16 preceding year are enrolled in a postsecondary institution.

17 (e) All pupils of the high school are required to meet the
18 mathematics credit requirements of subsection (1)(a)(i), with no
19 modification of these requirements under section 1278b(5), and each
20 pupil is offered the curriculum necessary to meet this requirement.

21 (f) All pupils of the high school are required to meet the
22 science credit requirements of section 1278b(1)(b) and are also
23 required to successfully complete at least 1 additional science
24 credit, for a total of at least 4 science credits, with no
25 modification of these requirements under section 1278b(5), and each
26 pupil is offered the curriculum necessary to meet this requirement.

27 **(7) FOR A PUPIL WHO SUCCESSFULLY COMPLETES AT LEAST 1 FULL**

1 SCHOOL YEAR WHILE IN HIGH SCHOOL IN A PLANNED PROGRAM OF
2 VOCATIONAL-TECHNICAL EDUCATION OR CAREER AND TECHNICAL EDUCATION
3 THAT IS APPROVED BY THE PUPIL'S PARENT OR LEGAL GUARDIAN, OR BY THE
4 PUPIL IF THE PUPIL IS AT LEAST AGE 18 OR IS AN EMANCIPATED MINOR,
5 AND BY THE PUPIL'S SCHOOL DISTRICT OR PUBLIC SCHOOL ACADEMY, BOTH
6 OF THE FOLLOWING APPLY:

7 (A) THE PUPIL IS NOT REQUIRED TO SUCCESSFULLY COMPLETE ANY OF
8 THE FOLLOWING:

9 (i) THE REQUIREMENT UNDER SUBSECTION (1) (A) (i) THAT THE PUPIL
10 MUST SUCCESSFULLY COMPLETE ALGEBRA II OR THE REQUIREMENT UNDER THAT
11 PROVISION THAT THE PUPIL MUST SUCCESSFULLY COMPLETE AT LEAST 1
12 MATHEMATICS COURSE DURING HIS OR HER FINAL YEAR OF HIGH SCHOOL
13 ENROLLMENT.

14 (ii) THE REQUIREMENT UNDER SECTION 1278B(1) (B) THAT THE PUPIL
15 MUST SUCCESSFULLY COMPLETE A THIRD CREDIT OF SCIENCE.

16 (iii) THE REQUIREMENT UNDER SUBSECTION (1) (A) (iv) THAT THE PUPIL
17 MUST SUCCESSFULLY COMPLETE AT LEAST 1 CREDIT IN VISUAL ARTS,
18 PERFORMING ARTS, OR APPLIED ARTS.

19 (iv) THE ONLINE COURSE OR LEARNING EXPERIENCE REQUIREMENT OF
20 SUBSECTION (1) (B) .

21 (B) THE PUPIL IS REQUIRED TO SUCCESSFULLY COMPLETE ONLY 1 OF
22 THE FOLLOWING:

23 (i) THE REQUIREMENT UNDER SECTION 1278B(1) (A) THAT THE PUPIL
24 MUST SUCCESSFULLY COMPLETE A FOURTH CREDIT OF ENGLISH LANGUAGE
25 ARTS.

26 (ii) THE REQUIREMENT UNDER SUBSECTION (2) THAT THE PUPIL MUST
27 SUCCESSFULLY COMPLETE A SECOND CREDIT IN A LANGUAGE OTHER THAN

1 **ENGLISH.**

2 Sec. 1278b. (1) Except as otherwise provided in this section
3 or section 1278a, beginning with pupils entering grade 8 in 2006,
4 as part of the requirements under section 1278a the board of a
5 school district or board of directors of a public school academy
6 shall not award a high school diploma to a pupil unless the pupil
7 has successfully completed all of the following credit requirements
8 of the Michigan merit standard before graduating from high school:

9 (a) ~~At~~ **SUBJECT TO SECTION 1278A(7), AT** least 4 credits in
10 English language arts that are aligned with subject area content
11 expectations developed by the department and approved by the state
12 board under this section.

13 (b) ~~At~~ **SUBJECT TO SECTION 1278A(7), AT** least 3 credits in
14 science that are aligned with subject area content expectations
15 developed by the department and approved by the state board under
16 this section, including completion of at least biology and either
17 chemistry or physics. The legislature strongly encourages pupils to
18 complete a fourth credit in science, such as forensics, astronomy,
19 Earth science, agricultural science, environmental science,
20 geology, physics or chemistry, physiology, or microbiology.

21 (c) The credit requirements specified in section 1278a(1) (a) (i)
22 to (iv).

23 (2) If a pupil successfully completes 1 or more of the high
24 school credits required under subsection (1) or under section
25 1278a(1) before entering high school, the pupil shall be given high
26 school credit for that credit.

27 (3) For the purposes of this section and section 1278a, the

1 department shall do all of the following:

2 (a) Develop subject area content expectations that apply to
3 the credit requirements of the Michigan merit standard that are
4 required under subsection (1)(a) and (b) and section 1278a(1)(a)(i)
5 and (ii) and develop guidelines for the remaining credit
6 requirements of the Michigan merit standard that are required under
7 this section and section 1278a(1)(a), for the online course or
8 learning experience required under section 1278a(1)(b), and for the
9 requirements for a language other than English under section
10 1278a(2). All of the following apply to these subject area content
11 expectations and guidelines:

12 (i) All subject area content expectations shall be consistent
13 with the state board recommended model core academic curriculum
14 content standards under section 1278. Subject area content
15 expectations or guidelines shall not include attitudes, beliefs, or
16 value systems that are not essential in the legal, economic, and
17 social structure of our society and to the personal and social
18 responsibility of citizens of our society. The subject area content
19 expectations shall require pupils to demonstrate critical thinking
20 skills.

21 (ii) The subject area content expectations and the guidelines
22 must be approved by the state board under subsection (4).

23 (iii) The subject area content expectations shall state in clear
24 and measurable terms what pupils are expected to know upon
25 completion of each credit.

26 (iv) The department shall complete the development of the
27 subject area content expectations that apply to algebra I and the

1 guidelines for the online course or learning experience under
2 section 1278a(1)(b) not later than August 1, 2006.

3 (v) The department shall complete development of the subject
4 area content expectations or guidelines that apply to each of the
5 other credits required in the Michigan merit standard under
6 subsection (1) and section 1278a(1)(a) not later than 1 year before
7 the beginning of the school year in which a pupil entering high
8 school in 2007 would normally be expected to complete the credit.

9 (vi) If the department has not completed development of the
10 subject area content expectations that apply to a particular credit
11 required in the Michigan merit standard under subsection (1) or
12 section 1278a(1)(a) by the date required under this subdivision, a
13 school district or public school academy may align the content of
14 the credit with locally adopted standards.

15 (vii) Until all of the subject area content expectations and
16 guidelines have been developed by the department and approved by
17 the state board, the department shall submit a report at least
18 every 6 months to the senate and house standing committees
19 responsible for education legislation on the status of the
20 development of the subject area content expectations and
21 guidelines. The report shall detail any failure by the department
22 to meet a deadline established under subparagraph (iv) or (v) and
23 the reasons for that failure.

24 (b) Develop and implement a process for developing the subject
25 area content expectations and guidelines required under this
26 section. This process shall provide for all of the following:

27 (i) Soliciting input from all of the following groups:

1 (A) Recognized experts in the relevant subject areas.

2 (B) Representatives from 4-year colleges or universities,
3 community colleges, and other postsecondary institutions.

4 (C) Teachers, administrators, and school personnel who have
5 specialized knowledge of the subject area.

6 (D) Representatives from the business community.

7 (E) Representatives from vocational and career and technical
8 education providers.

9 (F) Government officials, including officials from the
10 legislature.

11 (G) Parents of public school pupils.

12 (ii) A review of the subject area content expectations or
13 guidelines by national experts.

14 (iii) An opportunity for the public to review and provide input
15 on the proposed subject area content expectations or guidelines
16 before they are submitted to the state board for approval. The time
17 period allowed for this review and input shall be at least 15
18 business days.

19 (c) Determine the basic level of technology and internet
20 access required for pupils to complete the online course or
21 learning experience requirement of section 1278a(1)(b), and submit
22 that determination to the state board for approval.

23 (d) Develop and make available material to assist school
24 districts and public school academies in implementing the
25 requirements of this section and section 1278a. This shall include
26 developing guidelines for alternative instructional delivery
27 methods as described in subsection (7).

1 (4) The state board shall approve subject area content
2 expectations and guidelines developed by the department under
3 subsection (3) before those subject area content expectations and
4 guidelines may take effect. The state board also shall approve the
5 basic level of technology and internet access required for pupils
6 to complete the online course or learning experience requirement of
7 section 1278a(1)(b).

8 (5) The parent or legal guardian of a pupil who has completed
9 grade 9, a teacher who is currently teaching the pupil, who
10 currently teaches in or whose expertise is in a subject area
11 proposed to be modified by the personal curriculum, or who is
12 determined by the principal to have qualifications otherwise
13 relevant to developing a personal curriculum, or a school counselor
14 or school employee qualified to act in a counseling role under
15 section 1233 or 1233a may request a personal curriculum under this
16 subsection for the pupil that modifies certain of the Michigan
17 merit standard requirements under subsection (1) or section
18 1278a(1)(a). A teacher, school counselor, or school employee
19 qualified to act in a counseling role under section 1233 or 1233a
20 may contact a pupil's parent or legal guardian to discuss the
21 possibility and potential benefits of a personal curriculum under
22 this subsection for the pupil. If all of the requirements under
23 this subsection for a personal curriculum are met, then the board
24 of a school district or board of directors of a public school
25 academy may award a high school diploma to a pupil who successfully
26 completes his or her personal curriculum even if it does not meet
27 the requirements of the Michigan merit standard required under

1 subsection (1) and section 1278a(1)(a). All of the following apply
2 to a personal curriculum:

3 (a) The personal curriculum shall be developed by a group that
4 includes at least the pupil, at least 1 of the pupil's parents or
5 the pupil's legal guardian, a teacher described in this
6 subdivision, and the pupil's high school counselor or another
7 designee qualified to act in a counseling role under section 1233
8 or 1233a selected by the high school principal. In addition, for a
9 pupil who receives special education services, a school
10 psychologist should also be included in this group. The teacher
11 included in the group developing the personal curriculum shall be a
12 teacher who is currently teaching the pupil, who currently teaches
13 in or whose expertise is in a subject area being modified by the
14 personal curriculum, or who is determined by the principal to have
15 qualifications otherwise relevant to the group.

16 (b) The personal curriculum shall incorporate as much of the
17 subject area content expectations of the Michigan merit standard
18 required under subsection (1) and section 1278a(1)(a) as is
19 practicable for the pupil; shall establish measurable goals that
20 the pupil must achieve while enrolled in high school and shall
21 provide a method to evaluate whether the pupil achieved these
22 goals; and shall be aligned with the pupil's educational
23 development plan developed under subsection (11).

24 (c) Before it takes effect, the personal curriculum must be
25 agreed to by the pupil's parent or legal guardian and by the
26 superintendent of the school district or chief executive of the
27 public school academy or his or her designee.

1 (d) The pupil's parent or legal guardian shall be in
2 communication with each of the pupil's teachers at least once each
3 calendar quarter to monitor the pupil's progress toward the goals
4 contained in the pupil's personal curriculum.

5 (e) Revisions may be made in the personal curriculum if the
6 revisions are developed and agreed to in the same manner as the
7 original personal curriculum.

8 (f) The English language arts credit requirements of
9 subsection (1)(a) and the science credit requirements of subsection
10 (1)(b) are not subject to modification as part of a personal
11 curriculum under this subsection.

12 (g) The mathematics credit requirements of section
13 1278a(1)(a)(i) may be modified as part of a personal curriculum if
14 the pupil successfully completes at least 3-1/2 total credits of
15 the mathematics credits required under that section before
16 completing high school, including algebra I and geometry, and
17 successfully completes at least 1 mathematics course during his or
18 her final year of high school. The algebra II credit required under
19 that section may be modified as part of a personal curriculum under
20 this subsection if the pupil meets 1 or more of the following:

21 (i) Successfully completes the same content as 1 semester of
22 algebra II, as determined by the department.

23 (ii) Elects to complete the same content as algebra II over 2
24 years, with a credit awarded for each of those 2 years, and
25 successfully completes that content.

26 (iii) Enrolls in a formal career and technical education program
27 or curriculum and in that program or curriculum successfully

1 completes the same content as 1 semester of algebra II, as
2 determined by the department.

3 (iv) Successfully completes 1 semester of statistics or
4 functions and data analysis.

5 (h) The social science credit requirements of section
6 1278a(1) (a) (ii) may be modified as part of a personal curriculum
7 only if all of the following are met:

8 (i) The pupil has successfully completed 2 credits of the
9 social science credits required under section 1278a(1), including
10 the civics course described in section 1166(2).

11 (ii) The modification requires the pupil to complete 1
12 additional credit in English language arts, mathematics, or science
13 or 1 additional credit in a language other than English. This
14 additional credit must be in addition to the number of those
15 credits otherwise required under subsection (1) and section
16 1278a(1) or under section 1278a(2).

17 (i) The health and physical education credit requirement under
18 section 1278a(1) (a) (iii) may be modified as part of a personal
19 curriculum only if the modification requires the pupil to complete
20 1 additional credit in English language arts, mathematics, or
21 science or 1 additional credit in a language other than English.
22 This additional credit must be in addition to the number of those
23 credits otherwise required under subsection (1) and section
24 1278a(1) or under section 1278a(2).

25 (j) The visual arts, performing arts, or applied arts credit
26 requirement under section 1278a(1) (a) (iv) may be modified as part of
27 a personal curriculum only if the modification requires the pupil

1 to complete 1 additional credit in English language arts,
2 mathematics, or science or 1 additional credit in a language other
3 than English. This additional credit must be in addition to the
4 number of those credits otherwise required under subsection (1) and
5 section 1278a(1) or under section 1278a(2).

6 (k) If the parent or legal guardian of a pupil requests as
7 part of the pupil's personal curriculum a modification of the
8 Michigan merit standard requirements that would not otherwise be
9 allowed under this section and demonstrates that the modification
10 is necessary because the pupil is a child with a disability, the
11 school district or public school academy may allow that additional
12 modification to the extent necessary because of the pupil's
13 disability if the group under subdivision (a) determines that the
14 modification is consistent with both the pupil's educational
15 development plan under subsection (11) and the pupil's
16 individualized education program. If the superintendent of public
17 instruction has reason to believe that a school district or a
18 public school academy is allowing modifications inconsistent with
19 the requirements of this subdivision, the superintendent of public
20 instruction shall monitor the school district or public school
21 academy to ensure that the school district's or public school
22 academy's policies, procedures, and practices are in compliance
23 with the requirements for additional modifications under this
24 subdivision. As used in this subdivision, "child with a disability"
25 means that term as defined in 20 USC 1401.

26 (l) If a pupil transfers to a school district or public school
27 academy from out of state or from a nonpublic school, the pupil's

1 parent or legal guardian may request, as part of the pupil's
2 personal curriculum, a modification of the Michigan merit standard
3 requirements that would not otherwise be allowed under this
4 section. The school district or public school academy may allow
5 this additional modification for a transfer pupil if all of the
6 following are met:

7 (i) The transfer pupil has successfully completed at least the
8 equivalent of 2 years of high school credit out of state or at a
9 nonpublic school. The school district or public school academy may
10 use appropriate assessment examinations to determine what credits,
11 if any, the pupil has earned out of state or at a nonpublic school
12 that may be used to satisfy the curricular requirements of the
13 Michigan merit standard and this subdivision.

14 (ii) The transfer pupil's personal curriculum incorporates as
15 much of the subject area content expectations of the Michigan merit
16 standard as is practicable for the pupil.

17 (iii) The transfer pupil's personal curriculum requires the
18 pupil to successfully complete at least 1 mathematics course during
19 his or her final year of high school enrollment. In addition, if
20 the transfer pupil is enrolled in the school district or public
21 school academy for at least 1 full school year, both of the
22 following apply:

23 (A) The transfer pupil's personal curriculum shall require
24 that this mathematics course is at least algebra I.

25 (B) If the transfer pupil demonstrates that he or she has
26 mastered the content of algebra I, the transfer pupil's personal
27 curriculum shall require that this mathematics course is a course

1 normally taken after completing algebra I.

2 (iv) The transfer pupil's personal curriculum includes the
3 civics course described in section 1166(2).

4 (m) If a pupil is at least age 18 or is an emancipated minor,
5 the pupil may act on his or her own behalf under this subsection.

6 (n) This subsection does not apply to a pupil enrolled in a
7 high school that is designated as a specialty school under section
8 1278a(5) and that is exempt under that section from the English
9 language arts requirement under subsection (1)(a) and the social
10 science credit requirement under section 1278a(1)(a)(ii).

11 (6) If a pupil receives special education services, the
12 pupil's individualized education program, in accordance with the
13 individuals with disabilities education act, title VI of Public Law
14 91-230, shall identify the appropriate course or courses of study
15 and identify the supports, accommodations, and modifications
16 necessary to allow the pupil to progress in the curricular
17 requirements of this section and section 1278a, or in a personal
18 curriculum as provided under subsection (5), and meet the
19 requirements for a high school diploma.

20 (7) The board of a school district or board of directors of a
21 public school academy that operates a high school shall ensure that
22 each pupil is offered the curriculum necessary for the pupil to
23 meet the curricular requirements of this section and section 1278a.
24 The board or board of directors may provide this curriculum by
25 providing the credits specified in this section and section 1278a,
26 by using alternative instructional delivery methods such as
27 alternative course work, humanities course sequences, career and

1 technical education, industrial technology courses, or vocational
2 education, or by a combination of these. School districts and
3 public school academies that operate career and technical education
4 programs are encouraged to integrate the credit requirements of
5 this section and section 1278a into those programs.

6 (8) If the board of a school district or board of directors of
7 a public school academy wants its high school to be accredited
8 under section 1280, the board or board of directors shall ensure
9 that all elements of the curriculum required under this section and
10 section 1278a are made available to all affected pupils. If a
11 school district or public school academy does not offer all of the
12 required credits, the board of the school district or board of
13 directors of the public school academy shall ensure that the pupil
14 has access to the required credits by another means, such as
15 enrollment in a postsecondary course under the postsecondary
16 enrollment options act, 1996 PA 160, MCL 388.511 to 388.524;
17 enrollment in an online course; a cooperative arrangement with a
18 neighboring school district or with a public school academy; or
19 granting approval under section 6(6) of the state school aid act of
20 1979, MCL 388.1606, for the pupil to be counted in membership in
21 another school district.

22 (9) If a pupil is not successfully completing a credit
23 required for graduation under this section and section 1278a, or is
24 identified as being at risk of withdrawing from high school, then
25 the pupil's school district or public school academy shall notify
26 the pupil's parent or legal guardian or, if the pupil is at least
27 age 18 or is an emancipated minor, the pupil, of the availability

1 of tutoring or other supplemental educational support and
2 counseling services that may be available to the pupil under
3 existing state or federal programs, such as those programs or
4 services available under section 31a of the state school aid act of
5 1979, MCL 388.1631a, or under the no child left behind act of 2001,
6 Public Law 107-110.

7 (10) To the extent required by the no child left behind act of
8 2001, Public Law 107-110, the board of a school district or public
9 school academy shall ensure that all components of the curricular
10 requirements under this section and section 1278a are taught by
11 highly qualified teachers. If a school district or public school
12 academy demonstrates to the department that the school district or
13 public school academy is unable to meet the requirements of this
14 section because the school district or public school academy is
15 unable to hire enough highly qualified teachers, the department
16 shall work with the school district or public school academy to
17 develop a plan to allow the school district or public school
18 academy to hire enough highly qualified teachers to meet the
19 requirements of this section.

20 (11) The board of a school district or board of directors of a
21 public school academy shall provide the opportunity for each pupil
22 to develop an educational development plan during grade 7, and
23 shall ensure that each pupil reviews his or her educational
24 development plan during grade 8 and revises it as appropriate
25 before he or she begins high school. An educational development
26 plan shall be developed, reviewed, and revised by the pupil under
27 the supervision of the pupil's school counselor or another designee

1 qualified to act in a counseling role under section 1233 or 1233a
2 selected by the school principal and shall be based on high school
3 readiness scores and a career pathways program or similar career
4 exploration program. An educational development plan shall be
5 designed to assist pupils to identify career development goals as
6 they relate to academic requirements.

7 (12) Except as otherwise provided in this subsection, if a
8 school district or public school academy is unable to implement all
9 of the curricular requirements of this section and section 1278a
10 for pupils entering grade 9 in 2007 or is unable to implement
11 another requirement of this section or section 1278a, the school
12 district or public school academy may apply to the department for
13 permission to phase in 1 or more of the requirements of this
14 section or section 1278a. To apply, the school district or public
15 school academy shall submit a proposed phase-in plan to the
16 department. The department shall approve a phase-in plan if the
17 department determines that the plan will result in the school
18 district or public school academy making satisfactory progress
19 toward full implementation of the requirements of this section and
20 section 1278a. If the department disapproves a proposed phase-in
21 plan, the department shall work with the school district or public
22 school academy to develop a satisfactory plan that may be approved.
23 However, if legislation is enacted that adds section 1290 to allow
24 school districts and public school academies to apply for a
25 contract that waives certain state or federal requirements, then
26 this subsection does not apply but a school district or public
27 school academy may take action as described in subsection (13).

1 This subsection does not apply to a high school that is designated
2 as a specialty school under section 1278a(5) and that is exempt
3 under that section from the English language arts requirement under
4 subsection (1)(a) and the social science credit requirement under
5 section 1278a(1)(a)(ii).

6 (13) If a school district or public school academy does not
7 offer all of the required credits or provide options to have access
8 to the required credits as provided under subsection (8) and if
9 legislation is enacted that adds section 1290 to allow school
10 districts and public school academies to apply for a contract that
11 waives certain state or federal requirements, then the school
12 district or public school academy is encouraged to apply for a
13 contract under section 1290. The purpose of a contract described in
14 this subsection is to improve pupil performance.

15 (14) This section and section 1278a do not prohibit a pupil
16 from satisfying or exceeding the credit requirements of the
17 Michigan merit standard under this section and section 1278a
18 through advanced studies such as accelerated course placement,
19 advanced placement, dual enrollment in a postsecondary institution,
20 or participation in the international baccalaureate program or an
21 early college/middle college program.

22 (15) Not later than April 1 of each year, the department shall
23 submit an annual report to the legislature that evaluates the
24 overall success of the curriculum required under this section and
25 section 1278a, the rigor and relevance of the course work required
26 by the curriculum, the ability of public schools to implement the
27 curriculum and the required course work, and the impact of the

1 curriculum on pupil success, and that details any activities the
2 department has undertaken to implement this section and section
3 1278a or to assist public schools in implementing the requirements
4 of this section and section 1278a.
