**STATE OF MICHIGAN
97TH LEGISLATURE
REGULAR SESSION OF 2014**

Introduced by Senators Brandenburg, Bieda, Pappageorge, Marleau, Robertson, Hildenbrand and Kowall

ENROLLED SENATE BILL No. 922

AN ACT to amend 2001 PA 34, entitled "An act relative to the borrowing of money and the issuance of certain debt and securities; to provide for tax levies and sinking funds; to prescribe powers and duties of certain departments, state agencies, officials, and employees; to impose certain duties, requirements, and filing fees upon political subdivisions of this state; to authorize the issuance of certain debt and securities; to prescribe penalties; and to repeal acts and parts of acts," by amending section 518 (MCL 141.2518), as added by 2012 PA 329.

The People of the State of Michigan enact:

Sec. 518. (1) Through December 31, 2015, in connection with the partial or complete cessation of accruals to a defined benefit plan or the closure of the defined benefit plan to new or existing employees, and the implementation of a defined contribution plan, or to fund costs of a county, city, village, or township that has already ceased accruals to a defined benefit plan, a county, city, village, or township may by ordinance or resolution of its governing body, and without a vote of its electors, issue a municipal security under this section to pay all or part of the costs of the unfunded pension liability for that retirement program provided that the amount of taxes necessary to pay the principal and interest on that municipal security, together with the taxes levied for the same year, shall not exceed the limit authorized by law.

(2) Through December 31, 2015, a county, city, village, or township may by ordinance or resolution of its governing body, and without a vote of its electors, issue a municipal security under this section to pay the costs of the unfunded accrued health care liability provided that the amount of taxes necessary to pay the principal and interest on that municipal security, together with the taxes levied for the same year, shall not exceed the limit authorized by law or to refund in whole or in part a contract obligation issued for the same purpose. Postemployment health care or benefits may be funded by the county, city, village, or township. The funding of postemployment health care benefits by a county, city, village, or township as provided in this act shall not constitute a contract to pay the postemployment health care benefits.

(3) Before a county, city, village, or township issues a municipal security under this section, the county, city, village, or township shall publish a notice of intent to issue the municipal security. The notice of intent and the rights of referendum shall meet the requirements of section 517(2).

(4) Before a county, city, village, or township issues a municipal security under this section, the county, city, village, or township shall prepare and make available to the public a comprehensive financial plan that includes all of the following:

(a) An analysis of the current and future obligations of the county, city, village, or township with respect to each retirement program and each postemployment health care benefit program of the county, city, village, or township.

(b) Evidence that the issuance of the municipal security together with other funds lawfully available will be sufficient to eliminate the unfunded pension liability or the unfunded accrued health care liability.

(c) A debt service amortization schedule and a description of actions required to satisfy the debt service amortization schedule.

(d) A certification by the person preparing the plan that the comprehensive financial plan is complete and accurate.

(e) If the proceeds of the borrowing are to be deposited in a health care trust fund, a plan in place from the county, city, village, or township to mitigate the increase in health care costs and may include a wellness program that promotes the maintenance or improvement of healthy behaviors.

(5) Municipal securities issued under this section by a county, city, village, or township and the interest on and income from the municipal securities are exempt from taxation by this state or a political subdivision of this state.

(6) The proceeds of a municipal security issued under this section may be used to pay the costs of issuance of the municipal security. Except for a refunding, the proceeds of a municipal security issued under this section to cover unfunded health care liability shall be deposited in a health care trust fund, a trust created by the issuer which has as its beneficiary a health care trust fund, or, for a county, city, village, or township, a restricted fund within a trust that would only be used to retire the municipal securities issued under subsection (1) or (3). A county, city, village, or township shall have the power to create a trust to carry out the purposes of this subsection. The trust created under this subsection shall invest its funds in the same manner as funds invested by a health care trust fund. The trust created under this subsection shall comply with all of the following:

- (a) Report its financial condition according to generally accepted accounting principles.
- (b) Be tax-exempt under the internal revenue code.

(7) A county, city, village, or township issuing municipal securities under this section may enter into indentures or other agreements with trustees and escrow agents for the issuance, administration, or payment of the municipal securities.

(8) Before a county, city, village, or township issues a municipal security under this section, the county, city, village, or township shall obtain the approval of the department.

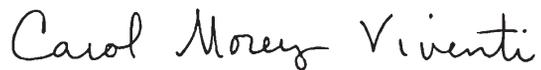

(9) If a county, city, village, or township has issued a municipal security under this section, that county, city, village, or township shall not change the benefit structure of the defined benefit plan if the defined benefit plan is undergoing the partial cessation of accruals. However, a county, city, village, or township may reduce benefits of the defined benefit plan for years of service that accrue after the issuance of municipal securities under this section.

(10) A county, city, village, or township shall not issue a municipal security under subsection (1) or (2) unless the county, city, village, or township has been assigned a credit rating within the category of AA or higher or the equivalent by at least 1 nationally recognized rating agency.

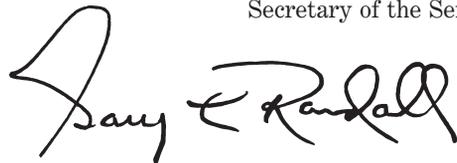

(11) A county, city, village, or township that issues a municipal security under subsection (1) shall covenant with the holders of the municipal security and this state that it will not, after the issuance of the municipal security and while the municipal security is outstanding, rescind whatever action it has taken to make a partial or complete cessation of accruals to a defined benefit plan or the closure of the defined benefit plan for new or existing employees.

(12) If a county, city, village, or township has issued a municipal security under subsection (1) or (2), the county, city, village, or township may issue a refunding security to refund that municipal security under this section after December 31, 2015 if that refunding security does not have a final maturity later than the final maturity of the municipal security being refunded and if the municipality that issued the municipal security has been assigned a credit rating within the category of AA or higher or the equivalent by at least 1 nationally recognized rating agency in connection with the refunding security.

This act is ordered to take immediate effect.
