Senate Bill 592 (S-1) as passed by the Senate
Sponsor: Sen. Curtis Hertel, Jr.
House Committee: Health Policy
Senate Committee: Health Policy
Complete to 2-12-16

Analysis available at
<http://www.legislature.mi.gov>

SUMMARY:

Senate Bill 592 would amend the Public Health Code to include a facility operated by a federally designated organ procurement organization for the State of Michigan among the facilities in which the surgical removal of a human organ may be performed.

Currently, except as otherwise provided, an individual who surgically removes a human organ for transplantation, implantation, infusion, injection or any other medical or scientific purpose must perform the surgery only in a licensed hospital or a facility approved by the director of the Department of Licensing and Regulatory Affairs. An individual who violates this requirement is guilty of a felony.

The bill would take effect 90 days after enactment.

MCL 333.10205

FISCAL IMPACT:

This bill would not appear to have a significant fiscal impact on state government.
