Senate Bill 592 (as introduced 11-3-15)
Sponsor: Senator Curtis Hertel, Jr.
Committee: Health Policy

Date Completed: 11-6-15

CONTENT

The bill would amend the Public Health Code to include a facility operated by a federally designated organ procurement organization for the State of Michigan among the facilities in which the surgical removal of a human organ may be performed.

Except as otherwise provided, an individual who surgically removes a human organ for transplantation, implantation, infusion, injection, or any other medical or scientific purpose must perform the surgery only in a licensed hospital or a facility approved by the Director of the Department of Licensing and Regulatory Affairs. An individual who violates this requirement is guilty of a felony.

The bill would expand the facilities in which the surgical removal of a human organ may be performed to include a facility operated by a federally designated organ procurement organization for the State of Michigan or its designee.

The bill would take effect 90 days after it was enacted.
