12 nursing home that were released within 10 working days of the date  
13 of the completion of the revisit.

14           (s) A summary of the discussions from the meetings required in  
15 subsection (24).

16           (t) The number of nursing homes that participated in a  
17 recognized quality improvement program as described under section  
18 20155a(3).

19           (21) The department shall report March 1 of each year to the  
20 standing committees on appropriations and the standing committees  
21 having jurisdiction over issues involving senior citizens in the  
22 senate and the house of representatives on all of the following:

23           (a) The percentage of nursing home citations that are appealed  
24 through the informal dispute resolution process.

25           (b) The number and percentage of nursing home citations that  
26 are appealed and supported, amended, or deleted through the  
27 informal dispute resolution process.

1 (c) A summary of the quality assurance review of the amended  
2 citations and related survey retraining efforts to improve  
3 consistency among surveyors and across the survey administrative  
4 unit that occurred in the year being reported.

5 (22) Subject to subsection (23), a clarification work group  
6 comprised of the department in consultation with a nursing home  
7 resident or a member of a nursing home resident's family, nursing  
8 home provider groups, the American ~~medical directors association,~~  
9 **MEDICAL DIRECTORS ASSOCIATION**, the state long-term care ombudsman,  
10 and the federal ~~centers for medicare and medicaid services~~ **CENTERS**  
11 **FOR MEDICARE AND MEDICAID SERVICES** shall clarify the following  
12 terms as those terms are used in title XVIII and title XIX and  
13 applied by the department to provide more consistent regulation of  
14 nursing homes in this state:

- 15 (a) Immediate jeopardy.  
16 (b) Harm.  
17 (c) Potential harm.  
18 (d) Avoidable.  
19 (e) Unavoidable.

20 (23) All of the following clarifications developed under  
21 subsection (22) apply for purposes of subsection (22):

22 (a) Specifically, the term "immediate jeopardy" means a  
23 situation in which immediate corrective action is necessary because  
24 the nursing home's noncompliance with 1 or more requirements of  
25 participation has caused or is likely to cause serious injury,  
26 harm, impairment, or death to a resident receiving care in a  
27 nursing home.

1           (b) The likelihood of immediate jeopardy is reasonably higher  
2 if there is evidence of a flagrant failure by the nursing home to  
3 comply with a clinical process guideline adopted under subsection  
4 (25) than if the nursing home has substantially and continuously  
5 complied with those guidelines. If federal regulations and  
6 guidelines are not clear, and if the clinical process guidelines  
7 have been recognized, a process failure giving rise to an immediate  
8 jeopardy may involve an egregious widespread or repeated process  
9 failure and the absence of reasonable efforts to detect and prevent  
10 the process failure.

11           (c) In determining whether or not there is immediate jeopardy,  
12 the survey agency should consider at least all of the following:

13           (i) Whether the nursing home could reasonably have been  
14 expected to know about the deficient practice and to stop it, but  
15 did not stop the deficient practice.

16           (ii) Whether the nursing home could reasonably have been  
17 expected to identify the deficient practice and to correct it, but  
18 did not correct the deficient practice.

19           (iii) Whether the nursing home could reasonably have been  
20 expected to anticipate that serious injury, serious harm,  
21 impairment, or death might result from continuing the deficient  
22 practice, but did not so anticipate.

23           (iv) Whether the nursing home could reasonably have been  
24 expected to know that a widely accepted high-risk practice is or  
25 could be problematic, but did not know.

26           (v) Whether the nursing home could reasonably have been  
27 expected to detect the process problem in a more timely fashion,

1 but did not so detect.

2 (d) The existence of 1 or more of the factors described in  
3 subdivision (c), and especially the existence of 3 or more of those  
4 factors simultaneously, may lead to a conclusion that the situation  
5 is one in which the nursing home's practice makes adverse events  
6 likely to occur if immediate intervention is not undertaken, and  
7 therefore constitutes immediate jeopardy. If none of the factors  
8 described in subdivision (c) is present, the situation may involve  
9 harm or potential harm that is not immediate jeopardy.

10 (e) Specifically, "actual harm" means a negative outcome to a  
11 resident that has compromised the resident's ability to maintain or  
12 reach, or both, his or her highest practicable physical, mental,  
13 and psychosocial well-being as defined by an accurate and  
14 comprehensive resident assessment, plan of care, and provision of  
15 services. Harm does not include a deficient practice that only may  
16 cause or has caused limited consequences to the resident.

17 (f) For purposes of subdivision (e), in determining whether a  
18 negative outcome is of limited consequence, if the "state  
19 operations manual" or "the guidance to surveyors" published by the  
20 federal ~~centers for medicare and medicaid services~~ **CENTERS FOR**  
21 **MEDICARE AND MEDICAID SERVICES** does not provide specific guidance,  
22 the department may consider whether most people in similar  
23 circumstances would feel that the damage was of such short duration  
24 or impact as to be inconsequential or trivial. In such a case, the  
25 consequence of a negative outcome may be considered more limited if  
26 it occurs in the context of overall procedural consistency with an  
27 accepted clinical process guideline adopted under subsection (25),

1 as compared to a substantial inconsistency with or variance from  
2 the guideline.

3 (g) For purposes of subdivision (e), if the publications  
4 described in subdivision (f) do not provide specific guidance, the  
5 department may consider the degree of a nursing home's adherence to  
6 a clinical process guideline adopted under subsection (25) in  
7 considering whether the degree of compromise and future risk to the  
8 resident constitutes actual harm. The risk of significant  
9 compromise to the resident may be considered greater in the context  
10 of substantial deviation from the guidelines than in the case of  
11 overall adherence.

12 (h) To improve consistency and to avoid disputes over  
13 avoidable and unavoidable negative outcomes, nursing homes and  
14 survey agencies must have a common understanding of accepted  
15 process guidelines and of the circumstances under which it can  
16 reasonably be said that certain actions or inactions will lead to  
17 avoidable negative outcomes. If the "state operations manual" or  
18 "the guidance to surveyors" published by the federal ~~centers for~~  
19 ~~medicare and medicaid services~~ **CENTERS FOR MEDICARE AND MEDICAID**  
20 **SERVICES** is not specific, a nursing home's overall documentation of  
21 adherence to a clinical process guideline with a process indicator  
22 adopted under subsection (25) is relevant information in  
23 considering whether a negative outcome was avoidable or unavoidable  
24 and may be considered in the application of that term.

25 (24) The department shall conduct a quarterly meeting and  
26 invite appropriate stakeholders. Appropriate stakeholders shall  
27 include at least 1 representative from each nursing home provider

1 organization that does not own or operate a nursing home  
2 representing 30 or more nursing homes statewide, the state long-  
3 term care ombudsman or his or her designee, and any other clinical  
4 experts. Individuals who participate in these quarterly meetings,  
5 in conjunction with the department, may designate advisory  
6 workgroups to develop recommendations on the discussion topics that  
7 should include, at a minimum, all of the following:

8 (a) Opportunities for enhanced promotion of nursing home  
9 performance, including, but not limited to, programs that encourage  
10 and reward providers that strive for excellence.

11 (b) Seeking quality improvement to the survey and enforcement  
12 process, including clarifications to process-related policies and  
13 protocols that include, but are not limited to, all of the  
14 following:

15 (i) Improving the surveyors' quality and preparedness.

16 (ii) Enhanced communication between regulators, surveyors,  
17 providers, and consumers.

18 (iii) Ensuring fair enforcement and dispute resolution by  
19 identifying methods or strategies that may resolve identified  
20 problems or concerns.

21 (c) Promoting transparency across provider and surveyor  
22 communities, including, but not limited to, all of the following:

23 (i) Applying regulations in a consistent manner and evaluating  
24 changes that have been implemented to resolve identified problems  
25 and concerns.

26 (ii) Providing consumers with information regarding changes in  
27 policy and interpretation.

1           (iii) Identifying positive and negative trends and factors  
2 contributing to those trends in the areas of resident care,  
3 deficient practices, and enforcement.

4           (d) Clinical process guidelines.

5           (25) Subject to subsection (27), the department shall develop  
6 and adopt clinical process guidelines. The department shall  
7 establish and adopt clinical process guidelines and compliance  
8 protocols with outcome measures for all of the following areas and  
9 for other topics where the department determines that clarification  
10 will benefit providers and consumers of long-term care:

11           (a) Bed rails.

12           (b) Adverse drug effects.

13           (c) Falls.

14           (d) Pressure sores.

15           (e) Nutrition and hydration including, but not limited to,  
16 heat-related stress.

17           (f) Pain management.

18           (g) Depression and depression pharmacotherapy.

19           (h) Heart failure.

20           (i) Urinary incontinence.

21           (j) Dementia.

22           (k) Osteoporosis.

23           (l) Altered mental states.

24           (m) Physical and chemical restraints.

25           (n) Culture-change principles, person-centered caring, and  
26 self-directed care.

27           (26) The department shall biennially review and update all

1 clinical process guidelines as needed and shall continue to develop  
2 and implement clinical process guidelines for topics that have not  
3 been developed from the list in subsection (25) and other topics  
4 identified as a result of the meetings required in subsection (24).  
5 The department shall consider recommendations from an advisory  
6 workgroup created under subsection (24) on clinical process  
7 guidelines. The department shall include training on new and  
8 revised clinical process guidelines in the joint provider and  
9 surveyor training sessions as those clinical process guidelines are  
10 developed and revised.

11 (27) ~~Beginning November 1, 2012, representatives~~  
12 **REPRESENTATIVES** from each nursing home provider organization that  
13 does not own or operate a nursing home representing 30 or more  
14 nursing homes statewide and the state long-term care ombudsman or  
15 his or her designee shall be permanent members of any clinical  
16 advisory workgroup created under subsection (24). The department  
17 shall issue survey certification memorandums to providers to  
18 announce or clarify changes in the interpretation of regulations.

19 (28) The department shall maintain the process by which the  
20 director of the division of nursing home monitoring or his or her  
21 designee or the director of the division of operations or his or  
22 her designee reviews and authorizes the issuance of a citation for  
23 immediate jeopardy or substandard quality of care before the  
24 statement of deficiencies is made final. The review shall be to  
25 assure that the applicable concepts, clinical process guidelines,  
26 and other tools contained in subsections (25) to (27) are being  
27 used consistently, accurately, and effectively. As used in this

1 subsection, "immediate jeopardy" and "substandard quality of care"  
2 mean those terms as defined by the federal ~~centers for medicare and~~  
3 ~~medicaid services~~. **CENTERS FOR MEDICARE AND MEDICAID SERVICES.**

4 (29) Upon availability of funds, the department shall give  
5 grants, awards, or other recognition to nursing homes to encourage  
6 the rapid implementation or maintenance of the clinical process  
7 guidelines adopted under subsection (25).

8 (30) The department shall instruct and train the surveyors in  
9 the clinical process guidelines adopted under subsection (25) in  
10 citing deficiencies.

11 (31) A nursing home shall post the nursing home's survey  
12 report in a conspicuous place within the nursing home for public  
13 review.

14 (32) Nothing in this ~~amendatory act shall be construed to~~  
15 ~~limit~~ **SECTION LIMITS** the requirements of related state and federal  
16 law.

17 (33) As used in this section:

18 (a) "Consecutive days" means calendar days, but does not  
19 include Saturday, Sunday, or state- or federally-recognized  
20 holidays.

21 (b) "Form CMS-2567" means the federal ~~centers for medicare and~~  
22 ~~medicaid services~~' **CENTERS FOR MEDICARE AND MEDICAID SERVICES'** form  
23 for the statement of deficiencies and plan of correction or a  
24 successor form serving the same purpose.

25 (c) "Title XVIII" means title XVIII of the social security  
26 act, 42 USC 1395 to 1395kkk.

27 (d) "Title XIX" means title XIX of the social security act, 42

8 ~~the license is issued, and the total amount of the fees shall be~~  
9 ~~collected in the year in which the license is issued.~~ **A LICENSE**

16 revoked before its expiration date, the department shall not refund  
17 fees paid to the department.

18 (6) The fee for a provisional license or temporary permit is  
19 the same as for a license. A license may be issued at the

21 the balance of the period for which the fee was paid if the  
22 requirements for licensure are met.

23 ~~—— (7) The department may charge a fee to recover the cost of~~

6 (8) ~~(10)~~—The application fee for a waiver under section 21564  
7 is \$200.00 plus \$40.00 per hour for the professional services and

9 travel expenses shall be calculated in accordance with the state  
10 standardized travel regulations of the department of technology,  
11 management, and budget in effect at the time of the travel.

12 (9) ~~(11)~~—An applicant for licensure or renewal of licensure

14 (10) ~~(12)~~—Except as otherwise provided in this section, the  
15 fees and assessments collected under this section shall be

18 assessments for the criminal history check program required under  
19 this article.

20 (11) ~~(13)~~—The quality assurance assessment collected under  
21 subsection (1)(g) and all federal matching funds attributed to that  
22 assessment shall be used only for the following purposes and under  
23 the following specific circumstances:

24 (a) The quality assurance assessment and all federal matching  
25 funds attributed to that assessment shall be used to finance  
26 ~~medicaid~~ **MEDICAID** nursing home reimbursement payments. Only  
27 licensed nursing homes and hospital long-term care units that are

1 assessed the quality assurance assessment and participate in the  
2 ~~medicaid~~-**MEDICAID** program are eligible for increased per diem  
3 ~~medicaid~~-**MEDICAID** reimbursement rates under this subdivision. A  
4 nursing home or long-term care unit that is assessed the quality  
5 assurance assessment and that does not pay the assessment required  
6 under subsection (1)(g) in accordance with subdivision (c)(i) or in  
7 accordance with a written payment agreement with the state shall  
8 not receive the increased per diem ~~medicaid~~-**MEDICAID** reimbursement  
9 rates under this subdivision until all of its outstanding quality  
10 assurance assessments and any penalties assessed ~~pursuant to~~-**UNDER**  
11 subdivision (f) have been paid in full. ~~Nothing in this~~-**THIS**  
12 subdivision ~~shall be construed to~~-**DOES NOT** authorize or require the  
13 department to overspend tax revenue in violation of the management  
14 and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

15 (b) Except as otherwise provided under subdivision (c),  
16 beginning October 1, 2005, the quality assurance assessment is  
17 based on the total number of patient days of care each nursing home  
18 and hospital long-term care unit provided to ~~nonmedicare~~-**NON-**  
19 **MEDICARE** patients within the immediately preceding year and shall  
20 be assessed at a uniform rate on October 1, 2005 and subsequently  
21 on October 1 of each following year, and is payable on a quarterly  
22 basis, the first payment due 90 days after the date the assessment  
23 is assessed.

24 (c) Within 30 days after September 30, 2005, the department  
25 shall submit an application to the federal ~~centers for medicare and~~  
26 ~~medicaid services~~-**CENTERS FOR MEDICARE AND MEDICAID SERVICES** to  
27 request a waiver ~~pursuant~~-**ACCORDING** to 42 CFR 433.68(e) to

1 implement this subdivision as follows:

2 (i) If the waiver is approved, the quality assurance  
3 assessment rate for a nursing home or hospital long-term care unit  
4 with less than 40 licensed beds or with the maximum number, or more  
5 than the maximum number, of licensed beds necessary to secure  
6 federal approval of the application is \$2.00 per ~~nonmedicare~~**NON-**  
7 **MEDICARE** patient day of care provided within the immediately  
8 preceding year or a rate as otherwise altered on the application  
9 for the waiver to obtain federal approval. If the waiver is  
10 approved, for all other nursing homes and long-term care units the  
11 quality assurance assessment rate is to be calculated by dividing  
12 the total statewide maximum allowable assessment permitted under  
13 subsection (1)(g) less the total amount to be paid by the nursing  
14 homes and long-term care units with less than 40 or with the  
15 maximum number, or more than the maximum number, of licensed beds  
16 necessary to secure federal approval of the application by the  
17 total number of ~~nonmedicare~~**NON-MEDICARE** patient days of care  
18 provided within the immediately preceding year by those nursing  
19 homes and long-term care units with more than 39, but less than the  
20 maximum number of licensed beds necessary to secure federal  
21 approval. The quality assurance assessment, as provided under this  
22 subparagraph, shall be assessed in the first quarter after federal  
23 approval of the waiver and shall be subsequently assessed on  
24 October 1 of each following year, and is payable on a quarterly  
25 basis, the first payment due 90 days after the date the assessment  
26 is assessed.

27 (ii) If the waiver is approved, continuing care retirement

1 centers are exempt from the quality assurance assessment if the  
2 continuing care retirement center requires each center resident to  
3 provide an initial life interest payment of \$150,000.00, on  
4 average, per resident to ensure payment for that resident's  
5 residency and services and the continuing care retirement center  
6 utilizes all of the initial life interest payment before the  
7 resident becomes eligible for medical assistance under the state's  
8 ~~medicaid~~**MEDICAID** plan. As used in this subparagraph, "continuing  
9 care retirement center" means a nursing care facility that provides  
10 independent living services, assisted living services, and nursing  
11 care and medical treatment services, in a campus-like setting that  
12 has shared facilities or common areas, or both.

13 (d) Beginning May 10, 2002, the department of ~~community health~~  
14 shall increase the per diem nursing home ~~medicaid~~**MEDICAID**  
15 reimbursement rates for the balance of that year. For each  
16 subsequent year in which the quality assurance assessment is  
17 assessed and collected, the department of ~~community health~~ shall  
18 maintain the ~~medicaid~~**MEDICAID** nursing home reimbursement payment  
19 increase financed by the quality assurance assessment.

20 (e) The department of ~~community health~~ shall implement this  
21 section in a manner that complies with federal requirements  
22 necessary to ~~assure~~**ENSURE** that the quality assurance assessment  
23 qualifies for federal matching funds.

24 (f) If a nursing home or a hospital long-term care unit fails  
25 to pay the assessment required by subsection (1)(g), the department  
26 of ~~community health~~ may assess the nursing home or hospital long-  
27 term care unit a penalty of 5% of the assessment for each month

1 that the assessment and penalty are not paid up to a maximum of 50%  
2 of the assessment. The department ~~of community health~~ may also  
3 refer for collection to the department of treasury past due amounts
