

Act No. 388
Public Acts of 2016
Approved by the Governor
December 28, 2016
Filed with the Secretary of State
December 28, 2016
EFFECTIVE DATE: March 29, 2017

**STATE OF MICHIGAN
98TH LEGISLATURE
REGULAR SESSION OF 2016**

Introduced by Senators Schuitmaker, Horn, Hood, Warren, Booher, O'Brien and Knollenberg

ENROLLED SENATE BILL No. 647

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, intermediate school districts, and other public school entities; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, intermediate school districts, and other public school entities; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to make appropriations for certain purposes; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," (MCL 380.1 to 380.1852) by adding section 1170a.

The People of the State of Michigan enact:

Sec. 1170a. (1) By not later than the 2017-2018 school year, the department shall ensure that the model core academic curriculum content standards for health education and the subject area content expectations and guidelines for health education under section 1278a provide for all of the following:

(a) Instruction in cardiopulmonary resuscitation for pupils enrolled in grades 7 to 12. Subject to subsection (5), the content standards and subject area content expectations shall ensure that the psychomotor skills necessary to perform cardiopulmonary resuscitation are incorporated into the instruction and that the instruction is based on either of the following:

- (i) An instructional program developed by the American Red Cross or the American Heart Association.
- (ii) Nationally recognized, evidence-based guidelines for cardiopulmonary resuscitation.

(b) Instruction about automated external defibrillators for pupils enrolled in grades 7 to 12.

(2) The content standards or subject area content expectations and guidelines under subsection (1) shall not require a certificated teacher to be an authorized CPR/AED instructor to facilitate, provide, or oversee instruction described in subsection (1)(a) if that instruction does not result in a pupil earning a CPR certification card or status.

(3) If instruction described in subsection (1)(a) will result in a pupil earning a CPR certification card or status, that instruction must be taught by an authorized CPR/AED instructor, as applicable.

(4) School districts, public school academies, and nonpublic schools are encouraged to use locally available resources to provide the instruction required to meet the content standards or subject area content expectations and guidelines under subsection (1), including, but not limited to, emergency medical technicians, paramedics, police officers, firefighters,

representatives of the American Heart Association or American Red Cross, or properly trained teachers or other school employees.

(5) The content standards and subject area content expectations and guidelines required under subsection (1) shall provide that a school or program that provides 100% online instruction is exempt from having to incorporate psychomotor skills into the instruction under this section.

(6) As used in this section:

(a) "Authorized CPR/AED instructor" means an instructor who is authorized by the American Heart Association, American Red Cross, or a similar nationally recognized association to provide instruction in cardiopulmonary resuscitation that results in the issuance of a CPR certification card or status.

(b) "CPR certification card or status" means a card or other credential evidencing successful completion of instruction in cardiopulmonary resuscitation that is issued by the American Heart Association, American Red Cross, or a similar nationally recognized organization using evidence-based guidelines for the teaching of cardiopulmonary resuscitation.

Enacting section 1. This amendatory act takes effect 90 days after the date it is enacted into law.
