**STATE OF MICHIGAN
98TH LEGISLATURE
REGULAR SESSION OF 2016**

Introduced by Senators Knollenberg, Proos, Pavlov, Hildenbrand and Marleau

ENROLLED SENATE BILL No. 755

AN ACT to amend 1979 PA 94, entitled “An act to make appropriations to aid in the support of the public schools, the intermediate school districts, community colleges, and public universities of the state; to make appropriations for certain other purposes relating to education; to provide for the disbursement of the appropriations; to authorize the issuance of certain bonds and provide for the security of those bonds; to prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to create certain funds and provide for their expenditure; to prescribe penalties; and to repeal acts and parts of acts,” by amending section 19 (MCL 388.1619), section 19 as amended by 2016 PA 249 and by adding section 19a.

The People of the State of Michigan enact:

Sec. 19. (1) A district or intermediate district shall comply with all applicable reporting requirements specified in state and federal law. Data provided to the center, in a form and manner prescribed by the center, shall be aggregated and disaggregated as required by state and federal law. In addition, a district or intermediate district shall cooperate with all measures taken by the center to establish and maintain a statewide P-20 longitudinal data system.

(2) Each district shall furnish to the center not later than 5 weeks after the pupil membership count day and by June 30 of the school fiscal year ending in the fiscal year, in a manner prescribed by the center, the information necessary for the preparation of the district and high school graduation report. This information shall meet requirements established in the pupil auditing manual approved and published by the department. The center shall calculate an annual graduation and pupil dropout rate for each high school, each district, and this state, in compliance with nationally recognized standards for these calculations. The center shall report all graduation and dropout rates to the senate and house education committees and appropriations committees, the state budget director, and the department not later than 30 days after the publication of the list described in subsection (5). Before reporting these graduation and dropout rates, the department shall allow a school or district to appeal the calculations. The department shall consider and act upon the appeal within 30 days after it is submitted and shall not report these graduation and dropout rates until after all appeals have been considered and decided.

(3) By the first business day in December and by June 30 of each year, a district shall furnish to the center, in a manner prescribed by the center, information related to educational personnel as necessary for reporting required by state and federal law. For the purposes of this subsection, the center shall only require districts and intermediate districts to report information that is not already available from the office of retirement services in the department of technology, management, and budget.

(4) If a district or intermediate district fails to meet the requirements of this section, the department shall withhold 5% of the total funds for which the district or intermediate district qualifies under this article until the district or intermediate district complies with all of those subsections. If the district or intermediate district does not comply with all of those subsections by the end of the fiscal year, the department shall place the amount withheld in an escrow account until the district or intermediate district complies with all of those subsections.

(5) Before publishing a list of school or district accountability designations as required by the no child left behind act of 2001, Public Law 107-110, or the every student succeeds act, Public Law 114-95, the department shall allow a school or district to appeal that determination. The department shall consider and act upon the appeal within 30 days after it is submitted and shall not publish the list until after all appeals have been considered and decided.

(6) Beginning in 2016-2017, the department shall implement statewide standard reporting requirements for education data approved by the department in conjunction with the center. The department shall work with the center, intermediate districts, districts, and other interested stakeholders to implement this policy change. A district or intermediate district shall implement the statewide standard reporting requirements not later than 2017-2018 or when a district or intermediate district updates its education data reporting system, whichever is later.

Sec. 19a. All of the following apply to reports required by the superintendent, department, or center to be submitted under this act:

(a) The superintendent, department, or center shall not require, or promulgate a rule requiring, a new report to be submitted unless state or federal law specifically requires or authorizes the report.

(b) The superintendent, department, or center shall not require, or promulgate a rule requiring, any modifications or additions to a report that, as of the effective date of this section, is already required to be submitted unless 1 or both of the following apply:

(i) State or federal law specifically requires or authorizes the modification or addition.

(ii) The modification or addition will reduce or eliminate a reporting requirement.

(c) If the superintendent, department, or center requires, or promulgates a rule requiring, a new report or additional information to be submitted under the conditions specified under subdivisions (a) and (b), the superintendent, department, or center shall ensure that the new report or additional information may be submitted electronically.

Enacting section 1. This amendatory act takes effect 90 days after the date it is enacted into law.

This act is ordered to take immediate effect.
