HOUSE BILL NO. 4813**

A bill to amend 1978 PA 368, entitled
"Public health code,"
by amending section 7333 (MCL 333.7333), as amended by 2017 PA 251.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 7333. (1) As used in this section, "good faith" means the
2 prescribing or dispensing of a controlled substance by a
3 practitioner licensed under section 7303 in the regular course of
4 professional treatment to or for an individual who is under
5 treatment by the practitioner for a pathology or condition other
6 than that individual's physical or psychological dependence upon or
7 addiction to a controlled substance, except as provided in this
8 article. Application of good faith to a pharmacist means the
9 dispensing of a controlled substance pursuant to a prescriber's

1 order which, in the professional judgment of the pharmacist, is
2 lawful. The pharmacist shall be guided by nationally accepted
3 professional standards including, but not limited to, all of the
4 following, in making the judgment:

5 (a) Lack of consistency in the doctor-patient relationship.

6 (b) Frequency of prescriptions for the same drug by 1
7 prescriber for larger numbers of patients.

8 (c) Quantities beyond those normally prescribed for the same
9 drug.

10 (d) Unusual dosages.

11 (e) Unusual geographic distances between patient, pharmacist,
12 and prescriber.

13 (2) Except as otherwise provided in this section, a
14 practitioner, in good faith, may dispense a controlled substance
15 included in schedule 2 upon receipt of a prescription of a
16 practitioner licensed under section 7303 on a prescription form. A
17 practitioner may issue more than 1 prescription for a controlled
18 substance included in schedule 2 on a single prescription form.

19 (3) In an emergency situation, as described in R 338.3165 of
20 the Michigan Administrative Code, a controlled substance included
21 in schedule 2 may be dispensed upon the oral prescription of a
22 practitioner if the prescribing practitioner promptly fills out a
23 prescription form and forwards the prescription form to the
24 dispensing pharmacy within 7 days after the oral prescription is
25 issued. A prescription for a controlled substance included in
26 schedule 2 must not be filled more than 90 days after the date on
27 which the prescription was issued. A pharmacist, consistent with

1 federal law and regulations on the partial filling of a controlled
2 substance included in schedule 2, may partially fill in increments
3 a prescription for a controlled substance included in schedule 2.

4 (4) A practitioner, in good faith, may dispense a controlled
5 substance included in schedule 3, 4, or 5 that is a prescription
6 drug as determined under section 503(b) of the federal food, drug,
7 and cosmetic act, 21 USC 353, or section 17708, upon receipt of a
8 prescription on a prescription form or an oral prescription of a
9 practitioner. A prescription for a controlled substance included in
10 schedule 3 or 4 must not be filled or refilled without specific
11 refill instructions noted by the prescriber. A prescription for a
12 controlled substance included in schedule 3 or 4 must not be filled
13 or refilled later than 6 months after the date of the prescription
14 or be refilled more than 5 times, unless renewed by the prescriber
15 in accordance with rules promulgated by the administrator.

16 (5) A controlled substance included in schedule 5 must not be
17 distributed or dispensed other than for a medical purpose, or in
18 any manner except in accordance with rules promulgated by the
19 administrator.

20 (6) If a prescription is required under this section, the
21 prescription must contain the quantity of the controlled substance
22 prescribed in both written and numerical terms. A prescription is
23 in compliance with this subsection if, in addition to containing
24 the quantity of the controlled substance prescribed in written
25 terms, it contains preprinted numbers representative of the
26 quantity of the controlled substance prescribed next to which is a
27 box or line the prescriber may check.

1 (7) A prescribing practitioner shall not use a prescription
2 form for a purpose other than prescribing. A prescribing
3 practitioner shall not postdate a prescription form that contains a
4 prescription for a controlled substance. A prescriber may transmit
5 a prescription by facsimile of a printed prescription form and by
6 electronic transmission of a printed prescription form, if not
7 prohibited by federal law. If, with the patient's consent, a
8 prescription is electronically transmitted, it must be transmitted
9 directly to a pharmacy of the patient's choice by the prescriber or
10 the prescriber's authorized agent, and the data must not be
11 altered, modified, or extracted in the transmission process.
