18 intervention involving seclusion that is necessitated by an ongoing
19 emergency situation and that provides an opportunity for the pupil
20 to regain self-control while maintaining the safety of the pupil
21 and others. To qualify as emergency seclusion, there must be
22 continuous observation by school personnel of the pupil in
23 seclusion, and the room or area used for confinement must comply
24 with state and local fire and building codes; must not be locked;

19 research-based systematic process for identifying the events that
20 trigger and maintain problem behavior in an educational setting. A

16 social behavior outcomes for all pupils.

17 (M) ~~(l)~~—"Positive behavioral intervention and support plan"
18 means a pupil-specific support plan composed of individualized,
19 functional behavioral assessment-based intervention strategies,
