- (b) "Child or youth with special health care needs" means a single or married individual under 21 years of age whose activity is or may become so restricted by disease or specified medical condition as to reduce the individual's normal capacity for education and self-support.
- (c) "Department" means the department of state police.
- (d) "Department-approved entity" means an entity, including a local law enforcement agency or a private company, approved by the department to take the fingerprints and photograph of a child or youth with special health care needs under section 4.

(e) “Governmental unit” means the state or any political subdivision of the state, an authorized representative of the state or any political subdivision of the state, any school district, intermediate school district, or an authorized representative of any school district or intermediate school district.

(f) “Guardian” means a person who has qualified as a guardian of a minor or a child or youth with special health care needs under a parental or spousal nomination or a court order issued under section 19a or 19c of chapter XIIA of the probate code of 1939, MCL 712A.19a and 712A.19c, section 5204, 5205, or 5306 of the estates and protected individuals code, 1998 PA 386, MCL 700.5204, 700.5205, and 700.5306, or sections 600 to 644 of the mental health code, 1974 PA 258, MCL 330.1600 to 330.1644. Guardian may also include a person appointed by a tribal court under tribal code or custom. Guardian does not include a guardian ad litem.

Sec. 4. (1) The following conditions govern a governmental unit’s authority to fingerprint a child:

(a) A governmental unit may fingerprint a child if a parent or guardian has given written authorization for the taking of the fingerprints for use in the future if the child becomes a runaway or a missing child. Only 1 set of prints shall be taken and the fingerprint cards shall be given to the parent or guardian for safekeeping. The fingerprints, written authorizations for fingerprinting, or notice of their existence shall not be recorded, stored, or kept in any manner by a police agency, except as provided in this subdivision or except at the request of the parent or guardian if the child becomes a runaway or a missing child. If the child is located or the case is otherwise disposed of, the fingerprint cards shall be returned to the parents or guardian.

(b) A governmental unit shall fingerprint a child if required under section 3 of 1925 PA 289, MCL 28.243, section 1 of 1935 PA 120, MCL 28.271, or section 724 of the mental health code, 1974 PA 258, MCL 330.1724.

Only 1 set of prints shall be taken and, upon completion of the investigation, the law enforcement agency shall return the fingerprint cards to the parent or guardian of the child.

(2) A parent or guardian of a child or youth with special health care needs may submit a written request to a department-approved entity to take the fingerprints and photograph of the child or youth with special health care needs and add them to the automated fingerprint identification system (AFIS) database and the statewide network of agency photos maintained by the department. As used in this subsection and subsections (5), (6), and (8), “parent” means the natural or adoptive parent of a child or youth with special health care needs who has either or both sole or joint legal or physical custody of the child if a court order dictating custody is in place, or the natural or adoptive parent of a child or youth with special health care needs if there is no court order dictating custody in place.

(3) A written request made under subsection (2) shall be made on a form posted on the department’s website. Along with the form, the department shall provide a list of department-approved entities on the department’s website.

(4) The department may charge a fee sufficient to reimburse the department for the costs associated with processing a request under subsection (2).

(5) At the time a child or youth with special health care needs is presented at a department-approved entity to have his or her fingerprints and photograph taken, the department-approved entity taking the fingerprints and photograph shall require the parent or guardian presenting the child or youth with special health care needs to execute a signed waiver allowing the child’s fingerprints and digital image to be collected.

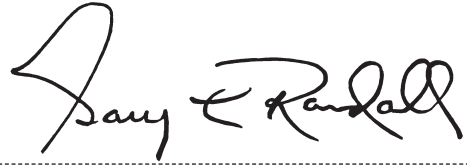

(6) At the time a child or youth with special health care needs is presented at a department-approved entity to have his or her fingerprints and photograph taken, the department-approved entity taking fingerprints and photograph shall require the parent or guardian presenting the child or youth with special health care needs to remit the fee described in subsection (4). The department shall remove the fingerprints and photograph of a child or youth with special health care needs taken under this section from the automated fingerprint identification system (AFIS) database and the statewide network of agency photos upon receipt of a written request made by a parent or guardian under this subsection.
