Overview

The Department of Licensing and Regulatory Affairs (LARA) is the state's primary regulatory agency. The department oversees regulation across a variety of areas, including: commercial and occupational activities, construction and fire safety, health care and human services, energy and public utilities, liquor control, and marihuana. Agencies within LARA are responsible for implementing and enforcing workers' compensation requirements, occupational safety and health standards, and labor and wage laws, in addition to providing vocational rehabilitation services for the blind and coordinating employment services for immigrants. Entities within LARA also conduct and adjudicate administrative hearings, provide support for several commissions, and administer multiple grant programs (including Michigan Indigent Defense Commission Grants).
