SUBSTITUTE FOR SENATE BILL NO. 241

A bill to prescribe the powers and duties of public water suppliers in this state; to prescribe the powers and duties of certain state and local officers and entities; to require certain reporting requirements by public water suppliers; and to repeal acts and parts of acts.

THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

- 1 Sec. 1. This act shall be known and may be cited as the "water shutoff restoration act".
- 3 Sec. 2. As used in this act:
- 4 (a) "Public water supply" means that term as defined in
- 5 section 2 of the safe drinking water act, 1976 PA 399, MCL
- **6** 325.1002.
- 7 (b) "Service area" means the area for which a public water

- 1 supply collects payment for water service.
- 2 Sec. 3. (1) A public water supply shall not shut off water
- 3 service to any occupied residence due to nonpayment. A public water
- 4 supply must restore water service to any occupied residence where
- 5 water service has been shut off due to nonpayment as long as the
- 6 public water service does not have reason to believe that
- 7 reconnection would create a risk to the public health due to an
- 8 improper cross connection. To facilitate the restoration of water
- 9 service, a public water supply must immediately make best efforts
- 10 to determine those occupied residences within their service areas
- 11 that do not have water service.
- 12 (2) If a public water supply determines that any occupied
- 13 residence within its service area has had water shut off for any
- 14 reason other than nonpayment, or that reconnection would create a
- 15 risk to public health due to an improper cross connection, the
- 16 public water supply must make best efforts to remedy these
- 17 conditions and restore water service to those occupied residences
- 18 as soon as possible.
- 19 Sec. 4. Any public water supply that has used water shutoffs
- 20 as a remedy for nonpayment within the year preceding the effective
- 21 date of this act and that has not submitted a report to the State
- 22 of Michigan Emergency Operations Center before the effective date
- 23 of this act that meets all of the following requirements must
- 24 submit a supplemental report to the State of Michigan Emergency
- 25 Operations Center every 30 days until the public water supply
- 26 submits a report that meets all of the following requirements:
- 27 (a) An account of the efforts that have been made to determine
- 28 those occupied residences within the public water supply's service
- 29 area that do not have water service.

- (b) The number of occupied residences within the public water
 supply's service area that do not have water service as a result of
 nonpayment.
- 4 (c) The number of occupied residences within the public water
 5 supply's service area that do not have water service as a result of
 6 any reason other than nonpayment.
 - (d) A certification, if true, of all of the following:
- 8 (i) That best efforts have been exercised to determine those
 9 occupied residences within the service area that do not have water
 10 service.
- 11 (ii) That to the best of the public water supply's knowledge no
 12 occupied residences have their water service shut off due to
 13 nonpayment.
- (iii) That the public water supply has reconnected water service
 for all occupied residences that can be reconnected without
 creating a potential risk to public health.
- 17 (iv) That the public water supply has exercised best efforts to18 remedy the conditions that prevent reconnection due to a risk to19 public health.
- Sec. 5. This act does not abrogate the obligation of a resident to pay for water, prevent a public water supply from charging any customer for water service, or reduce the amount a resident may owe a public water supply.
- 24 Sec. 6. This act is repealed effective March 31, 2021.
