Sec. 203. If the state administrative board, acting under section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount appropriated under this act, the legislature may, by a concurrent resolution adopted by a majority of the members elected to and serving in each house, intertransfer funds within this act for the particular department, board, commission, office, or institution.

Sec. 204. (1) Funds appropriated in part 1 are subject to applicable federal audit and reporting requirements. Prompt action shall be taken if instances of noncompliance are identified, including noncompliance identified in an audit finding. If any instance of noncompliance is identified, including noncompliance identified in an audit finding, the state budget director shall take necessary and immediate action to rectify it. The state budget director shall notify the senate and house appropriations committees and the senate and house fiscal agencies when an instance of noncompliance is identified.

(2) In a form and manner determined by the recipient department, all eligible sub-recipients receiving funds through this act must comply with all requirements corresponding to the receipt of funds required in the coronavirus aid, relief, and economic security act, Public Law 116-136, and Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, 2 CFR part 200, as applicable, including, but not limited to, any certifications, assurances, and accountability and transparency provisions. Sec. 206. The appropriations from coronavirus relief funds in part 1 of this bill reduce to zero the coronavirus relief funds appropriations authorized in the same amounts and for the same purposes under section 302 of 2020 PA 67.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Sec. 401. (1) The department of health and human services shall implement a 2-way risk corridor in the fiscal year ending September 30, 2020 for existing contracts between the state and Medicaid health plans. This 2-way risk corridor shall be designed in a manner consistent with federal guidance issued by the Centers for Medicare and Medicaid Services. The risk corridor shall be made up of 3 tiers allocating risk in the following manner:

(a) The first tier of the risk corridor shall be structured where 100% of the risk is borne by the contracted Medicaid health plan.

(b) The second tier of the risk corridor shall be structured where risk is shared 50% by the contracted Medicaid health plan and 50% by the state.

(c) The third tier of the risk corridor shall be structured where 100% of the risk is borne by the state.

(2) The department shall institute a prospective withhold of capitation payments to contracted Medicaid health plans to capture a portion of estimated risk corridor savings in the fiscal year ending September 30, 2020. The general fund portion of this withhold shall not exceed \$35,000,000.00.

Sec. 402. (1) From the funds appropriated in part 1 for foster care payments, \$10,650,000.00 is allocated for the West Michigan Partnership for Children Consortium to support a performance-based payment pilot program in Kent County. The purpose of this funding is to recognize prior-year cash advances to the West Michigan Partnership for Children Consortium and costs related to a restructured payment model.

(2) As a condition for receiving this funding, the West Michigan Partnership for Children Consortium shall enter into a revised contract agreement with the department of health and human services to support the

transition to a new global capitated payment model. The capitated payment amount would be based on historical averages of the number of children served in Kent County and for the costs per foster care case. Under the new arrangement, the West Michigan Partnership for Children Consortium is required to manage the cost of the child population it serves. The capitated payment amount would on a periodic basis be reviewed and adjusted as needed to account for changes in case volumes and any statewide rate increases that are implemented. The revised contract agreement shall provide that the West Michigan Partnership for Children Consortium shall also agree to the following contract stipulations and other conditions:

(a) That the service component of the capitated payment will be calculated assuming rates paid to providers under the pilot are generally consistent with department of health and human services payment policies for providers throughout the rest of this state.

(b) To maintain a risk reserve of at least \$1,500,000.00 to ensure it can meet unanticipated expenses within a given fiscal year.

(c) That until the risk reserve is established, the West Michigan Partnership for Children Consortium shall submit to the department a plan for how they will manage expenses to fit within their capitated payment revenue. The department of health and human services shall review and approve any new investments in provider payments above statewide rates and norms to ensure they are supported by offsetting savings so that costs remain within available revenue.
