

# HOUSE RESOLUTION NO.136

Reps. Hood, VanSingel, Sabo, Hertel, Hope, Brixie, Warren, Greig, Hoadley, Rabhi, Pagan and Manoogian offered the following resolution:

1       A resolution to declare June 30-July 7, 2019, as Aquatic  
2 Invasive Species Awareness Week in the state of Michigan.

3       Whereas, Michigan and its economy are defined by the Great  
4 Lakes and depend on its great abundance of fresh water for  
5 manufacturing, tourism, fishing, public water supplies,  
6 agriculture, and numerous other uses; and

7       Whereas, Preventing the introduction of aquatic invasive  
8 species ultimately benefits Michigan, and stopping the introduction  
9 of these species would eliminate the need for the state of  
10 Michigan, business, industry, and citizens from employing costly  
11 methods to control and manage them; and

1       Whereas, Michigan is protecting the Great Lakes from aquatic  
2       invasive species from a number of pathways including ballast water,  
3       canals and waterways, organisms in trade, and recreational  
4       activities such as boating and angling; and

5       Whereas, Over 180 nonindigenous aquatic species are  
6       established in the Great Lakes basin, many of which are displacing  
7       native species, disrupting habitats, and degrading natural,  
8       managed, and agricultural landscapes, resulting in millions of  
9       dollars for control efforts each year; and

10       Whereas, Michigan has over 900,000 registered boaters and many  
11       other recreational, commercial, and industrial users of over 11,000  
12       inland lakes and over 36,000 miles of rivers and streams in the  
13       state, many of which are impacted by aquatic invasive species; and

14       Whereas, Aquatic invasive species awareness is an important  
15       first step toward behavior change, which prevents the introduction  
16       and spread of aquatic invasive species; and

17       Whereas, Spring marks the beginning of water-related  
18       recreational activities in Michigan; and

19       Whereas, Aquatic Invasive Species Awareness Week is an  
20       opportunity for Michigan's government to join forces with business,  
21       industry, environmental groups, community organizations, citizens,  
22       and the other Great Lakes states and provinces to take action  
23       against the introduction and spread of aquatic invasive species;  
24       now, therefore, be it

25       Resolved by the House of Representatives, That the members of  
26       this legislative body declare June 30-July 7, 2019, as Aquatic  
27       Invasive Species Awareness Week in the state of Michigan; and be it  
28       further

29       Resolved, That all citizens must increase their understanding

1 and awareness of aquatic invasive species and their environmental  
2 and economic impacts and take preventative measures to stop the  
3 spread and introduction of aquatic invasive species; and be it  
4 further

5       Resolved, That copies of this resolution be transmitted to the  
6 Michigan Department of Environment, Great Lakes, and Energy,  
7 Michigan Department of Agriculture and Rural Development, Michigan  
8 Department of Natural Resources, Michigan Department of  
9 Transportation, Great Lakes Fishery Commission, Council of Great  
10 Lakes Governors, Michigan Congressional Delegation, and Great Lakes  
11 Commission.
