House Bill 6042 as introduced
Sponsor: Rep. Mike Mueller
Committee: Government Operations
Complete to 5-4-22

Analysis available at
<http://www.legislature.mi.gov>

SUMMARY:

House Bill 6042 would amend the Revised School Code to allow a school board to provide *critical incident mapping data* for a school building it operates, instead of or in addition to blueprints, when submitting detailed and accurate building and site plans to the appropriate local law enforcement agency as part of its school safety procedures.

According to online sources (including 2021 Wisconsin legislative testimony on an eventually enacted bill to allow schools to submit critical incident mapping data instead of blueprints to law enforcement agencies), *critical incident maps* use satellite imagery to provide up-to-date, interactive, and shared schematics of a building and to map out responses to a critical incident.

MCL 380.1308

FISCAL IMPACT:

The bill would have no fiscal impact on the state or on school districts, intermediate school districts (ISDs), or public school academies (PSAs).
