The Governor also added school community liaison personnel as an allowable use of up to 20% of at risk funds. Finally, in this section, the Governor also added a new allowable use of up to 10% of at risk funds for districts to provide evidence-based pre-kindergarten instructional and non-instructional services to children who meet at risk criteria. The Senate did not increase the percentage, but did concur in allowing funds to be used for school *parent* liaison personnel, and concurred in allowing funds to be used for pre-K services.
