(ii) The results of the test are admissible in a judicial proceeding as provided under this act and will be considered with other admissible evidence in determining the defendant's innocence or guilt.

(iii) He or she is responsible for obtaining a chemical analysis of a test sample obtained at his or her own request.

(iv) If he or she refuses the request of a peace officer to take a test described in subparagraph (i), a test must not be given without a court order, but the peace officer may seek to obtain a court order.

(v) Refusing a peace officer's request to take a test described in subparagraph (i) will result in the suspension of his or her operator's or chauffeur's license and vehicle group designation or operating privilege and in the addition of 6 points to his or her driver record.

(c) A sample or specimen of urine or breath must be taken and collected in a reasonable manner. Only a licensed physician, or an individual operating under the delegation of a licensed physician under section 16215 of the public health code, 1978 PA 368, MCL 333.16215, qualified to withdraw blood and acting in a medical environment, may withdraw blood at a peace officer's request to determine the amount of alcohol or presence of a controlled substance or other intoxicating substance in the person's blood, as provided in this subsection. Liability for a crime or civil damages predicated on the act of withdrawing or analyzing blood and related procedures does not attach to a licensed physician or individual operating under the delegation of a licensed physician who withdraws or analyzes blood or assists in the withdrawal or analysis in accordance with this act unless the withdrawal or analysis is performed in a negligent manner.

(d) A chemical test described in this subsection must be administered at the request of a peace officer having reasonable grounds to believe the person has committed a crime described in section 625c(1). A person who takes a chemical test administered at a peace officer's request as provided in this section must be given a reasonable opportunity to have a person of his or her own choosing administer 1 of the chemical tests described in this subsection within a reasonable time after his or her detention. The test results are admissible and must be considered with other admissible evidence in determining the defendant's innocence or guilt. If the person charged is administered a chemical test by a person of his or her own choosing, the person charged is responsible for obtaining a chemical analysis of the test sample.

(e) If, after an accident, the driver of a vehicle involved in the accident is transported to a medical facility and a sample of the driver's blood is withdrawn at that time for medical treatment, the results of a chemical analysis of that sample are admissible in any civil or criminal proceeding to show the amount of alcohol or presence of a controlled substance or other intoxicating substance in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecuting attorney who requests the results for use in a criminal prosecution as provided in this subdivision. A medical facility or person disclosing information in compliance with this subsection is not civilly or criminally liable for making the disclosure.

(f) If, after an accident, the driver of a vehicle involved in the accident is deceased, a sample of the decedent's blood must be withdrawn in a manner directed by the medical examiner to determine the amount of alcohol or the presence of a controlled substance or other intoxicating substance, or any combination of them, in the decedent's blood. The medical examiner shall give the results of the chemical analysis of the sample to the law enforcement agency investigating the accident and that agency shall forward the results to the department of state police.

(g) The department of state police shall promulgate uniform rules in compliance with the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, for the administration of chemical tests for the purposes of this section. An instrument used for a preliminary chemical breath analysis may be used for a chemical test described in this subsection if approved under rules promulgated by the department of state police.

(7) The provisions of subsection (6) relating to chemical testing do not limit the introduction of any other admissible evidence bearing on any of the following questions:

(a) Whether the person was impaired by, or under the influence of, alcoholic liquor, a controlled substance or other intoxicating substance, or a combination of alcoholic liquor, a controlled substance, or other intoxicating substance.

(b) Whether the person had an alcohol content of 0.08 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine or, beginning 5 years after the state treasurer publishes a certification under section 625(28), the person had an alcohol content of 0.10 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine.

(c) If the person is less than 21 years of age, whether the person had any bodily alcohol content within his or her body. As used in this subdivision, "any bodily alcohol content" means either of the following:

(i) An alcohol content of 0.02 grams or more but less than 0.08 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine or, beginning 5 years after the state treasurer publishes a certification under section 625(28), the person had an alcohol content of 0.02 grams or more but less than 0.10 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine.

(ii) Any presence of alcohol within a person's body resulting from the consumption of alcoholic liquor, other than the consumption of alcoholic liquor as a part of a generally recognized religious service or ceremony.

(8) If a chemical test described in subsection (6) is administered, the test results must be made available to the person charged or the person's attorney on the written request to the prosecution, with a copy of the request filed with the court. The prosecution shall furnish the results at least 2 days before the day of the trial. The prosecution shall offer the test results as evidence in that trial. Failure to fully comply with the request bars the admission of the results into evidence by the prosecution.

(9) A person's refusal to submit to a chemical test as provided in subsection (6) is admissible in a criminal prosecution for a crime described in section 625c(1) only to show that a test was offered to the defendant, but not as evidence in determining the defendant's innocence or guilt. The jury must be instructed accordingly.

Sec. 625g. (1) If a person refuses a chemical test offered under section 625a(6), the peace officer who requested the person to submit to the chemical test shall comply with subdivisions (a) and (b). If a person submits to the chemical test or a chemical test is performed under a court order and the test reveals an unlawful alcohol content, or the presence of a controlled substance or other intoxicating substance, or any combination of them, the peace officer who requested the person to submit to the test shall do all of the following, other than subdivision (b)(i):

(a) On behalf of the secretary of state, immediately confiscate the person's license or permit to operate a motor vehicle and, if the person is otherwise eligible for a license or permit, issue a temporary license or permit to the person. The temporary license or permit must be on a form provided by the secretary of state.

(iii) Destroy the person's driver license or permit.

(2) If a person submits to a chemical test offered under section 625a(6) that requires an analysis of blood or urine and a report of the results of that chemical test is not immediately available, the peace officer who requested the person to submit to the test shall comply with subsection (1)(a) and (b)(ii) and indicate in the notice under subsection (1)(b)(ii) that a subsequent chemical test is pending. If the report reveals an unlawful alcohol content, or the presence of a controlled substance or other intoxicating substance, or any combination of them, the peace officer who requested the person to submit to the test shall immediately comply with subsection (1)(b)(iii). If the report does not reveal an unlawful alcohol content, or the presence of a controlled substance or other intoxicating substance, or any combination of them, the peace officer who requested the person to submit to the test shall immediately notify the person of the test results and immediately return the person's license or permit by first-class mail to the address provided at the time of arrest.

(3) A temporary license or permit issued under this section is valid for 1 of the following time periods:

(a) If the case is not prosecuted, for the earlier of 90 days after issuance or until the person's license or permit is suspended under section 625f. The prosecuting attorney shall notify the secretary of state if a case referred to the prosecuting attorney is not prosecuted. The arresting law enforcement agency shall notify the secretary of state if a case is not referred to the prosecuting attorney for prosecution.

(b) If the case is prosecuted, until the criminal charges against the person are dismissed, the person is acquitted of those charges, or the person's license or permit is suspended, restricted, or revoked.

(4) As used in this section:

(a) "Controlled substance" means that term as defined in section 7104 of the public health code, 1978 PA 368, MCL 333.7104.

(2) A peace officer may arrest a person without a warrant under either of the 2 following circumstances:

(a) The peace officer has reasonable cause to believe that the person was, at the time of an accident, the driver of a commercial motor vehicle involved in the accident and was operating the vehicle in violation of this section or a local ordinance substantially corresponding to this section.

(b) The person is found in the driver's seat of a commercial motor vehicle parked or stopped on a highway or street within this state if any part of the vehicle intrudes into the roadway and the peace officer has reasonable cause to believe the person was operating the vehicle in violation of this section or a local ordinance substantially corresponding to this section.
