The department shall include on the nonopioid directive form instructions on how the form may be revoked and any other information that the department considers relevant. The department shall make the form available to the public on the department's internet website.

(2) An individual may execute a nonopioid directive form on his or her own behalf. A guardian or patient advocate of an individual may execute a nonopioid directive form on behalf of the individual. An individual may revoke a nonopioid directive form executed by himself or herself at any time and in any manner by which he or she is able to communicate his or her intent to revoke the form. A patient advocate or guardian may revoke a nonopioid directive form on behalf of an individual at any time by issuing the revocation in writing and providing notice of the revocation to the individual's health professional or his or her delegatee.

(3) A prescriber who holds a controlled substances license under article 7 or a health professional who is a practical nurse or registered professional nurse and is acting on the order of the prescriber may administer an opioid to an individual who has executed a nonopioid directive form or who has had a nonopioid directive form executed on his or her behalf if any of the following apply:

(d) Exemptions for administering or prescribing an opioid to an individual who has executed a nonopioid directive form or who has had a nonopioid directive form executed on his or her behalf if the opioid is administered or prescribed to treat the individual for a substance use disorder.

(e) Exemptions for administering or prescribing an opioid to an individual who has executed a nonopioid directive form or who has had a nonopioid directive form executed on his or her behalf if the individual is a hospice patient.
