# ENROLLED SENATE BILL No. 618

AN ACT to amend 2005 PA 92, entitled "An act to prescribe the procedures, terms, and conditions for the qualification or approval of school bonds and other bonds; to authorize this state to make loans to certain school districts for the payment of certain bonds and to authorize schools to borrow from this state for that purpose; to prescribe the terms and conditions of certain loans to school districts; to prescribe the powers and duties of certain state agencies and certain state and local officials; to provide for certain fees; to prescribe certain penalties; and to repeal acts and parts of acts," by amending section 9 (MCL 388.1929), as amended by 2012 PA 437.

*The People of the State of Michigan enact:*

Sec. 9. (1) Except as otherwise provided in this act, a school district may borrow from the state an amount not greater than the difference between the proceeds of the school district's computed millage and the amount necessary to pay principal and interest on its qualified bonds, including any necessary allowances for estimated tax delinquencies.

(2) For school districts having qualified loans outstanding as of July 20, 2005, the state treasurer shall review information relating to each school district regarding the taxable value of the school district and the actual debt service of outstanding qualified bonds as of July 20, 2005 and shall issue an order establishing the payment date for all those outstanding qualified loans and any additional qualified loans expected to be incurred by those school districts related to qualified bonds issued before July 20, 2005. The payment date shall be not later than 72 months after the date on which the qualified bonds most recently issued by the school district are due and payable. The payment date established pursuant to this subsection for a school district is a final mandatory repayment date.

(3) For qualified loans related to qualified bonds issued after July 20, 2005, the qualified loans shall be due 72 months after the date on which the qualified bonds for which the school borrowed from this state are due and payable. The due date determined pursuant to this subsection for a school district is a final mandatory repayment date. This section does not preclude early repayment of qualified bonds or qualified loans.

(4) The state treasurer shall maintain separate accounts for each school district on the books and accounts of this state noting the qualified bond, the related qualified loans, the final payment date of the bonds, the final mandatory repayment date of the qualified loans, and the interest rate accrued on the loans.

(5) For qualified loans relating to qualified bonds issued after July 20, 2005, a school district shall continue to levy the computed millage until it has completely repaid all principal and interest on its qualified loans.

(6) For qualified loans relating to qualified bonds issued before July 20, 2005, a school district shall continue to comply with the levy and repayment requirements imposed before July 20, 2005. Not less than 90 days after July 20, 2005, the state treasurer and the school district shall enter into amended and restated repayment agreements to incorporate the levy and repayment requirements applicable to qualified loans issued before July 20, 2005.

(7) Upon the request of a school district made before June 1 of any year, the state treasurer annually may waive all or a portion of the millage required to be levied by a school district to pay principal and interest on its qualified bonds or qualified loans under this section if the state treasurer finds all of the following:

(a) The school board of the school district has applied to the state treasurer for permission to levy less than the millage required to be levied to pay the principal and interest on its qualified bonds or qualified loans under subsection (1).

(b) The application specifies the number of mills the school district requests permission to levy.

(c) The waiver will be financially beneficial to this state, the school district, or both.

(d) The waiver will not reduce the millage levied by the school district to pay principal and interest on qualified bonds or qualified loans under this act to less than 7 mills.

(e) The board of the school district, by resolution, has agreed to comply with all conditions that the state treasurer considers necessary.

(8) All qualified loans shall bear interest at 1 of the following rates:
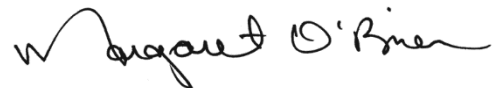

(a) The average annual cost of funds used to make qualified loans plus 0.125%, computed by the state treasurer not less often than annually.

(b) A lesser rate determined by the state treasurer to be necessary to maintain the exemption from federal income tax of interest on any bonds or notes issued to fund qualified loans.

(c) A higher rate determined by the state treasurer to be necessary to prevent the impairment of any contract of this state or the Michigan finance authority in existence on March 28, 2013.

(9) A payment date determined under subsection (2) or a due date determined under subsection (3) is a final mandatory repayment date. Once established for a school district as provided in this section, a final mandatory repayment date shall apply to all qualified loans of the school district, whenever made, until 30 days after the date the school district has no outstanding qualified loans and no outstanding debt incurred to refund qualified loans. Notwithstanding this subsection, the state treasurer may determine a later mandatory repayment date for a school district that agrees to levy a higher millage, acceptable to the state treasurer, not to exceed 13 mills, than its existing computed millage.

This act is ordered to take immediate effect.
