House Bill 4426 as introduced
Sponsor: Rep. Ken Borton
Committee: Transportation and Infrastructure
Complete to 5-19-25

Analysis available at
<http://www.legislature.mi.gov>

SUMMARY:

House Bill 4426 would eliminate the current requirement that an individual be at least 21 years old to transport hazardous materials, in an amount that requires the vehicle to be marked or placarded under federal regulations, in a commercial motor vehicle in Michigan.¹

Under the bill, an individual would have to be 18 to operate a commercial vehicle in these circumstances.

An individual would still have to be at least 21 years old to operate a commercial motor vehicle across state lines, regardless of what is being transported.²

MCL 480.12d

FISCAL IMPACT:

The bill would have no fiscal impact on the state or local units of government.
