Senate Bill 573 (as discharged)
Sponsor: Senator Sam Singh
Committee: Appropriations (discharged)

CONTENT

The bill would amend the Income Tax Act to consolidate sections that distribute revenue collected under the Act to various funds. The bill also would repeal certain sections that are no longer effective.

Currently, the Act contains a number of sections that govern the distribution of revenue collected under the Act in fiscal years that have already ended. Two sections, 206.51h and 206.476 never had an impact because the provisions only became effective if the bill took effect before April 18, 2023, and the bill did not take effect until February 13, 2024.

MCL 206.51, et al.

FISCAL IMPACT

The bill would have no impact on State or local revenue or expenditure.

Date Completed: 9-25-25
